THE JOURNAL.

CLEARFIELD, PA., OCTOBER 24, 1860.

SWAN AND HARTSHORN, of Ansonville, advertise a new stock of Fall and Winter Goods at reduced prices.

H. L. HENDERSON & Co., have received stock of seasonable Goods at their store in Bethlehem. See advertisement.

BURNED .- Owens' School house in Law rence township, about 2 miles east of this place, was destroyed by fire last night. We have not learned how the fire originated.

IMPROVED HARROW .- We call attention to the advertisement of Merrell & Bigler in another column, offering to sell the right to make and use Russell's Improved Harrow, in this county. This Harrow has already the reputation of being the best agricultural implement of the kind now in use, and is exactly adapted to the rough and hilly surface of Clearfield county. No farmer should be without it. It has taken the Premium at the Pennsylvania and Ohio State Fairs, and also at the recent Fair in this County. It will be observed that they manufacture them for sale.

JELLY !- good jelly, we mean, as a matter of course-is a nice thing, and we confess to a weakness in that direction-that is to say, we like it. And what does any one suppose made us think of jelly ? We can't say that it particularly concerns anybody, or that the world cares a fig about knowing ; but we care, and-well-we may as well say it at once that Miss Maggie Irvin, of Curwensville, presented us, the day after the Fair, with a dozen tumblers of jelly, of a like number of varieties, and to the excellent quality of which, after divers experiments and trials, we can bear Irvin will please accept our thanks.

A GOOD PAPER FOR EVERY FAMILY .- All our readers may not be acquainted with one death. He says :- "A young man from Illin of the most valuable agricultural and family ois, by the name of Evans, came to Hender journals in the country, now in its nineteenth volume. We refer to the American Agriculturist, which is a large and beautiful journal, devoted to the practical labors of the Field, Garden, and the Household. It is prepared by practical men (and women) who know what they write about, and it gives a great amount thing, except when conversation on the sub of valuable information, useful not only to ject was forced upon him. I had but a slight farmers, gardeners, stock-raisers, fruit growers, and those who have little village plots, but also to every family. We advise our readers to send \$1 to the publisher, ORASGE JUDD, 41 Park-Row, New-York, and try the Agricul-derson New Era, a paper published in Hen-his specches makes use of this language on Aug. 15, 1860-3m. turist a year. A specimen copy can doubtless subscribing now for the twentieth volume. [1861,] will get the remaining numbers of this year without charge.

REPUBLICAN MEETING. Yesterday an enthusiastic meeting of the

friends of Lincoln and Hamlin was held i Clearfield Borough. Notwithstanding th weather was rainy and the roads very muddy the attendance was large and respectable. A platform having been crected in front of Wm F. Irwin's Store, the meeting was called to order about 4 o'clock, and the following offi cers selected :

President-ELLIS IRWIN, of Goshen. Vice Presidents-Andrew Pence, John S

Williams, Arthur Bell, Jon'a Hartshoun, Sam uel Kirk, John Hancock, John M'Quilken, W Albert, James Fulton, Frank Colgrove, Asap Kirk, James Forrest, David Adams, Sr.; J. B Graham, David Wall, James Irwin, Sr., A. T Schryver.

Secretaries-Ed. A. Irvin, Wm. R. Brown Joseph Miller, W. L. Antes.

The President, upon taking the chair, mad a few neat and appropriate remarks. Hon John Patton was then called out, and made short speech, thanking his fellow citizens to the position to which they had elevated him called their attention to the manner in which the canvass was being conducted by the Dem ocrats, and urged the people to turn out in November and elect "honest old Abe." H then introduced John Goforth, Eso, of Phila delphia, who discussed, in an able and enter taining manner, the position of the Breckin ridge, Douglas and Bell parties. A rain com ing on, the meeting adjourned till evening when John M. Chase was called to the stand and addressed the people for about an hour after which Mr. Goforth was again called out and, in a telling manner, defined the position of Mr. Lincoln and his party. At about 9 o' clock the meeting adjourned, all feeling con vinced that it was good to have been hefe.

CITIZEN OF ILLINOIS WHIPPED TO DEATH I TEXAS .- The Chicago Press and Tribune ha positive testimony. For her present, Miss a letter from Mr. Frederick Anithar, who wa recently driven out of Texas on some frivolou pretences. He gives the following account of the horrible whipping of a young man a Henderson, in that State, which resulted i son, and while there was incautious enough to say that he thought free Sstates, were prefera ble to slave States, and that he thought slavery was wrong. These statements, as far as heard them, he made in the mildest manner and that only when pressed into the subject by the young men about town. I am satisfied that he never said or thought of saying any acquaintance with the young man, but I told him that he ought not to allow himself to be dragged into talking on the topic. But he was not careful. In December last, this young ers to send \$1 to the publisher, ORANGE JUDD, man was taken out by a mob, without a trial

THE FAIR .- The first exhibition of the Clearlast week on their grounds at this place. The exhibition as a whole was highly creditable. The Ladies department was perhaps the best quality of apples at any Fair we have ever visited. The mechanic arts, field crops, vegetables, &c., fell a little short, nor was there as draw premiums. In this they made a mistake, Fair was the Zouaves, a fantastic company that to vote. performed some very grotesque and amusing manoeuvres on foot and on horseback. The performances were also much enlivened by the evolutions of Capt. Campbell's Mountain Cavalry, and Capt. Ogden's Riflemen. Notwithstanding the unfavorable state of the weather, the attendance was large, the number of persons who were present on Wednesday being estimated at from 4,000 to 5,000. Take it all in all, the Fair was a decided success, and surpassed the expectations of the most sanguine. The President, Executive Committee, Marshalls, and others who took an active part in conducting the Fair, are deserving of much praise for the manner in which it will be next to nothing-hardly a respect they performed their several parts, and the diligence with which they labored to render general satisfaction. The expenses of the Society were necessarily very heavy, amounting in the aggregate to \$1800, and yet enough money was realized by voluntary subscriptions, life memberships and receipts at the gates, to square the books and clear the Society of all indebtedness. We hope the citizens of our county will continue to encourage the enterprize in every way they can, as its tendency

is to advance an interest that has heretofore been too much neglected in this region. In grant much larger premiums and make the Fair more attractive generally.

"WHAT'S UP" in Baltimore, the commercial emporium of the slave State of Maryland ? The New York Tribune of Friday, says ;

As we write, we are gratified by the receipt of the following telegraghic despatch from a reliable source in Baltimore :

I also saw what I was informed was the dead I am not, nor never have been, in favor of body of Evans, about three-quarters of a mile making voters or jurors of negroes, nor of from town. It was so decayed and swollen field County Agricultural Society was held that I did not recognize it. The hogs and buzzards were eating it. It had never been buried !"

ASSESSMENT FOR THE PRESIDENTIAL ELECTION. supplied with articles of various descriptions. By an act of Assembly, passed April 11, 1848, Of needle work, crochet and embroidery there [Purdon 293,] assessors are required to open was plenty; of jams, jellies and preserves their books immediately after the second there was a profusion ; and of butter a very | Tuesday of October, and are required to assess respectable quantity was on hand. The fruit any white freeman making application to them department was well filled up, and we have no at any time within ten days of the period fixhesitation in saying that we never saw a better | ed by law for the President and Vice President, and to make out lists for the officers of said election, and deliver the same to them on or before 8 o'clock on the morning of the good a display of live stock as there should election. This is an important matter to have been, though there were several good bear in mind, and all our friends should see horses, cattle and hogs on the ground. Many to it that every Republican who was not aspersons who had good stock did not bring it sesed in time to vote at the last election, is because they were fearful that they would not now placed on the Assesssr's list. Young men who voted on age at the October election, that is not likely to be repeated at any future but who become 22 before the 6th of Novemexhibition. An interesting feature in the ber, will have to pe assessed to entitle them

BELL-EVERETT FIZZLE .- The Bell-Everetters claimed from 10,000 to 20,000 votes in Philadetphia, and some 40,000 throughout the State. The result, last Tuesday, knocks this boast into the worst sort of a cocked hat. The Bell-Everett candidates on the City Ticket received, respectively, as follows : Swearingen, for Clerk of Sessions. 4,544 5.055 Sharpteigh, " Coroner, " Prothonotary Sloan, 4.629" Recorder of Deeds Freeman. 4,634

This, in a poll of 81,000 votes, is what we call rather slim. As there are not probably as many more in all other parts of the State the whole Bell-Everett force in the Commonwealth, before the October election, was not ten thousand. At the November election able "scattering" vote.

THE REV. MR. BEWLEY HUNG .- We published a paragraph some days ago from the St. Louis Christian Advocate, stating that the report that the Rev. Mr. Bewley had been hung in Texas for abolitionism, was incorrect. He was under arrest, but still living. The St. Lonis News, of the 12th, learns that Mr. B. was taken to Fort Worth, tried by a mob and hung ! It will be recollected that Mr. Bewley was a devoted Methodist Minister who was put under the ban by the pro-slavery ruffians souri, but was subsequently captured in the lower part of the State and taken back. A correspondent of the Newsin Crawford county. another year the Society will be enabled to Mo., who knew Mr. Bewley well, states that he was anti-slavery in his views, but an honest, sincere, humble and devoted Christian. Such is the "Barbarism" of American Slavery.

> It is a common observation that there are more sufferers from debility, among Americans, than can be found among any other civilized nation. The reason is obvious. We take too little exercise, and forget the wants of the body in the absorbing pursuits of business. In all such cases, ordinary medicines can do but little good. What is required is just such a tonic and invigorator as Dr. J. Hestetter has given to the world, in his Celebra-ted 'Bitters.' The weak and nervous denizen of the counting house, the exhausted toiler upon the

the subject :-

"I am not, nor never have been, in favor of bringing about, in any way, the social and political equality of the white and black races. qualifying them to hold office, nor to intermarry with white people; and I will say, in and testaments as low as 61 cents apiece. addition to this, that there is a physical difference between the black and white races which I believe will forever forbid the two races liv-

ing together on terms of social and political equality. And inasmuch as they cannot so live, while they do remain together there must be the position of superior and inferior; and I, as much as any other man, am in favor of having the superior position assigned to the white race."

How dare any lying locofoco print charge Mr. L. with being in favor of negro equality, in the face of the above extract from one of after the latest and most approved styles, or after his published speeches.
