KEEP UP THE EXCITEMENT.—Re movals always cause excitement, and since the great excitement about the removal of the Court House has subsided, the community generally have become somewhat excited upon hearing that Charly Watson has determined to pull up cause of excitement is the fact that I have remov ed my Saddler Shop from my old stand opposite the Court House to my new shop on Market street nearly opposite the jail, where all who may favor me with a call can be supplied with Saddles, Sin-gle Harness, Double Harness, Tag Harness, Bri-dles, Collars, Whips, Halters. GEORGE W. RHEEM.

HOSTETTER'S STOM-ACH BITTERS.—The proprietors and Manufacturers of Hostetter's Celebrated Stomach Bitters can appeal with perfect confidence to physicians and citizens generally of the United States. because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increases in times. its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachie derangements and the diseases resulting therefrom. This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which

is destined to be as enduring as time itself Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their vic-tims by hundreds. To be able to state confident-ly that the Bitters' are a certain cure for the Dys pepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all mor-bid matter from the stomach, purifies the blood. and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffer-ing from stomach derangements and general debility; acting under the advice of physicians they have abandoned all deleterious drugs and MANILLA ROPES, of all sizes, Single and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harrassing that many of them sink under the trial. The relation of mo ther and child is so absorbingly tender, that the mother, especially if she be young, is apt to forget her own health in the extreme anxiety for her infant. Should the period for maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bit-ters to all other invigorators that receive the en-dorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particular-

ly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or de-rangements of the stomach, superanuated inval-ids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bit-ters a trial

Cantion.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label. Prepared and sold by Hostetter & Smith. Pittsburg, Pa., and sold by Hostetter & Smith.
Pittsburg, Pa., and sold by all druggists, grocers.
and dealers generally throughout the United
States, Canada, South America, and Germany.

RUSSELL'S IMPROVED FLEXIBLE HARROW, Patented, January 17th, 1850

"We need an improvement in Harrows," is a remark not unfrequently heard among farmers. A-mong the few improvements which have hereto. fore been made in this important and useful we might say indispensable implement of husbandry, it would seem that none of them has fully met the wants of the Agriculturist. Some are too heavy some too complicated and costly, and all are liable to the objection that they are only adapted to certain kinds of ground, for while it is easy to get up a harrow that will work well on smooth, clear and level ground, it is not so easy to find one that will answer a good purpose in new ground, among stumps or on a hilly and undulating surface, but when you get one of the latter class, you may rest assured that it will also give satisfaction on

a smooth surface. The undersigned confidently believe that this object is fully attained in this improvement and would call the attention of Practical and Scientifie agriculturists to the following important features which characterize it. First, its simplicity secondly, its strength and durability, and lastly its adaptedness to any and all kinds of surface. The following named practical Farmers, of Clear-

field county, who have used it this season thus testify to it.

We the undersigned farmers of Penn township.
Clearfield onty, and State of Pennsylvania, having used ussell's Improved Flexible Harrow, have not station in saying that it has given enhanced. tire satisfaction and that from its simplicity and cheapness it should speedly come into general use

George Fullerton, John A. Murphy, Benj. Wrigglesworth, E. W. Brooks, John W. Derrick, Thos. Dougherty, Wm. A. Moore, Joseph G. Russell. Samuel Derrick, The "Scientific American," a paper with which the scientific world is well acquainted speaks thes in reference to it. "The harrow is one of the most important agricultural implements, as much depends upon the top pulverizing or dressing of the soil, both before and after the seed is sown, for the success of the future crop." After describing it, it continues: "This combination harrow is so sim-

It can be made cheap, strong and durable, and it is well adapted for Harrowing either well cleared or rough ground. The undersigned have purchased the right to make, sell, use, and transfer their right to do the same, within the county of Clearfield, and are now prepared to furnish the article to all who wish to purchase, on reasonable terms. They will also sell individual rights to make and use the same.
