

THE JOURNAL.

CLEARFIELD, PA., NOV. 28, 1860.

NOTICE.—The person who borrowed at this office a book entitled "Proverbs of all Nations," is requested to return it soon.

PARDONED.—We learn that Gov. Packer has pardoned John Leonard, who was convicted in the Court of Centre county, at February term, 1858, for passing counterfeit money. He had been sentenced to seven and a half years imprisonment in the Eastern Penitentiary, on three indictments, and has served out nearly three years of his time.

A MISTAKE.—A few weeks since we received a notice of the marriage of Mr. Wm. Stevens of Karthans to Miss Wilhelmina Stewart of Snow Shoe. We are now informed that Mr. Stevens is not married, and that there is no lady of the name given. If we can ascertain who sent us the notice we will give him the benefit of a paragraph that others may possibly think equally as good a joke as his.

THE SCALPEL.—This "cutting" quarterly publication is again on our table, and contains the usual variety of interesting and instructive articles; several of which relate to some of the deteriorating practices and habits of the human family. The "Scalpel" is not a medical work, but is designed for the general reader; to instruct those who peruse its pages in all things that relate to health, comfort, happiness, and the elevation of society. Terms, \$1 a year in advance. Address, "Scalpel" No. 1 Vesey Street, Astor House, New York.

THE WEATHER.—"I never, in all my life, experienced such weather," was the remark that everybody made during the past half dozen days. On last Thursday a little snow fell; on Friday we had rain, which continued falling until about midnight; then it "blew, snow and friz," on Saturday had freezing set in and continued over Sunday, the Susquehanna being "tied up" by the intense cold; on Monday it moderated; in the evening snow began to fall, but soon turned into sleet, and on yesterday there were several inches of slush on the pavements and streets—and "such a time" as the females, and everybody else had, in getting along, "nobody ever did see."

CLEARFIELD COUNTY BANK.—This institution is to go into operation this week, the notes having been procured from the Auditor General, by whom they are countersigned. The notes, in our opinion, are really beautiful. The vignette of the V's represent a raft, with the hands "poling it off" the bank of the stream. A woman and child are also seated on the raft, alongside of the shanty. The vignette on the X's is a forest scene—men cutting down trees, and a saw-mill in the distance. This bank is one of the soundest in the State, as State stock has been deposited with the Auditor General for the whole amount of notes that will be issued, less 5 per cent, as provided by law.

MR. EDITOR.—The other evening I overheard, unintentionally as a matter of course, a "large and respectable meeting" taking action in regard to the building of a new school house in Lawrence district, when it was unanimously—"Resolved, That all school houses should in future be built of cast iron entirely—the walls, the roof, the floor, &c., with metal lightning rods and cast-iron cat holes—so as to be free from all danger of conflagrations or the depredations of incendiaries." A motion was also carried to have the resolution published, and as it is a good thing, worthy the consideration of all law-abiding citizens, and the Secretary may neglect to send it in time, I have taken it upon myself to do so.

RESPECTFULLY YOURS, GODEYS.

GODEY'S LADY'S BOOK.—The January number for 1861, of this great favorite with the ladies, is already on our table. The number before us is a splendid one. It contains three Steel engravings—a "Title plate," "Just like Mamma," and a magnificent double-sized colored Fashion plate—and a large number of fine wood engravings. Every lady should subscribe for Godey, as its pages are especially devoted to her improvement in that which is useful and instructive. Terms, One copy one year, \$3; Two copies, \$5; Three copies, \$6; Five copies one year, and one to the getter up of the club, \$10. Address, L. A. Godey, 323 Chestnut Street, Philadelphia, Pa.

N. B. The December number has not reached us; will Mr. Godey please forward it?

PENNSYLVANIA ITEMS.

CENTRE COUNTY.—A man named Lewis Sherman, who had been an object of terror and alarm to the citizens of Stone Valley, was arrested on the 17th on a charge of perpetrating some depredations on the beegarden of a resident of Pine Grove. When the party who arrested him forced an entrance into the house, he could not be discovered, until his wife was requested to remove her chair from before the fire, when a piece of carpet was lifted, a trap-door discovered, and on lifting it, Sherman was found snugly ensconced for "safe keeping." He is now in the Bellefonte jail.

INDIANA COUNTY.—Two horses were stolen from Mr. Robert Phillips of Centre township, on the night of the 15th Nov. . . . Samuel Shaffer, son of James Shaffer, of Rayne township, aged about 13 years, fell from a foot-log into the Big Mahoning creek on the 3d Nov., and was drowned. . . . A little daughter of Samuel H. Thompson of East Mahoning was recently relieved of a cherry seed which she got in her ear about 3 years ago. In blowing a horn, the seed was forced partly out; a beating ensued, by which the seed was discharged.

LANCASTER COUNTY.—The trial of Francis Wilson and Gilmore Hull, for kidnaping a colored man named John Brown, some months ago, took place at Lancaster last week. They were convicted, and sentenced to five years each in the prison of the county.

MYRTLE COUNTY.—Jesse Rice, a citizen of Newton, Hamilton, and captain of a canal boat, was drowned on the 16th whilst having his boat towed through the bay from Baltimore to Havre de Grace.

CLIPPINGS AND SCRIBBLINGS.

Meets—Congress, on next Monday.  
Froze over—the river, on Sunday last.  
Didn't amount to much—the bank scare.  
Subsiding—the secession howl, in this place.  
Treachorous—the pavements. Shouldn't trip up ladies' heels.  
Printed to order—business cards, at the "Raftman's Journal" office.

On a "bust"—the Bank of Commerce at Erie. There is little hope of it reviving.  
Arrested—a man named Birch, in Philadelphia, charged with having three wives. "In-latitude archer, would not one suffice?"  
In a bad fix—a Michigan editor. He denounced a subscriber for his subscription; he refused to pay and threatened to flog the editor if he stopped the paper.

Louisiana refuses to join the conspiracy against the Union, and checks the scheme materially from the influence of her geographical position and of her being a Cotton State.  
Amusing—to see the "tug" argument between a "squatter" sovereign and the "Proviso" man. Their heels wouldn't stick to the ground, so they tried navigation lengthwise.  
Noticed—by the Philadelphia papers, the death of Henry K. Strong, a prominent politician of this State. He died suddenly on Wednesday last, at the age of sixty-three years.

Issued an address—Bishop Odenheimer of New Jersey, calling upon the churches in his diocese, to take up collections on Thanksgiving Day for the benefit of the sufferers in Kansas.

The American and United States Express Companies in New York have kindly offered to forward, free of charge, to the Kansas sufferers, all contributions in money or clothing intended for their use.

The Worcester (Mass.) Spy says: "The infant found on Cushman's door-step in Ellington, a few days since, is to be named Stephen A. Douglas, for the reason that the little sucker was in search of his mother."

A dwarf pear tree in the garden of Emor Elton, of West Chester, has borne three crops of fruit the present season. The first crop were of full size, the second crop about half size, and the third crop the size of the hedge pear.

The Delaware Gazette having said that the Democratic party had made this government what it is, Prentice replies, acknowledging it, and says: "If you want to know just what it is, read the expositions of the Covode Committee."

Asserted—that Indian corn produces a clear fluid, which burns without odor, without smoke, and is inexpensive, affording a good light, in an ordinary kerosene lamp, for half a cent per hour. The corn oil is clear and colorless as water.

The majority acting allowing the colored people the right of suffrage in New York, is over one hundred and twelve thousand votes. New York is a Republican State, and this vote should forever stop the lying accusation that the Republicans are in favor of "negro equality."

Says Prentice, "if the people of South Carolina want to secede, let them by all means. Let them go to England, or Russia, or Spain, or Cuba, or Mexico, or wherever they please. But they can't be allowed to take their territory with them; we shall want for a better and more loyal population."

In a most singular attitude—the Government of Georgia. He closes his disunion message by saying: "The argument is exhausted, and we now stand on our arms." We have heard of men standing on their heads, or on one leg, but never on their arms. The Governor of Georgia has our sympathy.

All parties had a merry time of it in Batavia, New York, a few evenings since. The Democracy had provided themselves with an abundant outfit for "Salt River," and, under the general direction of the hard workers of the party, formed in line, and were escorted by the Wide Awakes towards that famous bonfire. It was a very funny affair; and all parties were exceedingly jolly.

EUROPE.—The steamer Palestine, with one day later European intelligence, arrived at Portland, Nov. 21. Her latest dates are of the 9th inst. The King of Sardinia had entered Naples on the 7th inst., in company with Garibaldi. Great festivities took place on the occasion. It is said that the dissolution of the Pope's army is positive, and that he will have only a guard of 200 men left to him. The British Legion at Naples were dwindling away on account of the disgraceful conduct of its members. There was a rumor that a treaty of peace with China had been signed at Tientsin, but it was doubted. The Prince of Wales had not arrived, but two vessels, supposed to be the Hero and Ariadne, were seen off Portland on the 8th inst. There was but little inquiry for breadstuffs at weak prices.

The steamer Africa, with dates via Queenstown Nov. 11, arrived at N. Y. port on the 23d. The Prince of Wales squadron had not yet arrived. Victor Emmanuel had issued a proclamation accepting the sovereign authority of the Two Sicilies. The investiture of Gaeta on the land side continued, and it is said that the departure of Francis II. was imminent. The Neapolitan army is reported to be reduced to 20,000 men, with few officers to command them, and negotiations have been commenced for the evacuation of the fortress of Gaeta. Garibaldi left Naples on the 9th inst. for his home at the Island of Caprea. Breadstuffs steady, but quiet.

A curious fugitive slave case has just come to light in New York city. John Thomas, a colored man, recently owned by a Mr. Winter of Louisville, Ky., was sent by his master to an agent in Evansville, Ind., by whom he was shipped as a steward on a boat plying up and down the Ohio, his wages inuring to the benefit of Winter. John Thomas, tiring of his task, betook himself to Canada, and thence came to New York, where he engaged with Mr. Yail, in Broadway, as porter, serving him for some months. On Monday night, by some unexplained means, John Thomas was taken to the Grand Jury room in Chambers street, by some unknown personage. He managed to get to Mr. Yail whom he whereabouts, and on Tuesday that gentleman saw him there in the custody of some one, who exhibited a power of attorney from Winter to recover and return the fugacious John Thomas. Mr. Yail on the 20th got a writ of habeas corpus, which Marshal Rynders the next day responded to by producing in court the body of a John Thomas, colored man. This J. T., however, was another person, who had been in jail as a witness in a murder case since March last. The Judge decided that the writ was satisfied. Meanwhile, Mr. Winter's John Thomas is probably far on his way to Louisville. But the fact remains that a man has been kidnapped in the streets of New York, confined in a United States court-room, and carried out of the State without the knowledge or connivance of United States Marshals, Deputies, Commissioners, District-Attorneys, or Judges.

N. B. At the latest advices, the man was in custody, at Richmond, Va., awaiting the arrival of his late master, from Kentucky.

Will the South complain of a violation of the fugitive slave law in this instance?

Garibaldi has resigned his dictatorship into the hands of Victor Emmanuel, and gone home to his rural farm on the little island of Capri.

After uniting Sicily and Naples, with their nine millions of people, to the Italian Kingdom, the liberator returns to the simplicity of his peaceful seclusion, refusing both wealth and titles, enriched in nothing but glory, and the mingled admiration and affection of the world. If history records any where the life of a hero more disinterested, more brave, more faithful, endowed with more substantial magnanimity or a more sublime simplicity of character, we do not know it. Italy may well look upon him with pride and gratitude, but he belongs to humanity even more than he belongs to her.

The progress of the secession movement meets with an obstacle in the fact that Texas cannot call a State Convention, as her Legislature does not meet for fifteen months.

Therefore Texas cannot go out of the Union at present. Gov. Houston will not call an extra session for the purpose of secession. Senator Wigfall, it is said, will retain his seat in the United States Senate. Should he resign, as it was reported that he would do, Gov. Houston would fill his place with a Union man.

Common sense rules the mass of the people, whatever the misnamed and misanthropic philosophers may say to the contrary. Show them a good thing, let it be clearly demonstrated, and they will not hesitate to give a sublime simplicity of language. The masses have already ratified the judgment of a physician, concerning the virtues of Hostetter's Bitters, as may be seen by the immense quantities of this medicine which are annually sold in every section of the land. It is now recognized as greatly superior to all other remedies yet devised for diseases of the digestive organs, such as diarrhoea, dysentery, dyspepsia, and the various fevers that arise from derangement of those portions of the system. Hostetter's name rapidly becoming a household word, from Maine to Texas, from the shores of the Atlantic to the Pacific. Try the article and be satisfied. Sold by all druggists in the world. See advertisement in another column.

STIRRING TIMES IN PHILADELPHIA!—Tremendous Excitement among the Masses!—EXCITING FOOT RACE between the "Cotton States" and the "Free States" on the 10th inst. at Philadelphia. James Buchanan Cross!!!! Cross Recepted!!!!—It seems to be the general opinion in Clearfield, that if Cross had not a pair of Frank Short's French-calf Boots, that he would not be taken yet. However, Short is not much put out at missing his custom; but would announce to all Breckinridge, Douglas, Lincoln and Bell men, and women and children in Clearfield, and Sinnemahoning in particular, that it is his policy to keep a pair of these Boots, shoes and Gaiters of any style or pattern, stitched, sewed or pegged, (and as he is a short fellow) on short notice.
