KEEP UP THE EXCITEMENT.-Re movals always cause excitement, and since the great excitement about the removal of the Court House has subsided, the community generally have become somewhat excited upon hearing that Charly Watson has determined to pull up stakes and remove to Virginia. But the latest the standard works used in our public schools, cause of excitement is the fact that I have removd my Saddler Shop from my old stafor sale at the 'corner store.' > HOSTETTER'S STOM-ACH BITTERS.—The proprietors and Manufacturers of Hostetter's Celebrated Stomach Bitters can appeal with perfect confidence to physicians and citizens generally of the United States. because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare asser-tion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year a-mounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the pre-paration, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all ca-ses of stomachic derangements and the diseases re-sulting therefrom. This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself

> Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the 'Bitters' are a certain cure for the Dys pepsia and like diseases, is to the proprietors source of unalloyed pleasure. It removes all mor-bid matter from the stomach, purifies the blood. and imparts renewed vitality to the nervous sys-tem, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

of the functions of nature. Elderly persons may use the Bitters daily as per directions on the bottle, and they will find it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffer-ing from stomach derangements and general de-bility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harrassing that many of them sink under the trial. The relation of mo-ther and child is so absorbingly tender, that the mother, especially if she be young, is apt to for-get her own health in the extreme anxiety for her infant. Should the period for maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers ties. Nursing mothers generally prefer the Bitters to all other invigorators that receive the en-dorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particular-

ly referred above, to wit : sufferers from fever and ague, caused by malaria, diarrhoea, dysentery, in-digestion, loss of appetite, and all diseases or de-rangements of the stomach, superanuated inval-ids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bit-

Caution.—We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle and stamped on the metallic cape covering the cork, and observe that our autograph signature is on the label. Prepared and sold by Hostetter's Smith, Pittsburg, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, Canada, South America, and Germany. Agents—Geo. W. Rheem and C. D. Watse a, Clear-field; John Patton, Curwensville; D. Tyler, Huston; F. K. Arnold. Luthersburg. Oct 24, '60.

"We need an improvement in Harrows," is a re mark not unfrequently heard among farmers. mong the few improvements which have herete mong the few improvements which have heretofore been made in this important and useful, we
might say indispensable implement of husbandry,
it would seem that none of them has fully met the
wants of the Agriculturist. Some are too heavy,
some too complicated and costly, and all are linble to the objection that they are only adapted to
certain kinds of ground, for while it is easy to get
ap a harrow that will work well on smooth, clear
and level ground, it is not so easy to find one that and level ground, it is not so easy to find one that will answer a good purpose in new ground, among stumps or on a hilly and undulating surface, but when you get one of the latter class, you may rest assured that it will also give satisfaction on

a smooth surface. The undersigned confidently believe that this object is fully attained in this improvement and would call the attention of Practical and Scientific agriculturists to the following important for tures which characterize it. First, its simplicity secondly, its strength and durability, and last its adaptedness to any and all kinds of surface. The following named practical Farmers, of Clear-field county, who have used it this season thus testify to it

We the undersigned farmers of Penn township Clearfield county, and State of Pennsylvania, having used Russell's Improved Flexible Harrow have no hesitation in saying that it has given entire satisfaction and that from its simplicity and cheapness it should speedly come into general use.

"The harrow is one of the most important agricultural implements, as much depends upon the top pulverizing or dressing of the soil, both before and after the seed is sown, for the success of the future crop." After describing it it continues: "This combination harrow is so simple, that it is superflows to extend this description.
