completely Americanized, as it is now supplied with fresh water by pipes in all the streets.

The Commerial Bulletin states that the Boston mechanics connected with shipbuilding never had such an abundance of work as during the present winter.

A bachelor editor, sensative in relation to his rights, objects to taking a wife through fear that if she should have a baby, his cotem-poraries who habitually copy without credit, would refuse to give him credit for the baby.

Floyd, as Secretary of War, had a salary of eight thousand dollars per annum. He was poor when he entered office. He held the place about three years and six months. From his savings, he shipped by Adams' Ex-press to his home in Virginia, one hundred and twenty thousand dollars. This is an ex-traordinary example of thrift and economy.

On the recent trial of Abson for the murder of his wife in new Jersey Dr. Doremus, who analyzed the contents, of the murdered woman's stomach, in the course of his testimony, exhibited to the court the bodies of two frogs, one of which had been killed by dropping strichnine upon it and the other by dropping upon it some of the matter taken from the woman's stomach. Both exhibited the same peculiar, rigid appearance, which is the charac-teristic effect of strychnine poison.

THE Wilmington Journal, published in a Slave State (Delaware) is an ultra Republican paper. It says :- "It appears the new South-ern Confederacy is troubled about a proper name for the Empire ; some of the States suggesting one thing and some another. We admit that, inasmuch as we do not belong to the rebel side of the question, we have no particular business to meddle with their "domestic affairs ;" but still we respectfully suggest, in view of the fact that there are as many "niggers" in the new confederacy as white people, that it be called New Hayti."

TERMS OF THE JOURNAL.

### AYER'S CATHARTIC PILLS.

Are you sick, feelde, and complaining? Are you out of order, with your system de-ranged, and your feelings un-comfortable? These symp-toms are often the preinde to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right rem-edy. Take Ayer's Pills, and cleanse out the disordered he-mors - purify the blood, and let the fluids move on und-structed in health again. structed in health again, They stimulate the functions of the body into vigorous as tivity, purify the system from the obstructions which make

the obstructions which make disease. A cold settles somewhore in the body, and ab-structs its natural functions. These, if het relievel, react upon themselves and the surrounding organ, pre-ducing general aggravation, suffering, and disease. While in this condition, oppressed by the derangement, take Ayer's Pills, and see how directly they restore the matural action of the system, and with it the baoyast feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstruc-tions and derangements of the natural functions of the body, they are rapidly, and many of them surely, runsi-by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from Pills, will neglect to omploy them when suffering from
