THE JOURNAL.

CLEARFIELD, PA., MARCH 20, 1861.

REMOVAL.—On the 1st of April the "Raftsman's Journal" office will be removed to the second story of Graham's new brick building, on Market street, nearly opposite the "Mansion House."

LOOK OUT .- Most of our subscribers are prompt paying ones; but we have a few who are tardy or indifferent in this respect. "After rafting" the names of good subscribers only will be retained on our list, and orders for new subscriptions will have to be accompanied by the Cash.

FOUND .- The body of a man found in the river at Muncy is identified as that of Wesley Toner, who was lost at the Rolling Stone in this county, on the 11th of December last.

STAGE-DRIVER DROWNED .- From a private letter we learn, that several weeks ago, a stage driver, stage and horses were lost in crossing the Missouri River, 7 miles above Nebraska city. The drivers name, it is thought was Williams, and that he formerly lived in Curwensville in this county.

A. M. Hills desires to notify his friends and patrons that he will be in his office in Clearfield, (opposite the Clearfield House,) until after the June Court, with the exception of the second week in May. Persons desiring his services will do well to call before that securities are therefore released. February 27th, 1861-6t.

ROLLING STONE .- We have been informed | care you dont get frost-bitten. that the Rolling Stone below Salt Lick and just at the head of Birch Point, was blasted out one day last week. Our raftsmen, no doubt, will be glad to learn of this removal, as it will afford them a good landing at Birch Point, immediately above Butter milk falls.

IN TROUBLE .- We incidentally learn that, one day last week, several boys of our Borough amused themselves by breaking in the glass at the Town Hall with stones and sticks. The school directors being informed of the fact, had them "invited" to Justice Porter's office. After a hearing, they gave bail for good behavior. We hope this will be a warning to others.

Gopey for April.-This much admired Magazine lies on our table. It contains a steel engraving-colored fashion plate, which shows the true colors that will be worn by the ladies -an assortment of Spring dresses, Bonnets and Headdresses-Embroidery, Drawing lessons, Model Cottages, &c. The April number is one of the finest specimens of the art ever presented to the public, and, we hope, our lady readers will appreciate the effort of Godey | town, on Monday the 12th. in their behalf, by subscribing for it without delay. Price, \$3 a year.

THE RECENT ELECTIONS .- We have heard a great deal about reaction in the North against the Republican party. We have been told that if the election were now to be held, there Mr. Lincoln. Elections have been recently held in N. Hampshire and N. York, and the returns have been received in sufficient quantities to enable us to ascertain the general result. In New Hampshire the vote is about the same as usual. The State goes strongly Republican. In 136 towns the Republican candidate for Governor has about 5000 majority. The Republicans have elected to the Legislature Government arms. 115 members, and the Democrats 50. It will be remembered that New Hampshire was an old Democratic State, and the last of New England to leave that party. In New York or steam engine in her life. an election has just taken place for township officers. A table has been carefully made up of the result in thirty-eight counties. The depublicans have gained over last year. The figures are as follows: In 1860, Republicans strength. 514. All others 229. In 1861, Republicans 529. All others 215. Where is the "reaction?"

CORN FOR THE SOUTH .- The Brandon (Miss.) Republican, in speaking of the success of Maor Hawkins who went to Illinois to get corn r persons who were likely to starve, holds the following language: "From his letter it will be seen that the citizens of Springfield, the home of Lincoln, have contributed one thouand bushels of corn, and that much more will free of charge. Address BEV. WM. Cosgnove, be contributed to relieve the distress of the poor in this section. How humiliating to ev-Ty Mississippian, to know that, after cursing and denouncing the people of the North as our citizens have been in the habit of denouncing them, we are compelled to turn around and beg them for bread, and they in turn are trying to kill as with kindness, by treating our agent with the greatest respect, and not only giving him more than he asked for, but payng for the sacks to put it in. It certainly places us in a very humiliating position, and We heard Maj. CHILLS AND FEVER! CHILLS AND FEVER! -One of the greatest remedies that has ever been laid before the public, for Fever and Ague, and which have received the highest encomiums from the press and the people, is Dr. J. Hostetter's Stomach Bitters. Who would endure the tortures arising from this terrible disease, when it can be so easily cured? Who would have sleepless nights, burning fevers and chills, alternately, when a remedy can be obtained for a mere trifle? And yet how many families linger out a painful existence under this deadly blight, and do nothing but gulp down quinine, until it becomes as common as their daily meals, and yet they are not relieved. None but the foolish and weak would hesitate to procure these valuable Bitters, and save themselves intense agony. Sold by druggists and dealers generally everywhere. ¶ See advertisement in another column.

FORT PICKENS. DANGER OF A COLLISION.

The Brooklyn Waiting for the Event.

WASHINGTON, MARCH 17, 1861. The latest information from Fort Pickins is. (altho' contradictory) that that fortress is invested with thirteen full batteries, including Forts Barraneas and McRae, all of which command Pickins and the offing. If this should prove to be correct, the Brooklyn and Sabine can not land the troops and supplies they have on board or have any further communication with the shore, without having a fight; in fact, according to the dispatches received, a momentary collision is apprehended. The vessels laying off Fort Pickins have 500 Government troops and marines aboard, which Sec. Holt had ordered to be landed at the first signs of a hostile movement, but were not landed because assurances were given that no attack was meditated, and to satisfy the Peace Convention. The Government, however, has no intention of abandoning Fort Pickins, and, in all probability, will held it at all hazards.

FORT SUMPER. It is reported that the Cabinet have made a final decision in regard to Fort Sumter, and that the matter of its evacuation now rests with Mr. Lincoln. The withdrawal of Maj. Anderson and his men is likely to be troublesome, as it is said that Gen. Beauregard, the commander of the seceders, will refuse to permit the evacuation unless Maj. Anderson's band will surrender as prisoners of war. This is supposed to be a mistake : but the peaceable removal will be perplexing to say the least -the revolutiontsts having the control of the inlet to the harbor of Charleston.

Office in Shaw's New Row, Clearfield. Sep. 15. THE TRIBUNE FOR 1861.—PROSPEC-TUS.—The XXth Votume of the Weekly Tribune commenced with the issue of Sept. 1. During the past year The Tribune has been obliged to They inform their customers and the public in devote quite a large proportion of its space to pol-general that they have received from the East and ities, but we shall soon be able to forego Political discussions almost entirely, for months if not for years, and devete nearly all our columns to subects of less intense, but more abiding, interest. A-

mong these, we mean to pay especial attention to
1. Enucation.—The whole subject of Education both Popular and General, will be discussed in our columns throughout the year 1861, and we hope to elicit in that discussion some of the profoundest thinkers and the ablest instructors in our country. It is at once our hope and our resolve that the cause of Education shall receive an impetus from the exertions of The Tribune in its be-

half during the year 1861.

II. AGRICULTURE.-We have been compelled to restrict our chucidations of this great interest throughout 1850, and shall endeavor to atone therefor in 1861. Whatever discovery, deduction, de monstration, is calculated to render the reward of labor devoted to cultivation more ample or more certain, shall receive prompt and full attention. III. MANUFACTURES, &c .- We hall every invention or enterprise whereby American Capital and Labor are attracted to and advantageously employed in any department of Manufacturing or Mechanical Industry as a real contribution to the

Public Weal, insuring ampler, steadier, more con-

venient, more remunerating markets to the Farm-

er, with fuller employment and better wages to

the Laborer. The progress of Mining, Iron-Making. Steel-Making, Cloth-Weaving, &c., in our country and the world, shall be watched and reported by us with an earnest and active sympathy. IV. FOREIGN APPAIRS .- We employ the best correspondents in London, Paris, Turin, Berlin, and other European Capitols, to transmit us early and accurate advices of the great changes there silently but certainly preparing. In spite of the pressure of Domestic Politics, our News from the Old World is now varied and ample: but we shall

have to render it more perfect during the eventful year just before us. V. Home News.-We employ regular paid cor-respondents in California, at the Isthmus of Darien, in the Rocky Mountain gold region, or wher-ever else they seem requisite. From the more ac-cessible portions of our own country, we derive our information mainly from the multifarious cor respondents of the Associated Press. from our exchanges, and the occasional letters of intelligent friends. We aim to print the cheapest general newspaper, with the fullest and most authentic summary of useful tutelligence, that is anywhere afforded. Hoping to "make each day a critic on the last," and print a better and better paper from year to year, as our means are steadily enlarged through the generous co-operation of our many well-wishers, we solicit, and shall labor to do serve, a continuance of public favor.
