OSTETTER'S STOMACH HOSTETTER'S STOMACH BITTER'S STOMACH Manufacturers of Hostetter's Celebrated Stomach Bitters can appeal with perfect confidence to physicians and citizens generally of the United States because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare asser-tion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consump-tion will reach near one million bottles. This im-mense amount could never have been sold but for the rare medicinal properties contained in the pre-paration. and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all ca-ses of stomachic derangements and the diseases re-sulting therefrom. This is not a temporary popu-larity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine. which is destined to be as enduring as time itself

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their vic-tims by hundreds. To be able to state confident-ly that the 'Bitters' are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all mor-bid matter from the stomach, purifies the blood. and imparts renewed vitality to the nervous sys tem, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge

directions on the bottle, and they will find it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvena-ting generally. We have evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffer-ing from stomach derangements and general de-bility; acting under the advice of physicians. they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harrassing that many of them sink under the trial. The relation of mo ther and child is so absorbingly tender, that the mother, especially if she be young, is apt to for-get her own health in the extreme anxiety for her infant. Should the period for maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the ener-gies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bit-ters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particular-ly referred above, to wit : sufferers from fever and ague, caused by malaria, diarrheea, dysentery, in-digestion, loss of appetite, and all diseases or de-rangements of the stomach, superanuated invalids, persons of sedentary occupation, and nursing ters a trial.
