JUGGLING EXTRAORDINARY.

The fort of Calcutta, (writes an English officer in once a-week,) is often the scene of animated festivity, from the presence of native jugglers, renowned for their skill and dexterity. The performances of these strange people have been so often described, that I shall only mention a few, for otherwise I might tire the reader. One of them struck me as being curious, from its having a strong resemblance to the feats recorded in sacred history, as having been performed by the magicians of Egypt, in the time of Moses, and in presence of Pharaoh. Indeed, it is well known that the Hindoo trick has been handed down from the most distant ages, from father to son, there is little wonder that such similarity can exist. The particular trick alluded to is the apparent conversion of a brass coin into a snake. The juggler gave me the coin to hold, and then seated himself about five yards from me, on a small rug, from which he never attempted to move during the whole performance. I showed the coin to several persons who were close beside me, on a forum in front of the juggler. At a sign from him, I not only grasped the coin I held firmly in my right hand, but crossing that hand with equal tightness with my left, I inclosed them both as firmly as I could between my knees, of course I was positively certain that the small coin was within my double fists. The juggler then began a short incantation, accompanied by a monotonous and discordant sort of a recitative, and repeating the words, "Ram Sammu," during some minutes. He then suddenly stopped, and still keeping his seat, made a quick motion with his hand, as if throwing something at me, giving, at the same time a puff with his mouth. At that instant I felt my hand suddenly distend, and become partly open, while I experienced a sensation as if a cold ball of dough, or something equally as soft, nasty and disagreeable, was now between my palms. I started to my feet to the astonishment of others, and opening my hands, found there no coin; but to my horror and alarm, (for of all created things I detest and loathe the genus,) I saw a young snake, all alive-oh! and of all the snakes in the world, a cobra di-cappello, folded, or rather coiled, roundly up, I threw it instantly to the ground, trembling with rage and fear as if already bit by the deadly reptile, which bagan immediately to crawl along the ground, to the alarm and amazement of every one present. The juggler now got up for the first time since he sat down, and catching hold of the snake, displayed its length, two feet all but one inch and a half. He then took it cautiously by the tail, and opening his own mouth to its widest extent, letithe head of the snake drop into it, deliberately commenced to swallow the animal, till the end of the tail only was visible; then made a sudden gulp, the whole of the snake was apparently swallowed. After this he came up to the spectators, opening his mouth wide permitting us to look into his teeth, but no snake or snake's tail was visible-it was seemingly down his throat altogether. During the remainder of the performances we never saw the snake again, nor did the man profess his ability to make it reappear. But he performed another snake trick which surprised us very much. He took from ner cobra di-capello, and, walking into the centre of the room, inclosed it in his hands in a folded state. He waved or shook them for some time in this condition, and then opened his fists, when, hey! presto!--the snake was gone, and in its place appeared several small ones, which he suffered to fall from his hands, when they glided, with their peculiar undulating movement, almost like the waves of the sea, across the floor.

KEP UP THE EXCITEMENT.—Re movals always cause excitement, and since the great excitement about the removal of the Court House has subsided, the community generally have become somewhat excited upon hearing that Charly Watson has determined to pull up stakes and remove to Virginia. HOSTETTER'S STOMACH
BITTERS.—The proprietors and
Manufacturers of Hostetter's Celebrated Stomach Bitters can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This im mense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom. This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the 'Bitters' are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all mor-bid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffer-ing from stomach derangements and general de-bility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harrassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she be young, is apt to for-get her own health in the extreme anxiety for her infant. Should the period for maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the ener-gies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bit-ters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superanuated invalids, persons of sedentary occupation, and nursing mothers, will consuit their own physical welfare by giving to Hostetter's Celebrated Stomach Bit-

Caution .- We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle,

AYER'S CATHARTIC PILLS. Are you sick, feeble, and

complaining? Are you set .. order, with your system deranged, and your feelings un-comfortable? These symp-toms are often the preinde to serious illness. Some fit of sickness is creeping upon you and should be averted by a timely use of the right reedy. Take Ayer's Pills, and cleanse out the disordered in mors — purify the blood, and let the fluids move on und-structed in health again, They stimulate the functions of the body into vigorous acthe obstructions which make

disease. A cold settles somewhere in the body and estructs its natural functions. These, if not relieved react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the decangement, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the busyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-scated and dangerons distempers. The small purgative effect expels them. Caused by similar obstractions and derangements of the natural functions of the body, they are rapidly, and many of them surely, carely by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from

the disorders they cure.
