A messenger who has just arrived from the Virginia side, reports that the 1st, 2d, 3d and 4th Regiments of New Jersey are still occupied in throwing up earthworks a mile beyond Long Bridge. Other works are to be commenced forthwith, so as to effectually defend Washington. The Sth New York are on Arlington Heights, with Berrien's battery. The 69th N. The Rebel Congress reduced the duty on silks, satins, jewelry, and other articles of sumptuous luxury and frippery, in order to please the people of France, and others, who produce and manufacture such articles.

FORTRESS MONROE, May 27, 5 p. m.-Gen. Butler, accompanied by acting Adjudent General Talmage and his aids, made a dashing reconnoisance several miles between the James' and York Rivers. The picket guard of the rebels fled on their approach.

Three fugitives, the property of Col. Mallory, commander of the rebel forces near Hampton, were brought in by our picket guard, yesterday. Major Carcy came in with a flag of truce, and demanded their rendition, under the Fugitive Slave Law, but was informed by General Butler that under the peculiar circumstances he considered the fugitive contraband of war, and had set them at work inside the fortress. Col. Mallory was politely informed that as soon as he should visit the fortress and take a solemn oath to observe the laws of the United States his property would be promptly restored.

REGISTER'S NOTICE .- Notice is here-by given, that the following accounts have been examined and passed by me, and remain filed of record in this office for the inspection of heirs, legatees, creditors, and all others in any other way terested, and will be presented to the next phans' Court of Clearfield county, to be held at the Court House, in the Borough of Clearfield, commencing on the Third Monday of June, 1861, for confirmation and allowance :

Few men have so rapidly won golden opinions from the people as the Doctor and while a few were ready to cavil-and some to doubt-yet he has added largely to his already high reputation, by performing the most astonishing cures in a remarkable short space of time. The number of those whom he has treated successfully are increasing every day, and of parties well and favorably known. He is not afraid to go before the world-and prove his claims as a first class physician. No matter what men may say in regard to those who have preceded him -his record of cures is far beyond those that can be shown by any other in the profession. He only asks of the afflicted a trial-and all who confide in him, will find that he is fully equal to their case. He will tell you at once whether he can perform a cure or do you any good-and explain fully, clearly and satisfactorily the nature of your disease. Give him a call and you will be satisfied with his mode of treatment .-- Clarion Banner.

THE WEATHER,&c-During the last three or

four days, we have had some rain, and the air

has become quite cool. If the cool weather

RECRUITS WANTED .- Ten able bodied men,

(single men preferred), who are willing to serve

their country, are wanted immediately to fill

up the ranks of the 'Washington Gadets,' now

of Captain J. O. Loraine. The company has

been accepted for the State service. Arrange-

ments will be made here to send them down.

Apply immediately to W. W. Betts, Clearfield.

THE MILITARY .- According to the allotment

proportion for these counties, no doubt, will

seem small to many persons; but the appor-

tionment having been made on the basis of

population, we presume, it is the full quota to

which they are entitled. There are, probably,

week that there are persons in some sections

of this county, who are careless in regard to

be so. We believe it is the duty of every

man who has a piece of ground to cultivate it.

As it is still early enough to plant corn and

potatoes, etc., we hope all will go to work

without delay, and plant and raise all they

can. Every bushel will be wanted before

next summer's crop can grow. Let no one

dissuade you therefrom. It is a duty you owe

to yourself, your family, and your fellow men.

an abundant harvest is good.

Dr. B. will be in Clearfield from June 12th, till June 16th. Read his appointments in another part of this paper.

THE WILD CAT DISTRICT .- Much has been said and written of this district, says the Harrisburg Telegraph. Eleven companies have been accepted and are now in service, whilst sixteen more companies have been offered and are anxiously awaiting an acceptance. Some of these sturdy sons had to walk from thirty to eighty miles through the woods to the Susquehanna, and then came down on a raft to "Rattlesnake Station," on the Sunbury and Erie railroad, and from thence here. This is doing extremely well, when we consider that the district is but sparsely settled. The men are burdy, generally intelligent, and above all, good marksmen. The sign on their hats, a "bucktail," denotes that they know how to traverse the wood after game. They are all strongly attached to Col. Kane, brother of Dr. E. K. Kane, who took a great interest in their welfare, and spent much time and labor in getting them here. We understand that the Kane family has provided for them liberally with clothing whilst they have been encamped at Camp Curtin. General John Patton, the member of Congress, has also taken an especial interest in them. He has done his utmost to keep the companies from that district all together and formed into one regiment, and we can assure the "Bucktails" that they can find no warmer friend than Mr. Patton, who will keep an eye on those who might otherwise feel disposed to treat them shabbily. We hope that those who are now quartered here will not be kept idle much longer. They desire to see active service. Let them be gratified, and we feel assured that they will leave their mark with the enemy.

A PATRIOTIC LADY .- Mrs. Cooley, an old lady from East Tennessee, arrived at Washington on Tuesday the 21st, traveling a distance

Pickens says, "If Virginia joins the city without a written pass. the Southern Confederacy he will consider her HARRISBURG, May 27 .- S. G. Simmons, U. a part of his country." Generous Pickens ! Happy Virginia ! The "Old Dominion" pat-S. army mustering officer at Camp Curtin. ronized and protected by South Carolina, gives notice that the companies for the three

must feel proud. OFA Vicksburg (Miss.) paper publishes the following : "Notice to the World. Every volunteer from this State and Lousiana is a gentleman. He must be treated as such. No deck passage, no hard commons for him, if it can be avoided.

OFA Cincinnati brewer was telegraphed to from Memphis, Tenn., for three hundred kegs of lager; to which he replied, "Nary Drop !" proving that though we may be willing to bring seccssion to its bier, we are not willing to send beer to secession.

TENNESSEE .- A gentleman who arrived from Tennessee says the outward feeling there is intense against the Government, but there is a deep undercurrent in favor of maintaining the Union. Senator Johnson was prohibited from speaking in many places, and he traveled with him in the cars and saw the Secessionists, enter in search of him, but contenting themselves with groaning at him. Another gentleman who arrived from Memphis and Cairo, says that supplies have been entirely cut

off in Western Tennessee, and great lear of all their provisions came down from the North-West, and steamers and flatboats are no longer permitted to go down. Provisions are daily growing more scarce, and have already reached very high prices. He says there are two batteries on the Mississippi, between Memphis and Cairo, one six miles from Memphis, and the other about sixty, mounting together, twenty-five guns. At each battery taken from Baton Rouge, La. At Memphis there are quite a number of troops, but far short of the amount represented by the Tennessee papers, and many of those are made up of Union and Northern men, who have been forced into the service. One half of the troops positively refuse to leave the city, and the Governor had issued a proclamation ordering all companies to disband who will not enter the service of the South unconditionally. Their arms were obtained from Baton Rouge and are of the old style, 1722, altered to percussion locks. They number about 3,000. Ammunition was very scarce, and no unnecessary firing was allowed, in order that the small stock may be husbanded. Among the troops were two companies made up principally from convicts in the chain gang. The friend of the Hon. Mr. Etheridge, who was recently killed in Tennessee, was shot by a notorious Memphis gambler, who was the leader of the gang concerned in the affray. The people of Memphis freely admit that eastern Tennessee will go for the Union, and that middle Tennessee is closely divided. The last Secession flag a- ber of vessels. bove Memphis is at Ovensboro, Ky., on the Ohio River.

OPINIONS HELD AT THE SOUTH .- A member of Congress who spent the Spring at the Gov. Curtin this afternoon : South, and traveled from Florida to Kentucky, says the following general beliefs prevail everywhere : That the North 18 cowardly ; that the great cities are controlled by mobs. with a strong undercurrent for the South; that Mr. Lincoln, unresisted, would march away and liberate the slaves; that Mr. Lincoln is a drunkard ; that England and France will raise the blockade; that Louis Napoleon is a tions are of short duration-an idea fostered by the leaders; that there is still much talk of attacking Washington; much talk of priva-

BALTIMORE, May 27 .- A writ of habeas corpus in the case of John Merriman was issued by Judge Taney, of the U.S. District Court, and made returnable this morning. Gen. Cadwallader declined surendering the prisoner until he received directions from Washington. An attachment has been issued against Gen. Cadwallader, returnable to-morrow morning,

Merriman is still detained at Fort M'Henry. CAIRO, Illinois May 27 .- Bird's Point on the west bank of the Mississippi, opposite Cairo, is in the occupancy of our troops. It is the key of the situation, and had the Secessionists got possession of it in any considerastarvation prevails among families, as nearly ble torce. Cairo would have been rendered untenable. NEW YORK, May 27 .- It is reported that

certain parties in this city are in possession of Confederate States postage stamps and offering them for sale.

THEIR WAY BLOCKED .- There can no longer, we believe, be any doubt of the fact that the there are about 800 troops armed with guns Government have struck an effectual blow at the rebels in a quarter from whence they least 'expected it,-that their privateering schemes are entirely frustrated, and that the aid which they have looked for from England, France, and other European nations, in raising our blockade of the Southern ports, will not be forthcoming,-in a word, that the leaders in the wicked attempt to overthrow the Government have been foiled at every turn by the superior diplomacy of the Administration On the 24th of April last, Secretary Seward sent instruction to our Ministers in Europe to notify the parties to the Treaty of Paris that the United States Government had accepted the first point of the Treaty, which abolishes privateering. This will prove an effectual bar to all the schemes of the Jeff. Davis Government in that direction. The acceptance of this point makes the U.S. Government a party to the entire treaty, the fourth point of which recognizes all blockades which are made effectual,-so that no interference can take place in our blockade of Southern ports, provided we enforce it with a sufficient num-
