From a Forwarding Merekant of St. Louis, Feb. 4, 1854.

THE ARMIES OF EUROPE .- The army of Aus tria consists of a grand total of 738,844 men and 1,088 guns ; that of Prussia contains 719,-092 men and 1,444 guns; the army of Russia about 850,000 men and 1,160 guns; the army of France 626,482 men; and that of Great Britain, in all parts of the world, 534,527 men.

The mail which was made up at Rochester on Monday, the 7th inst., for New York, and despatched by the half-past seven P. M. mail train, is missing. The bag, it is supposed, contained drafts, checks and remittances to the amount of two hundred theusand dollars. It also contained Washington and Philadelphia matter.

MORE BRITISH TERRITORIAL ACQUISITION.

The treaty with the King of Lagos for the cassion of the isle and port of Lagos to Great Britain, is officially announced. This port of Lagos is one of the most valuable upon the African coast, its business amounting to up-ward of ten millions of dollars annually. It is a rich acquisition to the British government.

A LARGE STATE .- Missouri is one of the largest States in the Union. Its Territory ex-ceeds in extent the six New England States and the State of Delaware combined. It is divided into upward of one hundred counties. The State extends about two hundred and eighty-five miles from east to west, and two hundred and eighty miles from north to south.

The Charleston papers publish the following order from Brigadier General Ripley : "Citizens residing on Sullivan's Island will hold themselves in readiness to proceed to the city on short notice. Circumstances only can determine when or at what moment it may be necessary to order a removal from the Island." That is to say, they are expecting a visit from the Federal fleet.

An immense number of mortars from the Pittsburgh foundry, are being taken to the Washington Navy Yard to be finished for ser-vice. Some of them will throw a shell as large as a bushel measure two miles. They are used in a siege, and would answer to rout the reb-els from behind their masked batteries, as the explosion of one in their midst would answer the same purpose as firing their powder magazine.

A SUGGESTION .--- The Louisville Journal makes the following excellent suggestion to Kentuckians : When a regiment of a thousand men of Indiana came across the river the other day, and marched through our streets. probably twenty thousand Kentuckians shouted in honor of them. Wouldn't a very large portion of those Kentuckians have been better employed in going with them, than in raising enthusiastic hurrahs?

HOSTETTER'S STOMACH BITTER'S STOMACH Manufacturers of Hostetter's Celebrated Stomach Bitters can appeal with perfect confidence to physicians and citizens generally of the United States because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery. The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is ev-Ment that during the coming year the consumption will reach near one million bottles. This im-mense amount could never have been sold but for the rare medicinal properties contained in the pre-paration, and the sanction of the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases re-sulting therefrom. This is not a temporary popu-larity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the 'Bitters' are a certain cure for the Dyspepsia and like diseases, is to the proprietors a ource of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous sysand imparts renewed vitality to the restoration of health. It operates upon for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy, discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenato the bowers, excernent as a tonic, and rejuvena-ting generally. We have evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomach derangements and general de-bility; acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harrassing that many of them sink under the trial. The relation of mo-ther and child is so absorbingly tender, that the mother, especially if she be young, is apt to for-get her own health in the extreme anxiety for her infant. Should the period for maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here, then, is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responstbilities. Nursing mothers generally prefer the Bit-ters to all other invigorators that receive the endorsement of physicians, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have particularly referred above, to wit : sufferers from fever and ague, caused by malaria, diarrhœa, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superanuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

Caution.-We caution the public against using any of the many imitations or counterfeits, but ask for Hostetter's Celebrated Stomach Bitters, and see that each bottle has the words "Dr. J. Hostetter's
