DEFEATED PLOT TO RENDER OUR CAVALRY AND ARTILLERY USELESS .- On Thursday night the 16th, between eight and nine o'clock, while the army of the Potomac was enveloped in a dense fog, a mysterious occurrence took place in some of our divisions across the river. It was ascertained that the halters of many of the horses in the 1st New York cavalry regiment in Gen. Franklin's division; of the 8th Illinois cavalry regiment in Gen. Summer's division, and of the batteries, were cut, the horses running loose all over the encampments. Upon examination it was found that the halters had been cut with sharp knive and that several individuals must have been engaged in the business. The 1st New You cavalry had nearly two hundred horses c loose, five or six of which have been lost. is believed that there was some secret plan foot the successful execution of which won have redounded to the benefit of the rebel It is said that a demonstration on our picke that evening was contemplated, but the a tempt to impair the efficiency of our caval and to cripple our artillery was discovered time by the horses running through the camp Certain residents of the vicinity, know Southern sympathizers, are suspected of con plicity in the affair, and have been arrested.

THE BLOCKADE .- Rebel testimony to th vigorous efficiency of the blockade of th Southern ports accumulates constantly. The l test is from the Memphis Appeal, which declare that "therisk of running the blockade at the prosent is too great, and comparatively few are wi ling to encounter the losses that are so apt to fo low the experiment." It is said that the rel els have prepared a list of the skiffs, shallog and scows that have evaded the vigilance our cruisers, which they will lay on the tab la of the members of the English and Frenc Parliaments, with the hope of inducing thos nations to raise the blockade. This fraudu lent list can easily be offset by such testimon as the above, which is reluctantly wrung from those who have the best means of knowing.

RELIEF FOR IRELAND .- An earnest effort making to send a cargo of breadstuff and pro visions to Ireland, for the relief of the suffer ers from famine there, and, in order to giv effect to it, a bill was introduced into the Ne York State Assembly, appropriating \$100,000 and constituting the Governor, the Comptrol ler, and the Secretary of State a Commission to see that it is properly expended. Privat letters by the last two or three steamers giv

DIED .- Intelligence has been received from Richmond that John Tyler died suddenly in that city last week. He was born in Charles county, Va., in 1799, which would make him 72 years of age at the time of his death. Tyler has held quite a number of honorable positions in both the State and National councils; but, unfortunately, he died a traitor to his country. His name and his shameful treachery are both confined to the region of rebellion, and none but his followers in crime will mourn his loss.

THE FRENCH IN NEW ORLEANS .- Advices from New Orleans state that the French residents in that city are abxious to escape therefrom-that they have held a meeting to take measures to effect this-and that they have put themselves in communication with the Union troops of Ship Island, for the purpose of obtaining assistance from the Federal Government.

..... HARBOR DEFENCES .- There are now more heavy guns in position in New York harbor than there were at Sebastopol when attacked, or than are now in the world renowned fortifications of Cronstadt. The fire of two hundred and fifty guns can be simultaneously concentrated at one point upon a fleet attempting the passage of the Narrows.

RELEASED PRISONERS .- The wounded prisoners who came down from Richmond some days since, are in the hospital at Fortress Chea Monroe, and all are doing as well as could be expected. None are thought to be in a dangerous condition, and a few have so far recovered that they were sent north.

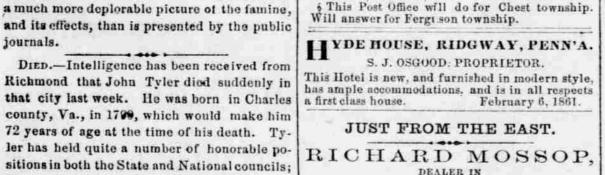

THE CONTRAST .- The loyal States pay \$20,-000,000 for Schools annually, and have 5,000,-000 of children at school, while the disloyal do not expend \$4,000,000, and have but 600,-000 children at school. There are more children in school in Ohio, than in all of the eleven disloyal States.

A NEW REBEL LAW .- A law was recently passed by the Rebel Congress which prohibits the publication of war news in the newspapers. We presume that ignorance on such subjects is more advantageous to the rebels than knowledge, especially such news as the defeat of Zollicoffer.

1 On the seventh of September, 1861, THE NEW-YORK WEEKLY TRIBUNE commenced the twenty-first year of its existence; the THE DAI-LY TRIBUNE being some months older and THE SEMI-WEEKLY TRIBUNE somewhat younger. For more than twenty years, this journal has la-bored in what its conductors have felt to be the cause of Humanity, Justice and Freedom, endeavoring to meliorate the condition of the oppressed and unfortunate, to honor and encourage useful exertion in whatever sphere, and, to promote by all means the moral, intellectual and material advancement of our country. It has aimed to be right rather than popular, and to espouse and commend to-day the truth that others may not be willing to accept till to-morrow. In pursuing this course, mistakes have doubtless been made and faults committed ; but, having in all things incited our readers to think and judge for themselves rather than adopt blindly our own or others' conclusions, we believe we may fairly claim for this journal the credit of having qualified its readers to detect and expose even its own errors. To develop the minds of the young by the most general, thorough and practical Education, and to encourage and stimulate Productive Industry, through free grants of Public Lands to actual settlers and cultivators, as also through the protection of immrature or peculiarly exposed branches from too powerful foreign competition, are among the aims to which this journal has adhered through good and evil report, and which it stead-fastly commends to American patriotism and

try, we hold it to have originated in a Rebellion more wanton, wicked, inexcusable, then was ever before known-a Rebellion in the interest of the few against the many-a Rebellion designed to raise higher the walls of caste and tighten the chains of oppression. Having done all we could without a surrender of vital principle to avoid this War, and witnessed the forbearance, meek ness, and long-suffering with which the Federal Government sought to avert its horrors, we hold it our clear duty, with that of every other citizen to stand by the nation and its fairly chosen ru lers, and to second with all our energies their ef forts to upheld the Union, the Constitution, and the supremacy of the laws. And, though the Rebellion has become, through usurpation, deception terroism, and spoilation, fearfully strong, we be lieve the American Republic far stronger, and that the unanimous, earnest efforts of loyal hearts and hands will insure its overthrow. But on all questions affecting the objects, the scope, and duration of this most extraordinary contest, we defer to those whom the American People have clothed with authority, holding unity of purpose and of action indispensable in so grave an emer-

In a crisis like the present, our columns must be largely engrossed with the current history of the War for the Union, and with elucidations of its more striking incidents. We shall not, how-ever, remit that attention to Literature, to For-eign Affairs, to Agricultural Progress, to Crops, Markets, &c., which has already, we trust, won for THE TRIBUNE an honorable position among its cotemporaries. Our main object is and shall be to produce a comprehensive newspaper, from which a careful reader may glean a vivid and faithful history of the times, not merely in the do-main of Action but in that of Opinion also. As our facilities for acquiring information increase with years, we trust that an improvement in the contents of our journal is perceptible, and that, in the variety and fulness of intelligence afforded, we may still hope to ' make each day a critic on the last." In this hope, we solicit a continu ance of the generous measure of patronage hitherto accorded to our journal.

I have cured many farcter-ate cases of Lencorrhow by It, and some where the complaint was caused by ulceration of the ulerus. The nissa ation itself was soon cared. Nothing within my knowl

#### Syphilis and Mercurial Disease.

NEW ORLEANS, 25th Augest, 1859. DR. J. C. ATER: Sir, I cheerfully comply with the re-quest of your sgent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, mest of the out-plaints for which it is recommended, and have found its effects truly wonderful in the enre of Veneral and Mer-curial Disease. One of my patients had Syphilitic ukan-in his beaut. in his throat, which were consuming his painte and the top of his mouth. Your Sarsaparilla, steadily takes, cured him in five weeks. Another was attacked by see ondary symptoms in his nose, and the ulcoration has enten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill kim. But # disorder would soon reach his brain and kill kim. But is yielded to my administration of your Sarsaparilla; the ulcers headed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by moreury was milering from this poison in her bones. They had become so sen-sitive to the weather that on a damp day she suffering to cruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me. AVER: Sir, I have been afflicted with a pair ful chronic Rheumstips for a long time, which baffiel the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Saranparills. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM. Jules Y. Getchell, of St. Louis, writes : "I have been Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an affection of the Lawr, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause shan derangement of the Liver. My beloved pastor, the Roy. Mr. Espy, advised me to try your Sarsaparilla, because ho sold he knew yoe, and any thing you made was worth trying. By the blast-ing of God it has cured me, and has so purified my thost as to make a new man of me. I feel young again. The as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Carles and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanne, which the agents below named are pleased in furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia

Many remarkable cures of these affections have been made by the alterative power of these affections nove that made by the alterative power of this medicine. It stimu-lates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond is reach. Such a remedy has long been required by the no-cessities of the people, and we are confident that this will do for them all that medicine can do.
