A FATAL ACCIDENT.—On Tuesday the 8th of July, Mrs. Cross of New Washington, in this county, came to her death under the following circumstances. Mrs. C. went to Mr. James Gallaher to borrow a horse to ride to a neighbors. The horse being somewhat wild, Mr. G. at first refused to give the horse but Mrs. C. insisted on having him, when her wishes were acceded to. After riding a short distance, the horse became unmanageable, and ran into a fence corner back of a stump; and, suddenly turning out again, threw Mrs. C. off and dragged her several rods,—her foot being fast in the stirrup. In the fall Mrs. C. had her skull fractured just over the temple, from the effect of which she died in about two hours.

A committee was also appointed to act in conjunction with the officers of the society. Also a board of managers, consisting of Miss Saille E. Rheem, Miss Helen Cuttle and Miss Emma Graham. The mortars from above and below continue to shell Vicksburg. The work on the canal, that is being cut across the neck, is progressing, and when completed will leave Vicksburg an inland town.

PARSON BROWNLOW'S BOOK.—The rapid sale of this book speaks well of its interest and merits. Already one hundred thousand copies have been printed, and the sale is so rapid that the demand can scarcely be supplied. One firm in Cincinnati ordered forty thousand copies at once, which is supposed to be the largest single order in the history of the trade. It is published by Geo. W. Childs, Philadelphia.

Metereological Observations for June, 1862. Mean temperature of the month at the north, 54 1/2; noon, 72 1/2 evening, 61 1/2; Total or average mean of the month, 63 1/2. The mercury rose the highest on the 28th, 93 above zero; and to 80 and upwards at noon on 7 days during the month; and the lowest on the mornings of the 16th and 17th 38, with light frosts. On seven it sunk below 50 in the morning. Rain more or less, on eleven days mostly moderate or light showers, except on the 15th and 23rd, when there fell heavy rains, making moderate floods. The month was mostly favorable for vegetation, sometimes rather cool for corn, but passably good for oats and grass. The prospect of fruit is still favorable. Strawberries very plenty and of good quality. Rasp and Blackberries appear fair for a plentiful crop. The Chesnut blossoms are beginning to make a good appearance. The Wheat is of fair growth, and generally looks well, but from the middle to the last of the month it has been attacked by insect in the form of a bug or small fly, in different states of development, which may be seen by the hundred on the heads of the wheat at the cavities of the blossom of young grain ready to extract the nutriment which should form the berry or plump grain; look out for light wheat the coming season. PENN.

Although we are badly cut up, we are still ready to stand up for our flag, and, if required, do as we have done before. Yours, in haste, ALFRED M. SMITH.

Captain Co. G, 5th Regt. P. R. V. S. The wounded are being sent North very slowly, they suffer a good deal from the neglect of "Somebody."

CORRESPONDENCE OF THE "JOURNAL." CAMP NEAR ALEXANDRIA, July 7, 1862. FRIEND ROW.—Not seeing anything in your excellent paper, from our regiment for some time, and as we have the prospect of a rest for once; therefore, permit me through the Journal, to acquaint our friends in Clearfield of our whereabouts and of our present condition. We are now encamped near Alexandria, and we begin to feel ourselves quite at home in this pleasant valley. It is true, the 84th has seen very hard times since it has been in the service, and many of its brave men have fallen victims to disease, through hard fighting and hard marching has had a terrible effect upon our ranks. Friend after friend has dropped out, until our ranks have become so thinned, that the authorities seeing this, prudently said to us, "stop, and call upon your friends to help you. We have had to endure toil and hardships, and many of our friends have met death yet the old flag is just as dear as ever, and we are not willing to give up a single star.—In fact, the more fighting we do, and the farther south we get, the more deeply are we convinced that the government must and will maintain itself. But friends of Clearfield, we have started in advance of you, have for eight months shared camp life—six of them were spent in active service—five times have we faced the enemy—in marching we have been second to none—in honor, we perhaps, have had our share, yet, that has been done as was done willingly, life itself has been offered as a willing sacrifice for the preservation of the institutions purchased by the blood of our forefathers. Are you willing to share our toils, our hardships, and our honor? Are you willing that the 84th shall maintain the glory it has won, and gain still greater honors? Then, fly to our relief! Embrace the opportunity that will be presented to you, (by the time this reaches you) and give your names as members of the 84th regiment of Pennsylvania volunteers. We appeal to you in the name of the country that has given you birth and protection—that has always given law and justice to all. Come, let us with willing and united hands put down this unholy rebellion. Let me appeal, more particularly, to my immediate neighbors and friends; I mean the citizens of Brady and adjoining townships. I know your circumstances. I am already ac-

quainted with the excuses you will offer. Yet, none of you can sacrifice more, than many of us have already sacrificed. Our homes, our wives and our little ones have been left behind, and we have endured toils, hardships and privations of every kind, and I was going to say the taunts of the silly selfishness of the community. These things, it is true, are unpleasant to us at present, but we look forward to a day of glorious recompense. We expect to see the country, from Clearfield county speedily filled up by her noble sons—who by those who have been waiting for an opportunity to enter the service of their country and distinguish themselves as men of courage and patriotism. Company K would like to have its ranks filled immediately, with good sound men, such as Clearfield county can produce, and especially from the western part where there are comparatively few left. Let no motive induce you to stay back. Lay aside every argument that may be used to prevent your coming to our relief. Look down with contempt upon any one that would induce you to stay back, (unless it be a loving and kind heart) and say to her my country needs me, and I will go. You will be welcomed by true hearts and willing hands. The 84th needs but a few of the true men of Clearfield county to make it one of the best regiments in the service. We have lost one of the bravest of Colonels, yet, we cherish his memory. Col. S. M. Bowman has been appointed in his place; and, so far as I am acquainted with Col. Bowman, I believe him to be an efficient officer, and a gentleman in every sense of the word.

But, why waste words and time. Young men of Clearfield county, we have given you the facts. Many of your associates have fallen bravely before the enemy, and many others have been taken prisoners. Come, let us redeem them. Yours, &c. W. K. A.

The Rebel Army in the Southwest. CORINTH, July 5.—From a former employee of the Mobile and Ohio Railroad, who has arrived here, via Tupelo, we learn that two gunboats and one ram are in Mobile bay. There are 10,000 troops stationed below Mobile.

The fortifications around that city, which were commenced in 1861, are now completed, and the inhabitants are sanguine, believing that Mobile cannot be taken. He says that Gen. Bragg is in command at Tupelo with 45,000 men. Breckinridge had left there with 30,000 men. All the troops were short of clothing and provisions. They have been twice a week, but no coffee nor salt. The rebels say they came to take Corinth, and the rebel impressions generally are that the army of our troops have gone East. It is the unanimous testimony of scouts and deserters that no rebel troops, except cavalry, have gone East.

AYER'S SARSAPARILLA.—Is a concentrated extract of Para Sarsaparilla, so combined with other substance of still greater alternative power as to afford an effective antidote for all diseases arising from impure blood. Such a remedy is surely wanted by those who suffer from Stramon complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How complete this compound will do it has been proven by experiment on many of the worst cases to be found in the following complaints: Scrofula and Scrofula complaints, Eruptions and Eruptive diseases, Ulcers, Bores, Blisters, Tumors, Salt Rheum, Scald Head, Syphilis, and Syphilitic affections, Mercurial diseases, Dropsy, Neuralgia or Tic Doloroux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from impurity of the blood. This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely use of this compound, many ranking disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and noxious sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alternative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer for cleansing the blood. Keep the blood healthy, and all is well; but with the putrid blood of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown. During late years, the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they use only contain little if any sarsaparilla, but painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall rescue the name from the load of obliquity which rests upon it. And we think we have ground for believing that where there is imposition, it is by the ordinary run of the diseases it is intended to cure. Prepared by Dr. J. C. AYER & CO., Lowell, Mass. Price \$1 per bottle, 6 bottles in one package \$5.
