P THE STATE TICKET .- As stated by us last week, the few official figures received indicate a small Democratic majority for the State licket-but, perhaps, not so large as then stated. If the army vote be counted, the Union ricket will be elected.

We thank the author, for a copy of "The Common School Laws of Pennsylvania, with the Decisions of the Superintendent, and explanatory instructions and form, Revised and Digested by Thomas H. Burrows, Superintendent, of Common Schools, 1862."

ELE COUNTY MOUNTAINBERS .- The drafted men from Elk county, reached this place last evening, in charge of Mr. Horton the Commissioner, and proceeded on their way east this morning. They are a hardy and rugged set of men, and will do good service for the Union, should they come in contact with the rebels. Success to the Elk boys.

A finer set of men have not left our county. We feel confident they will do their whole duty to their government, and never cause their friends to biush on acount of cowardice. We wish them a successful career as soldiers of the Union and a safe return to their homes in

A Rich Ose .- We have been informed, that a certain b'hoy (timothy dodger) was recently "tied" to a "better half," in a remote section of our county, and that the 'Squire had to do the "splicing" on "tick." This, certainly, was "doing it up brown," as the baker said about his pies-especially, when it gratis, under a protended "salary of one hundred dollars a month from the Government" for that purpose. Ha! ha! ha! Certainly that chap is green, and needs a little more baking. Wonder who he is !

THE CONTINENTAL MONTHLY .- The November number of this new and interesting publication has been received. Its contributions are from the pens of writers of acknowledged ability, in every department of Literature, Art and Politics. The number before us contains political articles from the pens of Hon-Robert J. Walker and Hon. Frederick P. Stan ton, who have become editorially connected with the magazine. Terms, \$3 single copy; two copies \$5: three copies \$6. Any person remitting \$3, in advance, will receive the Magazine from July 1862. to January 1864. Address, J. F. Trow, Publisher, No. 60 Greene Street, New York.

FREE School.-The free schools in Clearfield Borough will commence on Monday next, (Nov. 3rd.) and cotinue 4 months. It is very desirable that all scholars should come at once and continue in regular attendance; otherwise they cannot be expected to improve much in their studies.

The Board of Directors have adopted Wil son's series of School Books The other Books displaced by this series will not be used. Arrangements have been made by which the books just adopted can be had at a reduced price at the Store of Reed, Weaver & Co. The books just adopted are so superior to any of the kind heretofore used that it is thought economy to have them even if they were more costly than they really are.

GEORGE THORN, President of the Board.

YER'S SARSAPARILLA.-Is a con-A centrated extract of Pa.a Sarsaparilla, so combined with other substance of still greater alternative power as to afford an effective antidote for dis ases Sarsaparilla is reputed to cure. Such a remedy is surely wa ted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afficted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst eases to be found in the following complaints

Serofuia and Serofula complaints, Eruptions and Eruptive diseases, Ulcers, Pimples Blotches, Tu-mors, Salt Rheum, Scald Head, Syphilis, and Sy-philitic affections. Mercurial diseases, Dropsy, Neuralgia or Tic Doloreux, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from impurity of the blood.

This compound will be foun. great promoter of health, when taken in the spr ng, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alternative medicine. Cleanse out the vitinted blood whenever you find its impurities bursting through the skin i. pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; clense it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health and live longer for clernsing the blood. Keep the blood healthy, and all is well; but with the pubulum of life disordered. there can be no lasting health. Sooner or later something must go wrong, and the great machin-ery of life is disordered or overthrown.

During late years, the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar Most of these have been frauds upon the sick, for they not only contain little, if any sarsaparilla, but painful disappointment has followed the use of the various extracts of Sarsapavilla which flood the market, until the name itself is justly despised and has become synonomius with imposition and cheat. Still we call this compound Sarsaparilla. and intend to supply such a remedy as shall res-cue the name from the load of obliquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to

DROSPECTES OF THE CONTINEN. TAL MONTHLY.—There are periods n the world's history marked by extraordinary and violent crises, sudden as the of a volcano, or the bursting of a storm on the ocean. These crises weep away in a moment the landmarks of generations. They call out fresh talent, and give to the old new direction. It is then that new ideas are born, new theories develocean. These crises weep away in a moment the landmarks of generations. They call out fresh talent, and give to the old new direction. It is then that new ideas are born, new theories developed. Such periods demand fresh exponents, and new men for expounders.

This Continut has lately been convulsed by

This Continent has lately been convulsed by an upheaving so sudden and terrible that the relations of all men and all classes to each other are violently disturbed, and people look about for the elements with which to sway the storm and direet the whirlwind. Just at present, we do not know what all this is to bring forth; but we do know that great results must flow from such extraordinary commotions.

At a juncture so solemn and so important, there is a special need that the intellectual force of the country should be active and efficient. It is a time for great minds to speak their thoughts bold ly, and to take position as the advance guard. To this end, there is a special want unsupplied. It is that of an Independent Magazine, which shall be open to the first intellects of the land, and which shall treat the issue presented, and to be presented to the country, in a tone no way tempered by partizanship, or influenced by fear, favor or the hope of reward, which shall seize and grapple with the momentous subjects that the present disturbed state of affairs beave to the surface, and which

can not be laid aside or neglected.

To meet this want, the undersigned have commenced, under the editorial charge of Charles G.

Leland, the publication of a new Magazine, devoted to Literature and National Policy.

In Politics, it will advocate, with all the force at its command, measures best adapted to preserve the oneness and integrity of these United States. It will never yield to the idea of any disruption of this kepublic, peaceably or otherwise; and it will discuss with honesty and impartiality what must be done to save it. In this department, some of the most eminent statesmen of the time will contribute regularly to its pages.

In Literature, it will be sustained by the best writers and ablest thinkers of this country.

Among its attractions will be presented, in an early number, a New Serial of American Life." early number. a 'New Serial of American Life,'
by Richard Kimball, Esq., the very popular author
of "The Revelations of Wall Street." "St. Legert'
&c. A series of papers by Hon Horace Greely,
embodying the distinguished author's observations
on the growth and development of the Grea.
West. A series of articles by the author of
Through the Cotton States." contains the re-"Through the Cotton States," containing the result of an extended tour in the seashore Slave States, just prior to the breaking out of the war. and presenting a startling and truthful picture of the real condition of that region. No pains will be spared to render the literary attractions of the CONTINENTAL both brilliant and substantial The lyrical or descriptive talents of the most eminent literati have been promised to its pages; and nothing will be admitted which will not be distinguished by marked energy originality, and solid strength. Avoiding every influence or as-sociation partaking of clique or coterie, it will be open to all contributions of real merit, even from writers differing materially in their views; the only limitations required being that of devotion to the Union, and the only standard of acceptance

that of intrinsic excellence.

The Editorial Department will embrace, in addition to vigorous and fearless comments on the events of the times, genial gossip with the reader on all current topics, and also devote abundant space to those racy specimens of American wit and humor, without which there can be no perfect exposition of our national character Among those who will contribute regularly to this department may be mentioned the name of Charles F. Browne (Artemus Ward), from whom we shall present in the March number, the first of an entirely new and original series of "Sketches of Western Life". The CONTINENTEL will be liberal and progressive, without yielding to chimeras and hopes he youd the grasp of the age; and it will endeavor to reflect the feelings and interests of the American people, and to illustrate both their serious and humorous peculiarities. In short no pains will

be spared to make it the Representative Magazine of the time.
