PROSPECTUS OF THE CONTINEN-TAL MONTHLY.-There are periods n the world's history marked by extraordinary and violent crises, sudden as the breaking forth of a volcano, or the bursting of a storm on the ocean. These crises sweep away in a moment the landmarks of generations. They call out fresh talent, and give to the old new direction. It is then that new ideas are born, new theories devel-oped. Such periods demand fresh exponents, and new men for expounders.

GODEY'S LADY'S BOOK FOR 1863. GREAT LITERARY AND PICTORIAL YEAR!

The publisher of Godey's Lady's Book, thank ful to that public which has enabled him to pub lish a magazine for the last 33 years of a larger circulation than any in America, has made an ar rangement with the most popular anthoress in this country-MARION HARLAND, Enthoress of "Alone." "Hidden Path." "Moss Side." "Nemesis." and "Miriam." who will furnish a story for every num-ber of the Lady's Book for 1863. This alone will place the Lady's Book in a literary point of view far ahead of any other magazine. Marion Harland writes for no other publication. Our other favorite writers will all continue to furnish arti-

cles throughout the year. Sixty-Sixth and Sixty-Seventh volumes of Go-dey's Lady's Book for 1863, will contain nearly 1300 pages of Reading matter, 24 pages of Music. 12 Double Extension Colored Fashion Plates, equal to 24 of other magazines, over 1200 wood engrav-ings. 14 steel engravings of beautiful subjects. 780 articles by the best authors in America. And all these will be given in 1863, at prices for which see our extremely low club rates.

The oldest, the best, and the cheapest magazine in America is the Godey's Lady's Book. The immense increase in the circulation of Godey (having trebled itself in the last 4 years) is a convincing proof of the superiority of the work. if the work itself was not sufficient evidence. And when it is considered that not a bribe in the shape of a premium has ever been offered, it shows that Go-dey's Lady's Book stands first in the hearts of American ladies, who subscribe for the sake of the Book and not the premium. The Literature of the Lady's Book is by the first writers in America, and has always been remarkable for its high literary and moral character. Clergymen recommend the Book, and it can be read aloud in the family circle. The matter is far superior to that of any other magazine, having a

This Continent has lately been convulsed by an upheaving so sudden and terrible that the relations of all men and all classes to each other are violently disturbed, and people look about for the elements with which to sway the storm and direct the whirlwind. Just at present, we do not know what all this is to bring forth ; but we do know that great results must flow from such extraordinary commotions.

At a juncture so solemn and so important, there is a special need that the intellectual force of the country should be active and efficient. It is a time for great minds to speak their thoughts bold ly, fand to take position as the advance guard. To this end, there is a special want unsupplied. It is that of an Independent Magazine, which shall be open to the first intellects of the land, and which hall want the first intellects of the land, and which hall want the state of the land, and which hall be the first intellects of the land, and which hall be the first intellects of the land, and which hall be the first intellects of the land, and which shall treat the issue presented, and to be presented to the country, in a tone no way tempered by par-tizanship, or influenced by fear, favor or the hope of reward, which shall seize and grapple with the momentous subjects that the present disturbed state of affairs heave to the surface, and which can not be laid aside or neglected.

To meet this want, the undersigned have com-menced, under the editorial charge of Charles G. Leland, the publication of a new Magazine, devot-

ed to Literature and National Policy. In Politics, it will advocate, with all the force at its command, measures best adapted to preserve the oneness and integrity of these United States. It will never yield to the idea of any disruption of this Republic, peaceably or otherwise; and it will discuss with hongsty and impartiality what must be done to save if. In this department, some of the most eminent statesmen of the time will contribute regularly to its pages. In Literature, it will be sustained by the best

Among its attractions will be presented, in an early number, a 'New Serial of American Life," by Richard Kimball, Esq., the very popular author of "The Revelations of Wall Street," "St. Legert" &c. A series of papers by Hon. Horace Greely, embodying the distinguished author's observations on the growth and development of the Grea. West. A series of articles by the anthor of "Through the Cotton States," containing the re-sult of an extended tour in the seashore Slave States, just prior to the breaking out of the war. and presenting a startling and truthful picture of the real condition of that region. No pains will be spared to render the literary attractions of the CONTINENTAL both brilliant and substantial The lyvical or descriptive talents of the most emineht literati have been promised to its pages; and nothing will be admitted which will not be dissolid strength. Avoiding every influence or as-sociation partaking of clique or coterie, it will be open to all contributions of real merit, even from writers differing materially in their views; the only limitations required being that of devotion to the Union, and the only standard of acceptance

that of intrinsis excellence. The Editorial Department will embrace, in addition to vigorous and fearless comments on the events of the times, genial gossip with the reader on all current topics, and also devote abundant space to those racy specimens of American wit and humor, without which there can be no perfect exposition of our national character Among those who will contribute regularly to this department may be mentioned the name of Charles F. Browne (Artemus Ward), from whom we shall present in the March number, the first of an entirely new and

original series of "Sketches of Western Life" The CONTINENTEL will be liberal and progre sive, without yielding to chimeras and hopes beyend the grasp of the age ; and it will endeavor to reflect the feelings and interests of the Ameri-can people, and to illustrate both their serious and humorous peculiarities. In short no pains will be spared to make it the Representative Magazine

LINDSEY'S

BLOOD SEARCHER. In renewing of my acquaintance with the many friends of my medicine, 1 deem it proper to caution them and the public, generally, against the use of an article prepared and sold by a man calling himself "Geo. H. Keyser, Pittsbury, Pa.," who has the impudence to call it

and states that it is made from my recipe, and, as if to carry out a regular game of "Stop Thief." he tells the public that "there is a counterfeit in the market." to see that his name is over the cork the market." to see that his name is over the cork of every bottle" &c. He also publishes the most extravagant certificate headed "A Blind Man Cured"—"A Bad Sore Leg Cured." &c. I allowed him to proceed in this way for nearly twelve months, knowing that those who had either need or sold my article would have nothing to do with his, but I found there was a number unacquaint-ed with mine who were induced from the table ed with mine who were induced from the above statements to give his a trial. The consequence was disappointment to them and injury to me. as they would at once pronounce Lindsey's Blood Searcher a humbug, without knowing that move was the

healthy and instructive tone. Eight Specialities that no other magazine has, and only found in Godey. to wit: "Original Mu-sie," "Model Cottages, with diagrams." "Drawing Lessons," "Original Health Department," "Children's Department," . Chemistry for the Young." "Horticultural Department." and "Double Exten-sion Fashion-plates." Godey's great speciality, unparalleled and unapproached. Competition dead in this department. Our imitators have a-

bandoned the attempt. Of Steel engravings, the press have unanimously pronounced Godey's the best ever published by any magazine of the world. You may look in vain for 14 such steel engravings as were publish-ed during the year 1862, and those for 1863 will surpass them. Other magazines do not go to the expense of original designs for their steel engrav-ings. The Double Fashion-plate has from 5 to 7 full length fashions on each plate. Other maga-zines give but two. Godey is the only work in the world that gives these immense plates, which cost \$10,000 more than the old style. These fashions may be relied on as correct. They are always

the latest styles, and hence ladies are not subject to ridicule for wearing old fashions, when they v sit the large cities Godey's Wood engraving Novelties. Of these

we give double the number of any other maga-sine. no matter what its price may be. Colored embroidery patterns and lingeric. Every number contains patterns of some article for

a lady to work-ottomans, backs of chairs, slippers, etc. Among the articles to be continued, and which

have been appreciated, will be Gardening for the Ladies. Mr. H. A. Breer, the celebrated Horticulturist of this city, will assist in this department Our Musical Department. Three dollars' worth of Music is given every year; and if it were only for the music alone, the Lady's Book would be

cheap at the price we ask for it. In the various numbers for 1863, will be found diagrams for Children's and Lodics' dresses ; chil-dren's samples for learning ; the newest designs for window curtains, broderie anglaise, slippers bonnets, caps. cloaks, evening-dresses fancy arti-cles, headdresses, hair-dressing, robes-de-cham-bre, carriage dresses, brides' dresses, wreaths, mantillas, walking-dresses, morning-dresses, ri-ding habits, collars, chemisettes, undersleeves, patchwork, embroidery patterns, and crochet and notting work. Our designs are received semi-monthly from our agents in France, England, and Germany, and every new pattern of any portion of a lady's dress appears first in the Lady's Book. Drawing in all its variety, useful to the beginner and the proficient. Fashions from the establishment of the celebrated "Brodie" will be in every number. Also gives Model cottages.

Godey's invaluable receipts upon every subject. indispensable to every family, worth more than the whole cost of the Book, and a great saving of expense to all those who take the book. Godey's Lady's Book is also used as a premium at nearly every Agricultural exhibition in the United States -another testimony of its worth.
