WHO SENT THEM.

Old mother Benner was pious, but poor. In the midst of her extreme want, her trust and confidence was put in God.

It was late one chilly night in the autumn of the year, when two rather wild young men were passing her cottage on their way home. One of them had under his arm some loaves of bread which he had purchased at the village store. A faint light glimmered from Mother Benner's casement. Said the one who had the loaves to his companion:

"Let us have some fun with the old wo-

"Agreed," said the other.

They approached the house, and peeping into the window, saw the old woman upon her knees by the hearth, where a few embers were monidering in the ashes. She was engaged in prayer. They listened and heard her offering and honest petition for bread. She was utterly destitute of bread.

In furtherance of their fun, one of them with the loaves climbed softly up the roof of the cottage and dropped one loaf after the other down the chimney. As the bread rolled down on the hearth, they caught the lady's eye, and in the fullness of her heart she exclaimed : "Thank the Lord; bless the Lord for his bounty."

"But the Lord didn't send them," shouted a voice from the chimney.

"Yes, he did," said she, undauntedly, "the Lord sent them, and the Devil brought them."

PROSPECTUS OF THE CONTINEN-TAL MONTRLY.—There are periods n the world's history marked by extraordinary and violent crises, sudden as the breaking forth of a volcano, or the bursting of a storm on the ocean. These crises sweep away in a moment the landmarks of generations. They call out fresh talent, and give to the old new direction. It is then that new ideas are born, new theories developed. Such periods demand fresh exponents, and

This Continent has lately been convulsed by an upheaving so sudden and terrible that the relations of all men and all classes to each other are rect the whirlwind. Just at present, we do not know what all this is to bring forth; but we do know that great results must flow from such ex-

traordinary commetions. At a juncture so solemn and so important, there is a special need that the intellectual force of the | Ducals, country should be active and efficient. It is a Siiks, time for great minds to speak their thoughts bold ly, and to take position as the advance guard. To this end, there is a special want unsupplied. It is that of an Independent Magazine, which shall be open to the first intellects of the land, and which shall treat the issue presented, and to be presented to the country, in a tone no way tempered by partizanship, or influenced by fear, favor or the hope of reward, which shall seize and grapple with the momentous subjects that the present disturbed state of affairs heave to the surface, and which

can not be laid aside or neglected. To meet this want, the undersigned have commenced, under the editorial charge of Charles G. Leland, the publication of a new Magazine, devot-

ed to Literature and National Policy.
In Politics, it will advocate, with all the force at its command, measures best adapted to preserve the oneness and integrity of these United States. It will never yield to the idea of any disruption of this Republic, peaceably or otherwise; and it will discuss with honesty and impartiality what must be done to save it. In this department, some of the most eminent statesmen of the time will contribute regularly to its pages.

In Literature, it will be sustained by the best writers and ablest thinkers of this country. Among its attractions will be presented, in an early number, a 'New Serial of American Life," by Richard Kimball, Esq., the very popular author of "The Revelations of Wall Street." "St. Legert" on the growth and development of the Grea. West. A series of articles by the author of "Through the Cotton States," containing the result of an extended tour in the seashore Slave States, just prior to the breaking out of the war. and presenting a startling and truthful picture of the real condition of that region. No pains will be spared to render the literary attractions of the CONTINENTAL both brilliant and substantial The lyrical or descriptive talents of the most eminent iterati have been promised to its pages; and nothing will be admitted which will not be distinguished by marked energy originality, and solid strength. Avoiding every influence or association partaking of clique or coterie, it will be open to all contributions of real merit, even from writers differing materially in their views; the only limitations required being that of devotion to the Union, and the only standard of acceptance that of intrinsic excellence.

that of intrinsic excellence.

The Editorial Department will embrace, in addition to vigorous and fearless comments on the events of the times, genial gossip with the reader on all current topics, and also devote abundant space to those racy specimens of American wit and humor, without which there can be no perfect exposition of our national character. Among those who will contribute regularly to this department may be mentioned the name of Charles F. Browne (Artemus Ward), from whom we shall present in Artemus Ward), from whom we shall present in the March number, the first of an entirely new and original series of "Sketches of Western Life"

The CONTINENTEL will be liberal and progressive, without yielding to chimeras and hopes be-yend the grasp of the age; and it will endeavor to reflect the feelings and interests of the Ameri-can people, and to illustrate both their serious and humorous peculiarities. In short no pains will be spared to make it the Representative Magazine

LINDSEY'S BLOOD SEARCHER. In renewing of my acquaintance with the many friends of my medicine. I deem it proper to caution them and the public, generally, against the use of an article prepared and sold by a man callng himself "Geo. H. Keyser, Pittsbury, Pa.," who has the impudence to call it

This atone will place the Lady's Book in a literary point of view far ahead of any other magazine. Marion Har-land writes for no other publication. Our other favorite writers will all continue to furnish arti-

eles throughout the year. Sixty-Sixth and Sixty-Seventh volumes of Go-dey's Lady's Book for 1863, will contain nearly 1300 pages of Reading matter, 24 pages of Music. 12 Double Extension Colored Fashion Plates, equal to 24 of other magazines, over 1200 wood engravings, 14 steel engravings of beautiful subjects, 78 articles by the best authors in America. these will be given in 1863, at prices for which see our extremely low club rates.

The oldest, the best, and the cheapest magazine in America is the Godey's Lady's Book. The immense increase in the circulation of Godey (having trebled itself in the last 4 years) is a convinc ing proof of the superiority of the work, if the work itself was not sufficient evidence. And when it is considered that not a bribe in the shape of a premium has ever been offered, it shows that Go-dey's Lady's Book stands first in the hearts of Awho subscribe for the sake of the

Book and not the premium.

The Literature of the Lady's Book is by the first writers in America, and has always been remarkable for its high literary and moral character. Clergymen recommend the Book, and it can be read aloud in the family circle. The matter is far

superior to that of any other magazine, having a healthy and instructive tone. Eight Specialities that no other magazine has, and only found in Godey, to wit: "Original Mu-sic," "Model Cottages, with diagrams." "Drawing Lessons." "Original Health Department." dren's Department," Chemistry for the Young, "Horticultural Department." and "Double Exten sion Fashion-plates" Godey's great speciality. unparalleled and unapproached. Competition dead in this department. Our imitators have a

bandoned the attempt. Of Steel engravings, the press have unanimous ly pronounced Godey's the best ever published by any magazine of the world. You may look in vain for 14 such steel engravings as were published during the year 1862, and those for 1863 will surpass them. Other magazines do not go to the expense of original designs for their steel engravings. The Double Fashion-plate has from 5 to 7 full length fashions on each plate. Other magazines give but two. Godey is the only work in the world that gives these immense plates, which cost \$10,000 more than the old style. These fashions may be relied on as correct. They are always the latest styles, and hence ladies are not subject

to ridicule for wearing old fashions, when they v.sit the large cities Godey's Wood engraving Novelties. Of these we give double the number of any other magazine, no matter what its price may be.

Breer, the celebrated Horticulturist of this city, will assist in this department Our Musical Department. Three dollars' worth of Music is given every year; and if it were only for the music alone, the Lady's Book would be

cheap at the price we ask for it.

In the various numbers for 1863, will be found diagrams for Children's and Ladics' dresses; children's samples for learning; the newest designs for window curtains, broderie anglaise, slippers bonnets, caps, cloaks, evening-dresses, fancy articles, headdresses, hair-dressing, robes-de-chambre, carriage dresses, brides' dresses, wreaths mantillas, walking-dresses, morning-dresses, riding habits, collars, chemisettes, undersleeves, patchwork, embroidery patterns, and crochet and notting work. Our designs are received semi-monthly from our agents in France, England, and Germany, and every new pattern of any portion of a lady's dress appears first in the Lady's Book. Drawing in all its variety, useful to the beginner and the proficient. Fashions from the establishment of the celebrated "Brodie" will be in every number. Also gives Model cottages. Godey's invaluable receipts upon every subject, indispensable to every family, worth more than

the whole cost of the Book, and a great saving of expense to all those who take the book. Godey's Lady's Book is also used as a premium at nearly every Agricultural exhibition in the United States
