PROSPECTUS OF THE CONTINEN-TAL MONTHLY.—There are periods n the world's history marked by extraordinary and violent crises, sudden as the breaking forth of a volcano, or the bursting of a storm on the cean. These crises weep away in a moment the landmarks of generations. They call out fresh talent, and give to the old new direction. It is then that new ideas are born, new theories devel-Such periods demand fresh exponents, and new men for expounders.

This Continent has lately been convulsed by an upheaving so sudden and terrible that the re lations of alt men and all classes to each other are violently disturbed, and people look about for the elements with which to sway the storm and direct the whirlwind. Just at present, we do not know what all this is to bring forth ; but we do know that great results must flow from such extraordinary commotions.

At a juncture so solemn and so important, there s a special need that the intellectual force of the country should be active and efficient. It is a time for great minds to speak their thoughts bold ly, and to take position as the advance guard. To this end, there is a special want unsupplied. It is that of an Independent Magazine, which shall be open to the first intellects of the land, and which shall treat the issue presented, and to be presented to the country, in a tone no way tempered by partizanship, or influenced by fear, favor or the hope of reward, which shall seize and grapple with the momentous subjects that the present disturbed state of affairs heave to the surface, and which can not be laid aside or neglected.

To meet this want, the undersigned have commenced, under the editorial charge of Charles G. Leland, the publication of a new Magazine, devot ed to Literature and National Policy.
In Politics, it will advocate, with all the force

at its command, measures best adapted to preserve the oneness and integrity of these United States It will never yield to the idea of any disruption of this Republic, penceably or otherwise; and it will discuss with honesty and impartiality what must be done to save it. In this department, some of the most eminent statesmen of the time will contribute regularly to its pages. In Literature, it will be sustained by the best

riters and ablest thinkers of this country. Among its attractions will be presented, in an arly number, a 'New Serial of American Life," by Richard Kimbail, Fsq., the very popular author of "The Revelations of Wall Street," "St. Legert" &c. A series of papers by Hon. Horace Greely, embodying the distinguished author's observations on the growth and development of the Grea, West. A series of articles by the author of "Through the Cotton States," containing the result of an extended tour in the' seashore Slave States, just prior to the breaking out of the war, and presenting a startling and truthful picture of the real condition of that region. No pains will be spared to render the literary attractions of the STINESTAL both brilliant and substantial The yrical or descriptive talents of the most eminent literati have been promised to its pages; and nothing will be admitted which will not be distinguished by marked energy originality, and solid strength. Avoiding every influence or asociation partaxing of clique or coterie, it will be open to all contributions of real merit, even from writers differing materially in their views; the only limitations required being that of devotion to the Union, and the only standard of acceptance

that of intrinsic excellence.

The Editorial Department will embrace, in addition to vigorous and fearless comments on the events of the times, genial gossip with the reader on all current topics, and also devote abundant space to those racy specimens of American wit and humor, without which there can be no perfect exposition of our national character Among those who will contribute regularly to this department may be mentioned the name of Charles F. Browne (Artemus Ward). from whom we shall present in the March number, the first of an entirely new and original series of "Sketches of Western Life

The CONTINENTEL will be liberal and progressive, without yielding to chimeras and hopes be-yend the grasp of the age; and it will endeavor o reflect the feelings and interests of the American people, and to illustrate both their serious and humorous peculiarities. In short no pains will be spared to make it the Representative Magazine

BLOOD SEARCHER. In renewing of my acquaintance with the many

friends of my medicine, I deem it proper to cau-tion them and the public, generally, against the use of an article prepared and sold by a man calling himself "Geo. H. Keyser, Pittsbury, Pa.," who has the impudence to call it LINDSEY'S IMPROVED BLOOD SEARCHER,

and states that it is made from my recipe, and, as if to carry out a regular game of Stop Thief, he tells the public that "there is a counterfeit in the market." to see that his name is over the cork of every bottle" &c. He also publishes the most extravagant certificate headed "A Blind Man Cured"-"A Bad Sore Leg Cured," &c. I allowed him to proceed in this way for nearly twelve months knowing that those who had either used or sold my article would have nothing to do with his, but I found there was a number unacquainted with mine who were induced from the above statements to give his a trial. The consequence was disappointment to them and injury to me, as they would at once pronounce Lindsey's Blood Searcher a humbug, without knowing that mine

Feb 27, 1861.

GREAT LITERARY AND PICTORIAL YEAR! The publisher of Godey's Lady's Book, thankful to that public which has enabled him to pub lish a magazine for the last 33 years of a larger circulation than any 'n America, has made an ar rangement with the most popular anthoress in this ountry-Marton Harland, nutheress of "Alone. Hidden Path. "Moss Side." "Nemesis." and Miriam." who will furnish a story for every numper of the Lady's Book for 1863. This alone will place the Lady's Book in a literary point of view far ahead of any other magazine. Marion Harland writes for no other publication. Our other favorite writers will all continue to furnish arti-

cles throughout the year. Sixty-Sixth and Sixty-Seventh volumes of Go-day's Lady's Book for 1863, will contain nearly 1300 pages of Reading matter, 24 pages of Music. 12 Double Extension Colored Fashion Plates, equal to 24 of other magazines, over 1200 wood engravings. 14 steel engravings of beautiful subjects, 78 articles by the best authors in America. And all these will be given in 1863, at prices for which ee our extremely low club rates.

The oldest, the best, and the cheapest magazine

in America is the Godey's Lady's Book. The immense increase in the circulation of Godey (having trebled itself in the last 4 years) is a convincing proof of the superiority of the work, if the work itself was not sufficient evidence. And when it is considered that not a bribe in the shape of a premium has ever been offered, it shows that Golev's Lady's Book stands first in the hearts of Anerican ladies, who subscribe for the sake of the Book and not the premium.

The Literature of the Lady's Book is by the first

writers in America, and has always been remarkable for its high literary and moral character Clergymen recommend the Book, and it can be read aloud in the family circle. The matter is far superior to that of any other magazine, having a healthy and instructive tone.

Eight Specialities that no other magazine has, to the rise in Sterling Exchange, and the New

and only found in Godey, to wit: "Original Mu-sic," "Model Cottages, with diagrams," "Drawing Lessons," "Original Health Department," "Children's Department. Chemistry for the Young, "Horticultural Department." and Double Exten sion Fashion-plates" Godey's great speciality unparalleled and unapproached. Competition dead in this department.
