

THE JOURNAL.

CLEARFIELD, PA., FEB 18, 1863.

Table with 4 columns: Direction, Time, and Station. Includes routes to Tyrone, Altoona, and Clearfield.

Time of Cars, Tyrone and Clearfield Branch. Leave S. Ridge 2:40 a.m. Leave Tyrone, 7:40 p.m.

New Post-Office.—A new Post-office has been established in Burnside township called "Westover," and Joseph Westover appointed Postmaster.

The weather during the past week has been rather moderate, and most of the snow has disappeared. This morning, however, the atmosphere is somewhat colder, with a prospect for another fall of snow.

ANOTHER DEMOCRATIC SPEECH.—On our first page will be found General Butlers speech delivered at a public reception given him at Lowell, Mass., on his return home. It will be read with interest by every true lover of his country.

ALMANAC.—The Ladies Pocket Almanac, published by the Wheeler & Wilson Sewing Machine Company, 704 Chestnut Street, Phila., has been issued, and will be sent gratis to any one, on receipt of a one-cent postage stamp. It contains much valuable information.

THE 149th PENN'A VOL.—By a private letter we learn that the 149th Regiment Penn'a Volunteers were under marching orders. They were to embark on transports, on Friday morning last at 8 o'clock, to join Gen. Hooker's army. We presume they have reached their destination ere this, unless the order was countermanded.

THE CONTINENTAL MONTHLY.—The February number of this valuable work has been out for some weeks, and abounds in interesting articles. The MONTHLY is devoted to "Literature and National Policy," and seems to be increasing in popularity from day to day. Among its contributors are some of the most talented writers in the country. Price, \$3; two copies for \$5.—Address John F. Trow, 50 Greene Street, New York.

NOTICE TO TAXPAYERS.—By reference to our advertising columns the reader will find that David Esson, Deputy Collector of the U. S. Taxes, in the 19th District will be at Luthersburg on Monday the 23d; at Curwensville on Tuesday the 24th; and at Clearfield on Wednesday and Thursday the 25th and 26th days of February. All persons interested should remember the time and places designated—otherwise, they are liable to pay ten per cent additional upon the amount of their taxes.

UNION MEN, BEWARE! The story, as represented to us, "that every man in Clearfield Borough, save one, had signed a petition asking for a cessation of hostilities and the appointment of commissioners to a peace convention?" we pronounce a falsehood—not a man with whom we have conversed having seen such a petition. Whether such petitions are really in circulation or not we cannot say; but should there be, we advise all true Union men to give them no countenance, as it is only a device of the "Copperheads" (who infest the North) to embarrass the Administration in the vigorous prosecution of the war, and to prevent a speedy restoration of the authority of the Constitution, and of the Union.

A striking illustration of the loyalty of the Illinois Legislature was given on February 13. In consequence of the defeat of the Canal Enlargement bill in Congress, resolutions were adopted authorizing the Governor to send Commissioners to the Canadian Parliament to seek for improved means of transportation to the Atlantic. Such an act is strictly forbidden by the United States Constitution, but the Copperheads do not know, or did not care, for the restriction.

SENATOR FROM CALIFORNIA.—The Hon. John Conness, just elected United States Senator from California, to succeed Mr. Latham, democrat, was formerly a Douglas democrat, and latterly a member of the Union Party. It is said the feud between the friends of Congressman Phelps and Mr. Sargeant prevented the election of a Senator of Republican antecedents, in accordance with the political bias of a large majority of the legislature.

Brigham Young, in his Message to the Legislature of Deseret, complains that his State has not been admitted or recognised by Congress. Its population during the past season has been increased by seven thousand immigrants, its southern settlements strengthened, cotton is to be grown, machinery has been imported especially for manufacturing wool, and there is every reason for encouragement as to its future prospects.

THE PIRATE ALABAMA.—A correspondent of the New York Evening Post writes that "The Alabama was seen on the 15th, one thousand nine hundred and eighty miles from where the Hatteras was sunk on the 11th. This makes it impossible that the Alabama sunk the Hatteras, and tends to confirm my first impression that the Hatteras was sunk by a British ship of war."

The Confederate Adjutant-General has decided that men with any portion of the blood of the white race are liable to conscription. This decision admits to the rebel army all the mulattoes and quadroons in the Confederacy.

The Havre Journal talks of a diamond just found by a negro in Brazil, far exceeding in dimensions the famous Kohinoor. It adds that Sambo means to establish with the proceeds of it a settlement for free blacks.

CORRESPONDENCE OF THE JOURNAL. CAMP, 56th Regiment Penn'a Volunteers. Near White Oak Church, Va. Feb 7, '63. Mr. Editor:—Dear Sir: You will much oblige me, by giving space in your paper to the following epistle, in answer to a letter published in the Republican some time ago; though I have but a faint idea of its contents, as I was informed of it through a letter from home. I will write in plain, clear language, that it may be understood by my friends in "Old Clearfield."

That letter was written by a citizen of Clearfield county, now in the army. He terms himself a "Republican"—I denominate myself a Democrat. He speaks of being "urged into the army as the war would soon be over"—I joined the army because I felt it my duty as a citizen of this great Republic. He says "the army is Democratic"—I say it is not—except the leaders, who are Democrats. It should be made up of Democrats. Our company numbered eighty-five men—ten of them were Democrats, and the remainder were Republicans. The ratio of the regiment is about the same as that of the company, and the army in general, I believe.

You may ask,—Why should the army be made up of Democrats? I answer,—because they caused the war; and by the same should it be settled. How did they cause the war? I answer in plain language—by a neglect of duty on the part of the Administration of which James Buchanan was the head! How did he neglect his duty as an officer? By allowing seven States to secede from the Union before the 4th of March, 1861; at which time his term of office expired—and, indeed, in various other ways. This war is conducted on Democratic principles! Says one—how is this war carried on on Democratic principle? Because the term Democratic signifies, that the majority shall rule on all occasions. Thus, you see, the war is a Democratic one—based on Democratic principles. Yet many are not satisfied with its progress—and worse than all, they are not willing to let the majority rule. Was not President Lincoln elected by an overwhelming majority? Yes! answers every true heart. Then why not sustain him, one and all, Democrats and Republicans, as long as he does right? Some may say, he does not do right. Isay, he does! Why does he not do right, or, wherein has he done wrong? By liberating the slaves of the South? There is just where he does right! Has not the Administration a right to resort to any means in its power in such an emergency as this? If you would remove disease would you not remove the cause also? While we crush the Rebellion let us crush the cause with it! I say that slavery is in the way of our success, in various ways; and by the time you are soldered as long as I have, you can see it too.

In the first place, while the whole South is in hostile array against us, the slave are attending to the domestic affairs of their masters, and at work on fortifications—and, indeed, some are in arms against us. By taking away their slaves (four millions) we take away their wealth, strength, and, what is better than all, weaken their ranks and strengthen ours. How does the taking away of the slaves weaken their ranks? If the negroes were taken away who would be left at home to take care of the Southern families and to provide for them? No one. Then in this way it would reduce them in strength, as the slaves place would have to be filled by the soldiers who are now in arms against us. And again, we can form the male blacks into line of battle to fight their traitor masters. It is my opinion that they would make good soldiers if commanded by white officers—which will be the case if they are brought into the field at all.

The cowards of the North may cry peace! peace! but there is no peace, so long as traitors are in arms against the Government. The war is in progress, and if some of those brawlers don't have to come and take a turn in the army, they may feel glad. Let this be the motto of every North man.—Liberty and Union, now and forever, one and inseparable. Yours, L. S.

ABUSES IN CHARTERING TRANSPORTS. WASHINGTON, Feb 9.—The report of Senator Grimes, in relation to the alleged abuses in the charter and outfit of transports for Gen. Banks' and other expeditions, is very voluminous. The document arrives at the following conclusions: First. That all government vessels should be secured through legitimate channels, by officers, in answer to advertisements.

Second. The practice of employing agents, with unlimited power to fix the rate of charter, cannot be justified. Third. That all vessels should be thoroughly inspected by competent experts, responsible to the military branches of the government.

Fourth. That the monopoly of chartering vessels by Hall, Loper, and others, cannot be justified. Fifth. That John Tucker, Assistant Secretary of War, and Col. James Belger, U. S. A., knew and tolerated such monopoly. Sixth. That no one should be allowed to act in the double capacity of broker and ship owner. Seventh. That the commission received by Hall, Loper, Danforth and others, amounting to hundreds of thousands of dollars, rightfully belonged to the government, and should be refunded.

Eighth. That many of the charters obtained through these persons were at an exorbitant value. Ninth. That Collins and Pickerrill should be made to refund their ill-gotten gains. Tenth. That no charter money should be paid to the persons above named. Eleventh. That Col. James Belger should be court-martialed. Twelfth. That John B. Danforth is guilty of a violation of the law.

Thirteenth. That the War Department should exercise vigilance in such cases, to prevent loss and restore confidence in its management. Fourteenth. That the facts in relation to perjury in some of these cases should be inquired into.

FIFTEENTH. That the South Carolina Legislature is discussing an act "to organize and supply negro labor for coast defence." Is not that unconstitutional? What say the Butterntuts?

SCURRY AND SCROFULOUS ERUPTIONS will soon cover the bodies of those brave men who are fighting their country's battles. Night air, bad food, and drenching rains will make sad havoc with the strongest, therefore let every man supply himself with Holloway's Ointment, it is a certain cure for every kind of skin disease. Only 25 cts per pot. 215

CLEANSE THE BLOOD.—With corrupt, disordered or vitiated Blood, you must seek all over. It may burst out in Pimples, or Sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. Ayer's Sarsaparilla purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and expelling disease. Hence it rapidly cures a variety of complaints which are caused by impurity of the blood, such as Scrofula or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blisters, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Cold Head, Ringworm, Cancer or Cancerous Tumors, Swelling, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, Syphilis or Venereal Diseases, Liver Complaints and Heart Diseases. It cures Sarsaparilla, and see for yourself the surprising efficacy with which it cleanses the blood and cures the disorders.

AYER'S CHERRY PECTORAL is so universally known to surpass every other remedy for the cure of Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the relief of Consumptive Patients in advanced stages of the disease, that it is useless here to recount the evidence of its virtues. The world knows the truth.

FRIENDS AND RELATIVES OF THE BRAVE SOLDIERS AND SAILORS. HOLLOWAY'S PILLS AND OINTMENT. All who have Friends and Relatives in the Army and Navy should take special care that they be amply supplied with these PILLS and Ointment, and where the brave Soldiers and Sailors have neglected to provide themselves with them, no better present can be sent them by their Friends. They have been proved to be the Soldier's severest friend in the hour of need.

Coughs and Colds Affecting Troops, Will be speedily relieved and effectually cured by using these admirable medicines, and by paying particular attention to the directions which are attached to each Pot or Box. Sick Headache and Want of Appetite, Incidental to Soldiers. These feelings which so sadden us usually arise from trouble or annoyances, obstructed perspiration, or eating and drinking unwholesome food, some, thus disturbing the healthful action of the Liver and Stomach. These organs must be relieved, if you desire to be well. The Pills taken according to the printed instructions, will quickly produce a healthy action in the Liver and Stomach, and as a natural consequence, a clear head and good appetite.

Weakness or Debility Induced by Over Fatigue Will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Never let the Bowels be either confined or unduly acted upon. It may seem strange that Holloway's Pills should be recommended for Dysentery and Flux, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the Liver and Stomach, and thus remove all the acrid humors from the system, which many persons give tone and vigor to the whole organic system, however deranged, while health and strength follow as a matter of course. Nothing will stop the relaxation of the Bowels so sure as this medicine.

Volunteers, Attention!—Indiscretions of Youth. Sores and Ulcers, Blisters and Swellings, can with certainty be radically cured, if the Pills are taken night and morning, and the Ointment be freely used as directed in the printed instructions. If treated in any other manner, they dry up in one part to break out in another. Whereas this Ointment will remove the humors from the system, and leave the Patient a healthy and vigorous man. It will require a little perseverance in bed cases to insure a lasting cure.

For Wounds either occasioned by the Bayonet, Sabre, or the Bullet, Scars or Bruises. To which every Soldier or Sailor are liable, there are no medicines so safe, sure, and convenient, as Holloway's Pills and Ointment. The poor wounded and almost dying sufferer might have his wound dressed immediately, if he would only provide himself with this matchless Ointment, which should be thrust into the wound and smeared all around it, then covered with a piece of linen from his knapsack and compressed with a handkerchief. Taking night and morning, and the Pills, will promptly cure the system and prevent inflammation.

Every Soldier's Knapsack and Seaman's Chest should be provided with these valuable remedies. CAUTION.—None are genuine unless the words "HOLLOWAY, NEW YORK and LONDON," are discernible as a WATER-MARK in every leaf of the book of directions around each pot or box; the same may be plainly seen by holding the leaf up to the light. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious. * Sold at the Manufactory of Professor Holloway, 58 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicines, throughout the civilized world, in boxes at 25 cents, 62 cents, and \$1 each. * There is considerable saving by taking the large size. * N. B.—Directions for the guidance of patients in every disorder are affixed to each box. NEW YORK, JANUARY 7, 1863. 1y.
