UNION STATE CONVENTION.

Local Citizens of Pennsylvania, without distinction of party who desire cordially to unite in sustaining the National and State Advertisements, in their patriotic efforts to suppress a sectional and unholy rebellion against the Unity of the Republic, and who desire to support by every power of the Government, our heroic brethren in arms, braving disease and the perils of the field to preserve the Union of our Fathers, are requested to select a number of Delegates equal to their Legislative representatives of the State, at such times and in such manner as will best respond to the spirit of this call, to meet in State Convention at Pittsburg, on Wednesday, the 1st of July next, at eleven o'clock, A. M., on said day to nominate candidates for the offices of Governor and Judge of the Supreme Court, and to take such measures as may be deemed necessary to strengthen the Government in this season of common peril to a common country.

C. P. MARBLE, Chairman of the Union State Central Com. Geo. W. HAMERLY, Secretary. Wm. J. HOWARD, Secy.

Our friend Asaph Kirk, of Penn township, will accept our thanks for the present of a pack of fine apples.

The river is still at a good rating stage, but we presume, most of the timber has left the upper streams, and is on its way to market.

The drug store of G. D. Watson, in this place, was broken into on Saturday night last, and robbed of some three to five dollars in copper, and several pounds of candies. The burglars forced the back door and bored the bolt out of the inner door.

We publish, this week, several interesting official documents, to which we ask the attention of the reader. On our outside will be found "The Peninsula Campaign" from the report of the Committee on the Conduct of the War, and on the inside the "Majority and Minority Reports" of the "Cameron" Investigating Committee.

An unfortunate affair took place near Suffolk, which resulted in the latter being shot by the former. It seems that Kimball had arrived with his command near Suffolk that day and, as is customary, stationed pickets around his camp. Col. Corcoran, in riding out, came upon these pickets, who stopped him and demanded the countersign, before passing. He however attempted to ride on without giving it, when Col. Kimball caught hold of the bridle of Col. C's horse, whereupon the latter drew a revolver and fired, hitting Col. C. and killing him almost instantly.

Among the papers found in the rebel private which was captured just as it was leaving San Francisco harbor, was an oath in which the party taking it bound himself by his "honor as a Southern gentleman" to keep secret, "even from the wife of his bosom," the piratical scheme. A circular was also discovered providing for the capture of Benicia and the two forts commanding San Francisco Harbor as a preliminary to the "desire of every Southern man"—the "withdrawal of California from the now contemptible Union."

When the troops of Gen. Burnside were passing through the streets of Cincinnati, recently, they passed the hall where the Democratic (?) Convention was in session. But not a shout or the waving of a hat, or a handkerchief, or even a friendly smile greeted the brave fellows who were going under the stars and stripes to meet the rebels. All was silence and sullenness in the "conservative" convention. Such is copperhead patriotism.

GLORY IN THEIR SHAME—Some of the rebel sympathizers. They wear an "old cent" on the coat lapel, or hat, as a badge of their Copperhead proclivities. And, we are informed, that in some localities they punch out the "head" on which is the word "Liberty"—that emblem of freedom having become offensive to them. Who has not heard of Tories, and of "black cockades"?

It is said, that Gen. Burnside's order to suppress sympathy with the rebels, in Kentucky, has had the desired effect—that class of traitors deeming it prudent to be less boisterous to their professions of disloyalty. According to the order, all spies and traitors, upon conviction, shall suffer death; and all persons declaring sympathies with the enemy, are to be sent beyond our lines.

Late advices from the city of Mexico state that the French were still before Puebla in their former position. Several skirmishes are said to have resulted to the discomfort of the French, and that sickness and the Mexican guerrillas were again annoying them. They were, however, continuing their preparations for an assault upon Puebla.

The latest advices from Moorhead city, N. C., announce that Gen. Foster has succeeded in passing the rebel blockades, in the steamer Escort, with the loss of the pilot killed, and several wounded. The Escort was riddled by about thirty shots. Foster was joyfully received at Newbern, on the night of the 15th.

The whole of the iron-clad fleet has reached Hilton Head in safety—Admiral Dupont having decided against the renewal of the attack upon Charleston at present.

The Republicans have carried the State of Wisconsin by about 10,000 majority—an increase over that of last year.

The Latest News.

The voice of the people at home, as expressed in the elections held within the last four weeks throughout this and other States, conveys an indication of loyalty which none but a fool or a persistent traitor will fail to heed.

The lesson which the elections in various localities inculcate, will lead to other results than that of the mere elevation of men to temporary power; and it would be well if those traitors at home, who have so persistently opposed the Government, and made trivial faults the excuse of bitter assaults on the civil and military authorities of the nation—it would be well for such as these if they heeded the lessons of the elections. These lessons are interesting to loyal citizens and instructive to copperhead Democrats. For the benefit of both, we present a review:

In Pennsylvania the result was eminently cheering. The loyal men of the State increased their vote in every county. If the same increase is attained at the fall election for Governor, the Union Republicans will carry Pennsylvania by an immense majority. If the increase is the same then, as it was in our city election, we can carry Pennsylvania by at least fifty thousand majority. To do this, however, we must organize at once, and agitate the question of loyalty wherever a traitor presumes on the freedom of speech to proclaim his treason. Let our friends remember that error cannot withstand agitation, and that modern democracy always fails when tested in such an ordeal.

We repeat the results as we have been able to compile and condense them, in the various States and cities beyond our own Commonwealth:

CONNECTICUT—Buckingham, Republican, elected Governor over Tom Seimore, Copperhead, by a majority of 2,468—a Republican gain of 400 over the gubernatorial vote of 1861. Three Republican Congressmen and one Democratic—a Republican gain of one Representative in Congress. In the State Legislature 14 Republican to 7 Democratic Senators, and 139 Republican to 94 Democratic Representatives.

ST. LOUIS—Radical Emancipation ("charcoal" or "abolition") candidate for Mayor elected by a majority of 2,647 over the Copperhead candidate. Combined Radical and Conservative Emancipation majority over the Copperheads, 5,196.

CINCINNATI—Union Mayor, City officers, Judge Superior Court, etc., elected by majorities ranging from 800 to 2,000 despite the most desperate efforts of the faction of the Copperheads.

MICHIGAN—Republican State ticket elected by a majority considerably increased over that of last fall. Democratic majority in Detroit fallen off 167 since last fall.

CLEVELAND—Entire Union ticket elected by from 500 to 700 majority.

TOLEDO—Union ticket, except Mayor, elected by an average majority of 185. A War Democrat Mayor elected in consequence of his utter repudiation of the Copperhead schemes of his party.

SANDUSKY—Redeemed from Copperheadism, giving a Union majority of 228—or a gain for the Republicans of 300 since last fall.

COLUMBUS—Copperheads successful, but with a loss of 700 votes since last fall.

CHILLICOTHE, Fremont, Newark, Zanesville, Akron, Mount Vernon, Steubenville, and all but Dayton, and a few of the small towns in Ohio have gone Union, and every where showing a remarkable change of sentiment adverse to the copperheads.

INDIANA—The township elections universally show large Union gains, and an overwhelming rejection against copperheads.

DAVENPORT, Iowa—The Union city ticket elected by 400 majority—a remarkable triumph for that city.

DEBUIQUE—Copperhead ticket elected by only 100 majority in the stronghold of Mahoneyism. Four out of five aldermen elected by the Unionists again of three.

KEOKUK—Union candidates all elected by 150 majority.

MOXWORTH and Froopert, Ill.—Copperheads very badly beaten.

JEFFERSON CITY and St. Joseph, Mo.—Both carried by the Radicals, with large majorities.

LEAVENWORTH, Kansas—Whole Republican ticket elected for the first time—"Radical Republican Mayor" by 700 majority.

KANSAS CITY—"Radicals" triumphant by a majority of 900.

This record, we believe, covers pretty fully the elections of the week: We recommend it, especially, to the perusal of Copperheads, and ask them to consider what it means.

The Navy department has received information that monitors were much less seriously injured than is generally reported.

Hon. J. P. Penney, was elected speaker by the Penn'a State Senate, previous to the adjournment of that body.

THE RAFTSMAN'S JOURNAL.

The Latest News.

A report was current several days since, that the army of the Potomac has commenced a forward movement; but our papers of Tuesday evening give no confirmation of the advance. Yet, such may be the fact.

Accounts from the west indicate an advance of Rosecrans' army. Burnside is pushing ahead towards Cumberland Gap. These reports indicate that active operations are about to commence. We may expect some exciting news during the next week.

UNION MEN MOBBED.—A dispatch from Indianapolis states that on the 18th, a Union meeting was broken up in Brown county, Indiana, by the K. G. C's, who shot several Union men. The leader of the "Knights" was also dangerously wounded. Another difficulty also occurred at Danville, in that State, between a party of the K. G. C's and Union men, in which five persons were wounded. In view of these outbreaks, Gen. Karrington has issued an order declaring the K. G. C's to be public enemies, and to be dealt with as such. These are the fruits of the teachings of such men as Vallandigham, and other Copperheads.

The new constitution, making West Virginia a free State, has been adopted by an overwhelming majority. In thirty-four counties heard from, the vote stands, For the amended Constitution 27,785, against it 571.

Copperheads—Origin of the Term—What it Means.—"Soon after the outbreak of the rebellion, the Springfield (O.) Republican, published a communication in which the writer noticed the rattlesnake as the emblem of the South's Carolina rebels, and stated that the rattlesnake was a more magnificent reptile than the copperhead snake, as the former gives notice before he strikes, while the latter, besides being more insidious, strikes you without giving you any warning; and applied the term copperheads to all the traitors and sympathizers with the rebels in the free States. Other papers soon adopted the term, and it has become very general, but some people do not see the point; and in Indiana I see some use the term copperbootoms, but I cannot see the point in copperbootoms. Copperheads is a very appropriate name for our free State rebels at heart."

AYER'S COMPOUND EXTRACT Sarsaparilla.—No other remedy is more needed in this country than a reliable Alternative, but the sick have been so outrageously cheated by the worthless preparations of Sarsaparilla abroad that they are deterred even with the best Ayer's, the drug cannot be blamed for the impositions from which they have suffered. Most of the so-called Sarsaparillas in the market contain little of the virtues of Sarsaparilla or anything else. They are mere dyes—merely coloring matter, and a concentrated extract of the active virtues of Sarsaparilla compounded with Dock, Stillingia, Iodine, etc. is, as it ever will be, a powerful alternative and an effectual remedy. Such is Ayer's Extract of Sarsaparilla, as its truly wonderful cures of the great variety of complaints which require an alterative medicine have abundantly shown. Do not, therefore, discard this invaluable medicine, because you have been imposed upon by something pretending to be Sarsaparilla, while it is not. When you buy Ayer's, then, and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agent below named will furnish gratis to all who apply. AYER'S CATHARTIC PILLS for the cure of Constipation, Jaundice, Dyspepsia, Indigestion, Dysentery, Foul Stomach, Headache, Piles, Rheumatism, Heartburn arising from Disordered Stomach, Pain or Morbid Irritation of the Bowels, Flatulency, Loss of Appetite, Liver Complaint, Dropsy, Worms, Gout, Neuralgia, and for a Dinner Pill. They are sugar-coated, so that the most sensitive can take them pleasantly, and they are the best purgative in the world for all the purposes of the sick who do not desire to take any other medicine. Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. and sold by

The thief is supposed to be John Williams, who is about 20 or 21 years of age, about 5 feet 2 or 10 inches high, has a small of aquiline eye and crooked mouth—when last seen, wore a low black hat, blue knit wammas, and grey pants, and usually wears a comfort about his neck—is very conceited. GODEY'S LADY'S BOOK FOR 1863 GREAT LITERARY AND PICTORIAL YEAR! The publisher of Godey's Lady's Book, thankful to the public which has enabled him to publish a magazine for the last 33 years of a larger circulation than any in America, has made an arrangement with the publishers of the "Godey's Lady's Book" to publish a new and improved edition of the "Godey's Lady's Book" for 1863. The new edition will be published in the month of August, and will contain nearly 1,500 pages of reading matter, 24 pages of Music, 12 Double Extension Colored Fashion Plates, equal to 24 of other magazines, over 1,200 wood engravings, 14 steel engravings of beautiful subjects, 750 illustrations of the most interesting scenes of the world, and all these will be given in 1863, at prices for which we are extremely low.

The oldest, the best, and the cheapest magazine in America is the Godey's Lady's Book. The number of subscribers to this magazine has increased in the last 4 years in a convincing proof of the superiority of the work, if the work itself was not sufficient evidence. And when it is considered that not a bribe in the shape of a premium has ever been offered, it shows that Godey's Lady's Book stands first in the hearts of American ladies, who subscribe for the sake of the Book and not the premium.

The Literature of the Lady's Book is by the best writers in America, and has always been remarkable for its high literary and moral character. Clergymen recommend the Book, and it can be read aloud in the family circle. The matter is far superior to that of any other magazine having a healthy and instructive tone.

Eight Specialties, that no other magazine has, and which are found in Godey's "Original Music," "Model Cottages with diagrams," "Drawing Lessons," "Original Health Department," "Children's Department," "Chemistry for the Young," "Horticultural Department," and "Double Extension Fashion Plates." The new designs for the latest styles, and hence ladies are not subject to ridicule for wearing old fashions, when they visit the large cities.

Godey's Wood Engraving Novelties. Of these we give double the number of any other magazine, no matter what its price may be. Colored embroidery patterns and lingerie. Extra number contains patterns of some articles for a lady to work—ottomans, backs of chairs, slippers, etc.

Among the articles to be continued, and which have been articulated, will be gardening for the Ladies. Mr. H. A. Breeer, the celebrated Horticulturist of this city, will assist in this department. Musical Department. Three dollars' worth of Music is given every year; and if it were only for the music alone, the Lady's Book would be cheap at the price we ask for it.

In the various numbers for 1863, will be found diagrams for Children's and Ladies' dresses; children's samples for learning the newest designs for window curtains, brocade, anglaise, slippers, bonnets, caps, cloaks, evening-dresses, fancy articles, head-dresses, hair-dressing, robes-de-chambre, carriage dresses, brides' dresses, wreaths, mantles, walking-dresses, morning-dresses, riding habits, collars, chemises, undersleeves, patchwork, embroidery patterns, and crochet and netting work. Our designs are received semi-monthly from our agents in France, England, and Italy, and every new pattern of any portion of a lady's dress appears first in the Lady's Book. Drawing in all its variety, useful to the beginner and the proficient. Fashions from the establishment of the celebrated "Brodie" will be in every number. Also give Model cottages.

Godey's invaluable receipts upon every subject, indispensable to every family, worth more than the whole cost of the Book, and a great saving of expense to all those who take the Book. Godey's Lady's Book is also used as a premium at nearly every Agricultural Exhibition in the United States—another testimony of its worth.

Send in your orders soon. The best plan of publishing is to send your money direct to the publisher, and to receive the Book by mail. If you send direct to the publisher, you must pay for the money to your association, you must look to it for your books. We will not supply a copy of the Lady's Book unless the money is sent direct to us. We have no agents for those acts we are responsible for.
