BUGGIES FOR SALE .- One Jenny Lind THE NEW-YORK TRIBUNE-1863 now in its twenty-second year, has obtained both a larger and a more, widely diffused circulation than any other newspaper ever published in A-merica. Though it has suffered, in common with other journals, from the volunteering and depar-ture of tens of thousands of its patrons to serve in the War for the Union, its circulation on this 6th

of December, 1862, is as follows: Daily, 50,125; Semi-Weckly, 17,250; Weekly. 148.000; Aggregate. 215.375. Preeminently a journal of News and of Literature. The Tribune has political convictions, which are well characterized by the single word REPUBLICAN. It is Republican in its hearty adhesion to the great truth that God has made of one blood all nations of men"-Republican in its assertion of the equal and inalienable rights of all men to "life, liberty, and the pursuit of happiness -Republican in its steadfast, carnest defiant hostility to every scheme and effort of the Slave Power, from the Annexation of Texas to the great Rebellion to grasp the empire of the New World and wield the resources of our country for its own aggrandizement-Republican in its antagonism to the aristocrats and despots of the Old World, who fondly hail in the perils and calamitics suddenly thrust upon us by their American counterpart the overthrow and ruin of the Model Republic-Republican in its hape and trust, its faith and effort, that this atrocious Rebellion must result in the signal overthrow of its plotters, and the firm establishment of equal rights and equal laws throughout the whole extent of our country. wherein Liberty and Union shall indeed be "one

and inseparable" henceforth and forever. THE TRIBUNE devotes attention in calmer times. and to some extent in these, to Education. Temperance. Agriculture, Inventions, and whatever else may minister to the spiritual and material progress and well being of mankind ; but for the present its energies and its columns are mainly devoted to the invigoration and success of the War for the Union. Its special correspondents accompany every considerable army and report every important incident of that great struggle which we trust is soon to result in the signal and conclusive triumph of the National arms and in the restoration of Peace and Thrift to our dis-tracted, bleeding country. We believe that not otherwise can a fuller or more accurate view of the view of the source of the second to the secon the progress and character of this momentous conflict be obtained than through the regular perusal of our columns. And we exceed y solicit the cooperation of all friends of the National cause, which we regard and uphold as that of Universal Humanity, to aid us in extending its c reulation.

DROSPECTUS OF THE CONTINEN-TAL MONTHLY.—There are periods n the world's history marked by extraordinary All goods d violent crises, s en as th breaking forth of a volcano, or the bursting of a storm on the ocean. These crises weep away in a moment the landmarks of generations. They call out fresh talent, and give to the old new direction. It is then that new ideas are born, new theories developed. Such periods demand fresh exponents, and new men for expounders. This Continent has lately been convulsed by an upheaving so sudden and terrible that the re-THE FIRST OF THE SEASON. lations of all men and all classes to each other are violently disturbed, and people look about for the elements with which to sway the storm and direat the whirlwind.
