We have received a letter from our correspondent C. E. THE LATE COLONEL CROWTHER.

This gentleman and soldier, killed in the recent battle near Fredericksburg, was well known to most of our citizens; and as many of the men in his command were from Clearfield county, no doubt, much regret will be felt, by the triends of those who served under him, at his untimely death. The following brief notice of Col. C's antecedents, and of the part he has taken in the suppression of the present rebellion, is taken from the Hollidaysburg Standard, and will be read with interest;

"During the recent battles at Fredericks this county, was killed whilst commanding his regiment in action. Col. Crowther removed to Tytone from Centre county, a number of years ago, and was engaged in business in that place till the breaking out of the war. He served as a bentenant in the three months service, and at the expiration of his enlistment taised a company for the 110th regiment, in the organizing of which he was elected major, became lieutenant colonel, and was finally promoted to its command. The fortunes of the 84th and 110th have long since become historic, and Col. Crowther participated in every action in which the 110th was engaged, and Il is notorious that these two regiments have seen more active service than any other regiments in the army. It was mainly owing to the energy and military skill of Col. Crowther that it was brought to its presant state of efficlency; but he dies, leaving his name not only linked to the fame of his gallant command, but respected and beloved by all who had intere urse wih him in the service, and by all who knew him in his private life: Col. Crowther was about forty-five years of age, and leaves a wife and family to mourn his unlimely, yet glorous death. Peace to his manes.

THE SIEGE OF PUEBLA. This long-continued and obstinately resisted siege still continued up to the latest dates. For the first two or three weeks the French gained some important advantages, having taken the fort San Javier, but not until it had been reduced to a mass of ruins, and the Mexicans had removed their guns. They also took several minor forts, and about one-third of the city. Since the middle of April. however, they have been unable to make any further advinces, and the confidence of the Mexicans in their ability to hold the city is daily increasing. The firing has been almost incessant. About the middle of April, after forty bours' cannonading, the besiegers succeeded in making a breach in one of the Mexican forts called Carmen ; but when they attempted to take it by assault, were repulsed with great taghter. Since then they appear to be osing ground. The Havana Siglo publishes

l'entirely false. This is the last news. Since the occupation of the fort San Javier the French army has not obtained any advantages; several attacks upon different points have had the same result-ill success and the most complete defeat. On the 19th the French opened a very severe cannonading upon the fort of Carmen. The cannonading lasted for torty hours, and having succeeded in opeing a breach, they hurried their columns to the assault. They penetated as fier as Concordin, but they were driven back by the bayonet, leaving the streets strewn with their dead and wounded.

At the last dates, the 23d, the French occupled only San Javier. The loss of the French is very great. They have lost a large numof commanders and officers. That of the Mexicans, according to reliable dates, amounts to 2,500 men. The forces of Carvajal, Cuellar and Millan are distributed on the road from Vera Cruz to Puebla awaiting the convoy that takes artillery, gunpowder and more than a million of dollars.

COPPERHEAD DOCTRINE.

W. W. Eaton, the King of the last Hartford Ct.) Convention, made these significant declarations in his closing speech : "The doings of this convention will awaken lively emotions in the South. The resolutions we have adopted will cause a thrill in the hearts of our Southern brethren. T. H. Seymour is a man whom the brave men and lovely women of invite our brethren of the South to unite with us."

"He did not believe one half the people of the North cared whether Jeff Davis was at Washington, or Abe Lincoln. "-Attorney General Critchfield's speech.

Price of New Jersey.

"The Democratic party had made up its mind to resist the unlawful usurpations of this imbecile Administration, to protect their rights

"There is not a Democrat in the land but will oppose this war with all his influence, as it is now to be carried on under the President's Proclamation."-Cincinnati Enquirer.

"This war must cease, and the rights of the South must be respected ; or in the last resort we must per force turn our artillery upon these Africanized guerrillas who have garrot ted the Constitution and every popular right." -Geo. P. Andrews, of New Jersey.

A YER'S COMPOUND EXTRACT SAR-SAPARULA .- No one remedy is more need-ed in this country than a reliable Alterative, but the sick have been so outrageously cheated by the worthless preparations of Sarsaparilla abroad that they are disgusted even with the name. Yet the drug cannot be blamed for the impositions from which they have suffered. Most of the socalled Sarsaparillas in the market contain little of the virtues of Sarsaparilla or anything else They are mere slops -inert and worthless, while a concentrated extract of the active variety of Sarsaparilla compounded with Deck. Stillingia. Iodine, etc., is, as it ever will be, a powerful al-terative and an effectual remedy. Such is Ayer's Extract of Sarsaparilla, as its truly wonderful cures of the great variety of complaints which require an alterative medicine have abundantly shown. Do not, therefore, discard this invaluable medicine, because you have been imposed up-on by something pretending to be Sarsaparilla, while it was not. When you have used Ayer's— then, and not till then, will you know the virtues of Sarsaparilla. For minute particulars of the diseases it cures, we refer you to Ayer's American Almanac, which the agent below named will fur
