\$25 REWARD.-Was lost on Tuesday.June 2d. between Clearfield Borough and the residence of the subscriber, in Bradford township, a large sized pocket book containing 260 dollars in Bank Notes, of various denominations. A re-ward of \$25 will be paid to the finder, on leaving the pocket book and money in the care of S. J. Row, at the Journal office in Clearfield, Pa. June 10, 1863. JOHN GRAHAM

Rumers were current that the rebels had reached Chambersburg, and burned the town _but this needs confermation, as our latest pspers gives no such accounts.

STATE DEFENCE .- We invite especial attention to the Proclamatien of Gov. Curtin, and the Army order of Major General Couch, published in another column to-day.

EXCELSION WINDMILL .- By reference to our advertising columns, it will be seen that W. Hancock, is now in this place, for the purpose of selling, to our farmers, one of the best Wind-mills in use. Persons wanting an article of the kind should call and examine them before purchasing elsewhere.

RESISTING THE DRAFT .- We publish to-day, in another column, the opinion of Wm. Whiting, Esg., Solicitor of the War Department, in reterence to resisting the draft, etc. This document should be read by every man in the county, as it is one of the most important papers that has fecently been issued by the War Department.

THE EXBOLLMENT .- The enrollment will be commenced in this county, within a few days. We hope that all good 'citizens will promptly answer the questions of the enrolling officers, so as to avoid all unnecessary delay, and hence avoid all difficulties connected therewith. The matter of registering the names is merely preliminary, and no one need trouble himself about his claim to exemption until he receives a printed or written notice that he has been drafted. He then has the privilege of appearing before the Board of Euroliment during ten days after the reception of the notice, and presenting the grounds upon which he claims exemption. This will relieve the minds of their right to exemption. All citizens drafted will be heard, and their cases carefully considered, as the law provides that none but able-bodied citizens of a certain age, legally as well as physically qualified, can be taken.

ARMY CORRESPONDENCE.

[The following letter has been handed us for publication by a triend. The writer was born and raised a Democrat but he, like many other intelligent men who think more of contry than of party, gives a hearty and unconditional support to the National Administration. The letter is worthy a perusal.]

STONEMAN'S SWITCH, Va., May 26, 1863. MY FRIEND JOHN :- . . . We are in receipt of most encouraging news from the southwest. Vicksburg is closely invested and I suppose ere this, it is ours; if we are to have it this season. If Vicksburg falls, Port Hudson will soon follow, and then the back-bone of Rebeldom will be broken ; a kick or two on the different sides will completely demolish the entire fabric. Where do they intend that their lines shall be established when they lose the Mississippi River ? What kind of country could they establish then ?

I learn by the "Inquirer" that there are men in Franklin county, Penn's, who are about to demand the release of the traitor Vallandigham of Ohio. Am I too fast when I say, hang such men ? I would at least recommend that all such men should be sent south with him. The northern man who would assist in such many who may be considering the validity of an enterprise is a more vile and poisonous foe than the man who is engaged in the war against us. Can you regard or respect such men ? I am as fond of such creatures as I am of black-snakes I am under the impression that a bad feel-

Way is it ?-Rumors in reference to rever be not prosper as well if he kept quiet? I ses to our armies are rife, this week, in our think much good can be done in this way, but town. Why such absurd talschoods are cir. to quarrel and to try to compel a man to turn culated we cannot comprehend. Many of them is entirely wrong, and tends to do harm rather than good.

Our cause is a just one and must prosper, though the war is called an unholy one; yet man never engaged in a more justifiable cause than the man is engaged in who fights in our ranks. The war is without cause on the part of the enemy; but on our part, we have a cause, a righteous cause ; a cause which will be triumphant, and, though the war may last for years to come, it will finally be ended in favor of the Union, which will be all the more powerful and untarnished. We know not when the war is to end, but if it is to end soon, our forces will be victorious in the southwest. If the war is not to ead soon, then our army on the Mississippi will be driven back, which I hope may never be. May God will it, that the enemy be discouraged and conquered, punished and made to repent. Hoping to hear from you again. I am, respectfully, A. s.

Instructions to Enrolling Officers. BOARD OF ENROLLMENT, Headquarters, Pro-

The enrollment, so far as you are concerned, must include all male persons between the ages of twenty and forty-five. In the ground of alienage, enroll his name, and, under the head of "Remarks," state your belief, from what you have known or heard, whether or not he has filed his declaration of intention to become a citizen. So of other persons claiming exemption that this Board will determine, when such persons shall be presented before it in pursuance of the law, whether or not they are subject to military duty.

4. The headings of the two kinds of enrollment blanks furnished to you will indicate into which class all persons fall. Enroll both classes at the same time, but upon seperate lists, as indicated, and BE CAREFUL to enter each same upon the proper one of the two sheets.

5. You will enroll all who have their legal may be temporarily absent therefrom. For instance: students in colleges or schools, leachers, apprentices, sailors, travellers, traveling merchants, and similar classes of cititens, must be encolled in the districts in which they have their respective domicils. Under the head of "Remarks" note such absence, and where.

6. You will judge of the ages of Individuals from the best information you can obtain in each case, but in every case make a decision as to whether the person in question is between the ages of twenty and forty-five ; and if so, enroll him in one or the other class, as the fact of married or single may determine. Widowers between thirty-five and forty-five years of age you will enroll in Class L.

From the Harrisburg Telegaph we learn, that engineers are to proceed to the erection of earth works and other defences opposite that city, and on the different railroads in the vicinity, as a precautionary measure in anticipation of a rebel raid into Pennsylvania.

Recruiting is already going on actively in President's call.

ing, and wrong view is prevalent in Clearfield. regarding this Rebellion and the shortest road to its end. I will give you what I think should be their aim. In the first place they ask each other the question, "What caused this war"? Answer, "the nigger." Again, "What is the object of the Administration ? To free the nigger and allow him to run all over the north ?" Now, instead of complaining about the Administration and the freeing of the "nigger," why did not all men heartily support the Administration and crush the Rebellion before the Emancipation Proclamation ? There was a time when it was not the object to free the negro ; but on account of there being so many traitors in office, everywhere, our cause did not prosper, when the object of the war was altered ; and now our cause is gaining ground, both at home and abroad. Now the questions for all discontented men to ask themselves is this, "What interest do we gain by opposing the Union cause ? Would we not make as much money by supporting the Union cause as we do make ? Then why not join the case of any person claiming exemption on in with those around us ?" Do they suppose by opposing our cause they are exempt from mihtary duty ? If they behave badly in the north they will be sent south where they will be required to fight. Now, I think, they may as well fight with us as against us. Another cases of exemption. Enroll ALL, informing thought ; while they are supporting us by providing clothes and rations, pay our ordnance, without which no war would exist, why not wish us success ? They are paying tax to keep up the war and then complain of that very cause which they, by their money, support, and wonder why the war does not end, and accuse the Department and officers of failure to do their duty. Now what we want, is the good wishes of all the people in the north, and for the want of this the war has been kept

up ! Do you believe me that our foes in the north have kept this war up ? Undoubtedly they have! By sending the Rebs. supplies domicil within your district, though some they have been encouraged to hold out a littie longer, hoping to be strengthened by their northern friends. Now let me ask, is there a man in the north, or say in Pennsylvania who wishes that this Rebellion may soon end ? Then it is his duty to assist in hunting up all men who are engaged in the contraband trade and exposing them to the law. Can I tell who in Decator township, is doing this kind of business? or can a soldier from Philadelphia tell who in that city is engaged in it? Now this is for the people in the city and elsewhere to attend to. The people at home are just as important as the soldiers in the field; they have a duty to perform and a very important one. Their duty is to fight, or arrest our enemies there, and support us here in feeling and in money. Had the people in the loyal States attended to their duty half so well as we have done here in the army, the war would not exist to-day. Now, where a man is known to even talk in favor of the south you should try, by calm conversation and good sound reasoning, to cause him to remain docile. Induce him by mild and intelligent means to keep quiet ; say nothing if he is disposed to injure Go to the "choap cash store" if you want to buy different parts of the State, in response to the our cause. What benefit does he receive by goods at fair prices. only talking in favor with the south ? Would

To assail the Government, traduce its authorities, insult its defenders, appland its assailants, give aid and comfort to its bloody foes, disfranchise those who fight its battles, discourage enlistments, encourage desertions. incite sedition, stir up dissensions, distract and divide the people, depreciate the national currency, encourage resistance to the collection of the revenue, misrepresent facts, promulgate falsehood, advocate treason, and obstruct the Government in every way possible that will aid or encourage the rebellion and protract the war -- this is claimed by the organs and leaders of the present bogus concern calling itsell the Democratic party, as the freedom of speech and liberty of the press ! And this, too, in time of civil war, when the nation is engaged in a life and death struggle with a gigantic rebellion.
