LINDSEY'S BLOOD SEARCHER.

In renewing of my acquaintance with the many friends of my medicine. I deem it proper to cau-tion them and the public, generally, against the use of an article prepared and sold by a man calling himself "Geo. H. Keyser, Pittsbury, Pa.," who has the impudence to call it LINDSEY'S IMPROVED BLOOD SEARCHER.

and states that it is made from my recipe, and, as if to carry out a regular game of 'Stop Thief," he tells the public that "there is a counterfeit in the market," to see that his name is over the cork of every bottle" &c. He also publishes the most extravagant certificate headed "A Blind Man Cured"—"A Bad Sore Leg Cured," &c. 'I allowed him to proceed in this way for nearly twelve months, knowing that those who had either used or sold my article would have nothing to do with his, but I found there was a number unacquainted with mine who were induced from the above statements to give his a trial. The consequence was disappointment to them and injury to me. as they would at once pronounce Lindsey's Blood Searcher a humbug, without knowing that mene

THE NEW-YORK TRIBUNE—1863.—

THE NEW-YORK TRIBU THE NEW-YORK TRIMUNE, first issued in 1841. now in its twenty-second year. has obtained both a larger and a more widely diffused circulation than any other newspaper ever published in America. Though it has suffered, in common with other journals, from the volunteering and departure of tens of thousands of its patrons to serve in the War for the Union, its circulation on this 6th

of December, 1862, is as follows:

Daily, 50,125; Semi-Weckly, 17,250; Weekly, 148,000; Aggregate, 215,375. Preeminently a journal of News and of Literature. The Tribune has political convictions, which are well characterized by the single word REPUBLICAN. It is Republican in its hearty adhesion to the great truth that "God has made of one blood all nations of men"-Republican in its assertion of the equal and inalienable rights of all men to 'life, liber-ty, and the pursuit of happiness' -Republican in its steadfast, earnest, defiant hostility to every scheme and effort of the Slave Power, from the Annexation of Texas to the great Rebellion to grasp the empire of the New World and wield the resources of our country for its own aggrandizement-Republican in its antagonism to the aristocrats and despots of the Old World, who fondly hall in the perils and calamities suddenly thrust upon us by their American counterpart the overthrow and ruin of the Model Republic— Republican in its hope and trust, its faith and effort, that this atrocious Rebellion must result in the signal overthrow of its plotters, and the firm establishment of equal rights and equal laws throughout the whole extent of our country. wherein Liberty and Union shall indeed be "one and inseparable" henceforth and forever.

THE TRIBUNE devotes attention in calmer times. and to some extent in these, to Education, Tem-perance, Agriculture, Inventions, and whatever else may minister to the spiritual and material progress and well being of mankind; but for the present its energies and its columns are mainly devoted to the invigoration and success of the War for the Union. Its special correspondents accompany every considerable army and report every important incident of that great struggle which we trust is soon to result in the signal and conclusive triumph of the National arms and in the restoration of Peace and Thrift to our distracted, bleeding country. We believe that not otherwise can a fuller or more accurate view of the progress and character of this momentous con-flict be obtained than through the regular perusal of our columns. And we carnestly solicit the cooperation of all friends of the National cause which we regard and uphold as that of Universal

Humanity, to aid us in extending its a reulation. TERMS .- The enormous increase in the price of printing paper and other materials used in printing newspapers, compels us to increase the price of The Tribune. PROSPECTUS OF THE CONTINEN-TAL MONTHLY.—There are periods n the world's history marked by extraordinary and violent crises, sudden as the breaking forth, of a volcano, or the bursting of a storm on the ocean. These crises sweep away in a moment the landmarks of generations. They call out fresh talent, and give to the old new direction. It is then that new ideas are born, new theories developed. Such periods demand fresh exponents, and new men for expounders.

This Continent has lately been convulsed by an upheaving so sudden and terrible that the re-lations of all men and all classes to each other are violently disturbed, and people look about for the elements with which to sway the storm and direct the whirlwind. Just at present, we do not know what all this is to bring forth; but we do know that great results must flow from such ex-

traordinary commetions.

At a juncture so solemn and so important, there is a special need that the intellectual force of the country should be active and efficient. It is a time for great minds to speak their thoughts bold ly, and to take position as the advance guard. To this end, there is a special want unsupplied. It is that of an Independent Magazine, which shall be open to the first intellects of the land, and which shall treat the issue presented, and to be presented to the country, in a tone no way tempered by partizanship, or influenced by fear, favor or the hope of reward, which shall seize and grapple with the momentous subjects that the present disturbed state of affairs heave to the surface, and which

can not be laid aside or neglected. To meet this want, the undersigned have com menced, under the editorial charge of Charles G. Leland, the publication of a new Magazine, devot-

ed to Literature and National Policy.
In Politics, it will advocate, with all the force attits command, measures best adapted to preserve the oneness and integrity of these United States. It will never yield to the idea of any disruption of this Republic, peaceably or otherwise; and it will discuss with honesty and impartiality what must be done to save it. In this department, some of the most eminent statesmen of the time will contribute regularly to its pages. In Literature, it will be sustained by the best

writers and ablest thinkers of this country.

Among its attractions will be presented, in an

early number, a 'New Serial of American Life. by Richard Kimball, Esq., the very popular author of "The Revelations of Wall Street," "St. Legert" &c. A series of papers by Hon. Horace Greely, embodying the distinguished author's observations on the growth and development of the Grea. West. A series of articles by the author of "Through the Cotton States," containing the result of an extended tour in the seashore Slave States, just prior to the breaking out of the war, and presenting a startling and truthful picture of the real condition of that region. No pains will be spared to render the literary attractions of the CONTINENTAL both brilliant and substantial The lyrical or descriptive talents of the most eminent literati have been promised to its pages; and nothing will be admitted which will not be dis-

sociation partaking of clique or coterie, it will be open to all contributions of real merit, even from writers differing materially in their views; the only limitations required being that of devotion to the Union, and the only standard of acceptance that of intrinsic excellence. The Editorial Department will embrace, in addition to vigorous and fearless comments on the events of the times, genial gossip with the reader on all current topics, and also devote abundant space to those racy specimens of American wit and humor, without which there can be no perfect exposition of our national character Among those who will contribute regularly to this department may be mentioned the name of Charles F. Browne

tinguished by marked energy originality, and solid strength. Avoiding every influence or as-

(Artemus Ward), from whom we shall present in the March number, the first of an entirely new and original series of "Sketches of Western Life" The CONTINENTEL will be liberal and progressive, without yielding to chimeras and hopes beyend the grasp of the age; and it will endeavor to reflect the feelings and interests of the American people, and to illustrate both their serious and humorous peculiarities. In short no pains will be spared to make it the Representative Magazine

of the time.

TERMS:—Three dollars per year, in advance (postage paid by the Publishers;) Two copies for \$5; Three copies for \$6. (postage unpaid); Eleven copies for \$20. (postage unpaid).
