ILLUSTRATED SCIENTIFIC AMERICAN.

A new volume of this widely-circulated paper commencing on the first of January, it is published weekly, and every number contains sixteen pages of useful information, and from five to ten original engravings of new inventions and discoveries, all of which are prepared expressly for its columns.

TO THE MECHANICS AND MANUFACTURERS.—No person engaged in any of the mechanical or manufacturing pursuits should think of doing without the SCIENTIFIC AMERICAN. It costs but four cents per week; every number contains from six to ten engravings of new machines and inventions, which are not found in any other publication.

TO THE INVENTOR.—The Scientific American is indispensable to every inventor, as it not only contains illustrated descriptions of nearly all the best inventions as they come out, but each number contains an Official List of the Claims of all the Patents issued from the United States Patent Office during the previous week, thus giving a correct history of the progress of inventions in this country. We are also receiving every week, the best scientific journals of Great Britain, France and Germany; thus placing in our possession all that is transpiring in mechanical science and art in these old countries. We shall continue to transmit to our columns copious extracts from these journals of whatever we may deem of interest to our readers. A pamphlet of instruction as to the best mode of obtaining Letters Patent on new inventions, is furnished free on application. Messrs. MUNN & Co have acted as Patent Solicitors for more than Seventeen years, in connection with the publication of the Scientific American, and they refer to 20,000 patents for whom they have done business. No charge is made for examining sketches and models of new inventions and for advising inventors as to their patentability.

CHEMISTS, ARCHITECTS, WILLIAMS, AND FARMERS.—The Scientific American will be found a most useful journal to them. All the new discoveries in the science of chemistry are given in its columns, and the interests of the architect and carpenter are not overlooked; all the new inventions and discoveries pertaining to these pursuits being published from week to week. Useful and practical information pertaining to the interests of millwrights and mill owners will be found published in the Scientific American, which information they can not possibly obtain from any other source. Subjects in which planters and farmers are interested will be found discussed in its columns. Most of the improvements in agricultural implements being illustrated in its columns.

FRIENDS AND RELATIVES OF THE BRAVE SOLDIERS AND SAILORS.

HOLLOWAY'S PILLS AND OINTMENT. All who have Friends and Relatives in the Army and Navy should take especial care that they be amply supplied with these Pills and Ointment; and where the brave Soldiers and Sailors have neglected to provide themselves with the best, better present can be sent them by their Friends. They have been proved to be the Soldier's ever-faithful friend in the hour of need.

Coughs and Colds Affecting Troops. Will be speedily relieved and effectually cured by using these admirable medicines, and by paying proper attention to the Directions which are attached to each Pot or Box.

These feelings which so sadden us usually arise from trouble or annoyance, obstructed perspiration, or eating and drinking whatever is unwholesome, and thus disturbing the healthy action of the Liver and Stomach. These organs must be relieved, if you desire to be well. The Pills taken according to the printed instructions, will quickly produce a healthy action in both Liver and Stomach, and a natural consequence, a clear head and good appetite.

Weakness or Debility Induced by Over Fatigue Will soon disappear by the use of these invaluable Pills, and the Soldier will quickly acquire additional strength. Never let the Bowels be either confined or unduly acted upon. It may seem strange, that Holloway's Pills should be recommended by Physicians and Surgeons, many persons supposing that they would increase the relaxation. This is a great mistake, for these Pills will correct the Liver and Stomach, and thus remove all the acid humors from the system. This medicine will give tone and vigor to the whole organic system, however deranged, while health and strength follow as a matter of course. Nothing will stop the relaxation of the Bowels so sure as this medicine.

Volunteers, Attention!—Indiscretions of Youth. Sores and Ulcers, Blisters and Swellings, can with certainty be radically cured, if the Pills are taken night and morning, and the Ointment be freely used as stated in the printed instructions. If treated in any other manner, they dry up in one part to break out in another. Whereas this Ointment will remove the humors from the system, and leave the Patient a healthy and vigorous man. It will require a little perseverance in its use, and to insure a lasting cure.

For Wounds either occasioned by the Bayonet, Sabre, or the Bullet, Sores or Blisters. To which every Soldier or Sailor or Marine, there are no medicines so safe, sure, and convenient as Holloway's Pills and Ointment. The poor wounds and ulcers of the Soldier or Sailor, who have not addressed immediately, if he would only provide himself with this matches Ointment, which should be thrust into the wound and smeared all around it, then covered with a piece of linen from his knapsack, and compressed with a handkerchief. Taking, night and morning, 6 or 8 Pills, to cool the system and prevent inflammation.

Every Soldier's Knapsack and Seaman's Chest should be provided with these valuable remedies. CAUTION.—None are genuine unless the words "HOLLOWAY'S PILLS AND OINTMENT" are discernible as a WATER-MARK in every leaf of the book of directions around each pot or box; the same may be plainly seen by HOLDING THE LEAF TO THE LIGHT. A handsome reward will be given to any one rendering such information as may lead to the detection of any party or parties counterfeiting the medicines or vending the same, knowing them to be spurious.

Sold at the manufactory of Professor Holloway, 50 Maiden Lane, New York, and by all respectable Druggists and Dealers in Medicines, throughout the civilized world, in boxes at 25 cents, 62 cents, and \$1 each.

There is considerable saving by taking the largest size. N. B.—Directions for the guidance of patient in every disorder are affixed to each box. New York, January 7, 1863.

ESQ.—Shows in my well known medicines can have "Show Card," and also the name, name or EXPRESS, by addressing Thomas Holloway, 80 Maiden Lane, New York.

It is not a violent remedy, but emollient—warming, searching and effective, can be taken by the oldest person or youngest child.

Madame Zadoc Porter's Balsam has been in use by the public for over 25 years, and has acquired its present sale simply by being recommended by those who have used it to their afflicted friends and others.

NOTICE.—SAVE YOUR MONEY.—Do not be persuaded to purchase articles at 45 or 50 cents which do not contain the virtues of a 13 cent Bottle of Madame Zadoc Porter's Curative Balsam. The cost of manufacture of which is as great as that of almost any other medicine; and the very low price at which it is sold, makes the profit to the seller apparently small, and unprincipled dealers will sometimes recommend other medicines on which their profits are larger, unless the customers insist upon having Madame Zadoc Porter's and none other. Ask for Madame Zadoc Porter's Curative Balsam, price 13 cents, and in large bottles 25 cents, and take no other. If you cannot get it at one store you can at another. Sold by Druggists and Storekeepers at 13 cents, and in large bottles at 25 cents. HALL & BUCKEL, Proprietors, February 4, 1862-y New York
