## THE JOURNAL.

CLEARFIELD, PA., OCT. 14, 1893.

**SNOW**—two white Pelicans, by Mr. A. I. Boynton and Mr. Friend, one day last week. The one measured 8 feet 6 inches from tip to tip of wings. They were large and beautiful birds. Pelicans are seldom seen in this mountain region.

**NEARLY BLOWN OUT**—we were—on account of a certain Doctor in this town stopping his paper last week. But as we were fortunate enough to add the names of L. U. Zimmerman, Thomas E. Miller, and William Rishel, to our list, we have concluded to continue the publication of the Journal a little longer.

**ROBBERY**—We are informed that on Friday night the 9th October, some unknown person, entered the store of Samuel Hegarty, in Becaria township, and took from the change drawer about twenty-five dollars in postage currency and Leonard, Finney & Co's scrip. A lot of goods was also taken, but the value is not known. The thief tried to force the iron safe, but did not succeed.

Premiums and diplomas will be paid on and until the first Wednesday of November and until the last day of January, 1894, after which all money premiums unclaimed will be considered as a donation to the Society. The officers of the Society and members of the Committee of arrangements will wear a badge designating their office, and it will be their duty as well as pleasure to attend to the express of wishes and wants of exhibitors and others, if it is in their power so to do. A select police force will be in constant attendance for the preservation of order and protection of property.

The trotting course is level, well graded, and one third of a mile in circuit. Ample arrangements will be made for the convenience of spectators.

Children under ten years of age not admitted unless accompanied by their parents or guardians.

Every person wishing to be enrolled as a member of this Society must apply on or before the first day of the fair, and on the payment of one dollar to the Treasurer shall receive a certificate of membership containing the name of the applicant and endorsed by the Secretary.

Every person becoming a member as above shall on the presentation of his certificate, receive a ticket which will admit him free during the fair. Any person complying with the above regulations and paying \$10, shall become a life member and shall be exempt from all contributions and shall annually receive from the Secretary a free family ticket.

All persons must be provided with tickets, which can be had from the Executive Committee, Treasurer, Secretary or at the door. Persons acting as Judges are expected to become members of the Society. Persons from other counties can become members by complying with above rules. Ladies can become members by making application as above and paying into the Treasury fifty cents when they will receive a ticket to admit them free.

Exhibitors must become members of the Society and have their animals and articles entered on the Secretary's books on or before the 15th day of October; and all animals and articles, except horses, must be brought within the enclosure as early as Wednesday, at 10 o'clock A. M., and all persons entering animals and articles for exhibition will procure cards from the Secretary with the class and number of entry of said articles, previous to placing said articles on the ground. Hay and straw will be furnished gratis for all animals entered for premiums, and grain will be furnished at cost for those who desire to purchase.

No horse shall be entered or allowed a premium unless he is free from disease. Horses will be received until Wednesday noon, but must be entered previously. All persons who intend to exhibit horses, cattle, sheep or swine, or who intend to enter stock or any other article for sale, should notify the Secretary of such intention on or before the 10th of October, and have with him a list and full description of the same.

Persons intending to exhibit blooded stock must produce authentic pedigrees, and are earnestly requested to furnish the Secretary, by the 10th of October, with a list of their stock, and the pedigrees of each, this will facilitate the preparations of entries and in case of deficient pedigrees, will afford the owner time to correct the same.

**Instructions to Judges**—No animal to receive an award in more than one class.

Judges are expressly required not to award premiums to over fed animals. No premiums are to be awarded to bulls, cows or heifers, which shall appear to have been fattened, only in the class of fat cattle, the object of the Society being to have superior animals of this description for breeding.

**Fat Cattle**—The judges on fat cattle will give particular attention to the animals submitted for examination. It is believed all other things being equal those are the best cattle that have the greatest weight over the smallest superfluous. The judges will require all in this class to be weighed, and will take measures to see the superfluities of each, and publish the

result with their reports. They will also, before awarding any premiums, require of the competitors full statements as to the manner and cost of feeding as required by the regulations of the premium list.

When there is but one exhibitor, although he may show several animals in one class only one premium will be awarded, that to the first, or otherwise as the merits of the animal may be urged.

The superintendent will take every precaution in his power, for the safety of stock and articles on exhibition after their arrival, and arrangement on the grounds, but will not be responsible for any loss or damage that may occur. The Society desires exhibitors to give personal attention to their animals and articles and at the close of the fair to attend to their removal as the Society cannot take further care of them.

**Rules of Placing**—The name of the plowman must be given as well as the kind of plow to be used, at the time of entry.

The quantity of ground to be plowed by each team to be 1 acre.

The time allowed to do the work will be three hours. The furrow slice in all cases to be 14 inches. The teams to start at the same time and each plowman to do his work without a driver or other assistance.

The premiums offered by the Society will be awarded to the individuals, who, in the judgment of the committee, shall do their work in the best manner, provided the work is done in the time allowed for its performance.

Each plowman to strike his own land, and plow entirely independent of the adjoining land. Within the one fourth of an acre plowed, each plowman will be required to strike two back furrows and finish with the lead furrow in the middle.

Any information desired in regard to matters of the Society can be gained by addressing the Executive Committee or the Secretary, who will be pleased to give any information in their power at any time.

Any article not enumerated in the above classes, and placed upon exhibition, if worthy of notice, will be suitably rewarded.

The Executive Committee reserve a discretionary power to award Diplomas in any case for 21 best articles, or for articles not entitled to premiums by the rules.

Three judges for each class will be appointed and announced before or on the first day of the fair.

All articles may be entered free of charge, excepting horses for pleasure, and for the trotting premiums.

#### ALLEGED MAIL ROBBERIES ARRESTED.

On the 29th Sept., John R. Forrest, Post Master at Fortine, Mercer county, Pa., and Martha Forrest, his wife, were arrested on a charge of robbing the mails passing through that office. Losses of valuable letters from Pittsburgh to Henderson, from Pott to Pittsburgh, and from various points to Franklin, having occurred rather frequently of late, S. B. Row, Special Agent of the Post Office Department, visited that region, and succeeded in ferreting out the guilty parties. He detected them with decoy letters, but on searching the premises, overwhelming evidences of guilt were discovered—packages of letters being found concealed beneath the counter, a marked package on a shelf, and several packages, with letters torn open, under the pillow and between the ticks of the bed in which the parties slept. Forrest and his wife were held to bail in the sum of \$3,000 each for their appearance for trial at the United States District Court which commences its session at Pittsburgh on Monday, October 19th.

#### DIED.

On Thursday, October 8th, Mrs. ELIZABETH, wife of Alexander Irwin, Jr., of Girard township, aged 26 years, 4 months and 24 days.

September 26th, 1893, in Burnside township, Clearfield county, of Diphtheria, ELLEN PATCHIN, daughter of Horace and Sarah Patchin, aged 8 years, 6 months and 19 days.

"Why should we wean our fond hopes here? How should we love but in doubt and fear? How should we even joy, but as a dream? Beautiful death when we look on thee."

She was an affectionate and beautiful child; one of more than usual brightness, and the centre around which clustered many a bright hope of promise. But that hope—that bright beam that guides us beyond the dark valley of mortality—was doomed, ere it had developed itself in the full fruition of maturity, to be crushed in the sad realities of death. There is something expressly touching in giving those little ones to the quiet chamber of the tomb. When the old die, we accept the visitation as the natural ordinance of nature, and though stricken with grief we mourn at the severing of ties and associations. Still we mourn not that the cares and vexations of life have been ended. But the bright buoyant spirit that gladdens the heart of the home circle, blighted in the morning of life and in the innocence and purity of youth, to be consigned to the dark valley from whence no traveler returns, is a loss the depth of our inmost sensibilities, with sorrow and pain at our loss. It is thus that the bright spirit of little Ellen has gone to mingle in climes more congenial, and associations more perfect in the realms of unending day.

EDITOR OF JOURNAL: DEAR SIR:—With your permission I wish to say to the readers of your paper that I will send by return mail to all who wish it (free) a Recipe, with full directions for making and using a simple Vegetable Balm, that will effectually remove, in 10 days, Pimples, Blisters, Tan, Freckles, and all Impurities of the Skin, leaving the same soft, clear, smooth and beautiful. It will also make free to those having bald heads or Bare Faces, simple directions and information that will enable them to start a full growth of Luxuriant Hair, Whiskers, or a Mustache, in less than 30 days. All applications answered by return mail without charge. Respectfully yours,  
JULY 22, 1893.—JOS. R. CHAPMAN, New York.

MADAME PORTER'S CURATIVE BALM has long tested the truth that there are first principles in Medicine as there is in Science, and this Medicine is compounded on principles suited to the human nature of Man. The cure of Colds is in keeping open the pores and creating a gentle internal warmth, and this is caused by the use of this Medicine. Its remedial qualities are based on its power to assist the healthy and vigorous circulation of blood through the lungs; it cures the muscles and assists the skin to perform its duty of regulating the heat of the system, and in gently clearing out all the waste substance from the surface of the skin. It is not a violent remedy, but a most efficient, warming, searching and effective. Sold by all druggists at 13 and 25 cts a bottle.

FOR CASH OR READY PAY.  
GRAIN, FURNITURE, and other goods, taken in exchange for goods. We respectfully ask a share of patronage. Call and examine our stock.

While walking through the streets of Curtisville, my attention was drawn to a crowd of people passing and repassing each and all with the appearance of merchants, and there meeting an acquaintance, I made the inquiry "What does this mean?" The answer was "Have you not been at the cheap Store of J. D. Thompson?" who has just come from the East with the largest stock of goods offered to the community at lower prices than any other house in the country. "My advice to you is to call and see for yourself," and then exclaim "The half was not told me."
