CLEARFIELD. PA., JAN. 6, 1864.

FATAL ACCIDENT. - We are informed that, a few days before Christmas, Mr. George Patrick of Burnside township, met with a fatal accident whilst engaged in felling timber, near Cherry-tree borough. As he was cutting down a tree a limb became detached and fell upon him, killing him almost instantly. He leaves a wife and three small children to mourn his sad fate.

ICE.—We observed that some of our citizens were engaged in filling their Ice-houses on Monday last. This is right, as now the ice is good, and hence the time to put it up. For several years past many persons waited until later in the season to put up their ice, and the result was that some of them procure I but a limited supply and of rather an inferior quality. But, we presume, they will not be caught in that way this year, from present indications.

A WORD FOR OURSELVES.—We would remind our patrons that next week is Court, at which time we expect them to call and square up their accounts. By doing so you more active service of their country. will save money, as after that time, as heretofore stated, we will charge all strictly according to published rates. The high price of every article consumed by us in our business, and the recent heavy outlay for new type, admonishes us to require prompt payment from those who are indebted to us.

THE WEATHER. - Since our last issue we have had a speck of real old-fashioned winter. Friday night was decidelly the coldest of the season—the thermometer indicating ten degrees below zero at sun rise on Saturday morning. On Saturday and Sunday it was also exceedingly cold, but on Monday the air was some what more moderate. On Monday night and Tuesday morning about five inches of snow fell, which will make good hauling, as the roads were in excellent condition previous to the fall of snow.

NEW ADVERTISEMENTS. - The following new advertisements appear this week : The Relief Board give notice of their next session, as being on Jan. 27th & 28th. The Philipsburg and Susquehanna T. P.

R. Co. give notice relative to obstructions. The Agricultural Society gives an exhibit of its receipts and expenditures for 1863. The Agricultural Society gives notice of an election of officers on Court week.

To ENROLLED MEN, -- As the time for making the draft has been postponed to the 15th of February, it would be well for all interested to give the subject of filling the quota of Clearfield county by volunteers their serious attention. And how is this to be done? By remaining inactive? No! but by one united effort—by offering additional bounties. We learn that Erie county will raise her quota by volunteers, -the county having made a large appropriation to increase the bounty of such as may enlist, besides individual and corporation subscriptions. For instance, the Borough of Waterford gives \$100 additional, to the \$300 given ill up the quota of that Borough. Will learfield county be behind her sister counties? Are our Borough authorities to be out stripped by those of Waterford? Are not our citizens as wealthy, as willing and as patriotic as those of any other locality in this Congressional District? Then why delay? Why not at once go to work and raise a sufficient sum to increase the bounty of volunteers. so as to be an inducement to enlist? The Government gives a bounty of \$302 to raw recruits, why should not the citizens add \$200 or \$300 thereto, even if the county did not appropriate anything additional? You who have sons, you who have brothers and friends, and you who are subject to draft yourselves, give this subject your immedi-ate and prompt attention. Let not another day pass without making an effort to raise the quota of Clearfield Borough by volunteers. Letter from Pike Township. PIKE TOWNSHIP, JAN. 5th, 1864. Ms. Row:-I see a paragraph in the

Copperhead organ of the 30th December, relative to the election held in Lawrence township, for local offices, in which the astute editors of that organ are disposed to rejoice over the result, and boastingly intimate | none the worse of that. They are Americans that the Copperheads elected their whole of the genuine "ring," -they are determinticket from that class of their party who are ed to see things through. Again I say: wel-

of that paper to make. But, the election in this (Pike) township, resulted very differently. We elected a full ticket. (Poor overseers not excepted,) of reading, thinking, independent and loyal men, the township met several days previous to the election and placed in nomination a full ticket of their own kind-not willing even to let the Union party have one of the Inspectors of elections. They were going to carry every candidate upon their ticket, as they had done at the last spring election. when every man elected was a copperhead of the rankest sort. Well, they marshalled their forces upon the field on the morning of the 25th December, under their faithful and efficient leaders, and flushed with former victories, determined to carry everything by storm-not doubting the result in a township where they always had the ascendency. But, to their horror and dismay, the Union forces met them upon the battleground, in solid column, and contended. (as

Letter from Philipsburg. PHILIPSBURG. JAN. 4th, 1864. Dear Journal:—We have now entered upon a new pariod of time, and already our ship is four days on its voyage. New Year's day is one of the most solemn, to mankind's thoughts, of any other day of the year. Christmas brings to us merry times-good cheer prevails, all seems joyous, and full of bright promises. But when the hour arbright promises. But when the hour ar-rives for the departure of the old year, we tive. Look back over the past, see where we made some mistakes, -resolve to make none this year-that we will truly, honorably and earnestly do our whole duty to the Great Arbiter of Destiny, to our country, and to all man and woman kind. There comes a rap at my door, take a long sigh, reach for a small piece of pine wood, draw it across the "iron clad," it emits a sulphurous smell suggestive of the late treat the copperheads enjoyed, give the "iron ord gives \$100 additional, to the \$300 given by the county, to such as may volunteer to tide,—visitor remarks, whew! my dear friend. I congratulate you for having such a comfortable base of operations, for I do assure you this is a cold New Year. Business follows, the thoughts of a few moments have fled, and "mans inhumanity to man" commences. Such is man. Welcome, welcome, to the brave survivers

of Company D, 53d P. V. This brave and war-worn regiment of veterans have came home on a thirty day furlough to reorganize. They have all re-enlisted, and are now enrolled among the veterans of the Union Army. Brave boys! loyal hearts beat in your breasts, and a firm determination to stand by that flag that you have followed for more than two years, and seen its proud folds float triumphantly o'er many a hard fought field. dwells on your brow. Company D, 53d P. V., entered the army of the Potomac in November 1861. The members were partly from this place and partly from Janesville and Glen Hope. There was some forty members from our town-they were a fine body of material for soldiers, and well have they proved their look. But their number is sadly decreased, only six or seven of the Russia: like a sensible nation, is making number that left here have returned. This decrease is not owing to loss of life so much as that of members discharged for disability, resigned, and, I am sorry to say, deserted They were all through the Peninsular campaign and never lost a man, though always n the advance, until the battle of Antictam. On that heroic field the brave and nobl youth. Andrew J. White yielded up his life n the cause of that flag beloved with all the ardor of a true American. His comrades buried him beneath a young locust tree, on that bloody field, and he sleeps the sleep that knows no waking. They then went through all the battles, and bardships that the army of the Potomac encountered, without having any killed in battle, until they State, at the ever memorable and victorious from going at that time. But when he heard the sad news of his brother being killed, he could stay no longer. I have heard! his father say that John told him, he was going to fight for his country, and if possible would get Jackson's (his brother's) musket, and avenge his death. Whether he succeeded in getting his brother's musket I never learned; but I have no doubt he made good the eye for an eye, and tooth for a tooth. Poor John he has left a wife and GEEAT EXCITEMENT IN GLEN HOPE, PA five small children to mourn his loss. His remains are interred in the National Cemetry and there let him rest-he fell in a glorious cause, he sleeps among the bravest of the brave. When the second corps was ordered to pursue the rebels after the Gettysburg battle there was but one man, Sergt. Robert M. Musser, of Co. D, to follow the battle flag of the 53d P. V. The survivers look well and hearty, somewhat bronzed, but 'steeped in profound ignorance." Truly, come to the veterans. And may you all live a very humiliating admission for the editors to see the Stars and Stripes float trium-

phantly over a restored Union. The "mercury" has gone into winter quarters, for the last few days. Boreas has assumed command of the entire winter operations. Brig-a-dier Gen. Froze Up made a notwithstanding the Copperhead leaders of | flank movement and has congealed the slush | and water that held unlimited sway a few days ago, and issued an order for things to remain so. How long it is to continue I am not able to say. But I think some of the 'Cops' might apply for a writ of Habeas Corpus. or call Horatio & Clem to raise the "spell." Oh! for a sleigh ride; however knives and forks, locks, hinges, screws, augers. tis a little rough, but a 2.40, plenty of robes | hammers; nails, spikes, Stoves of various patterns well tucked in, and a fair one by our side and sizes, flat irons, etc would make a smooth road, and then away we would glide. From Rev. J. Newton Brown, D. D. Editor of
the Encyclopedia of Religious Knowledge.

Although het disposed to favor or recommend Patent Medicines in general through district of their ingredients and effects; I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation in the hope that he may thus contribute to the benefit of others. I do this the more readily in regard to Hoof-land's German bitters, prepared by Dr. C. M. Jackson, of this city, because I was prejudiced against them for many years, under the impression that they were chiefly an alcoholic mixture. am indebted to my friend Robert Shoemaker. Esq. for the removal of this prejudice by preper tests, and for encouragement to try them, when suffering from great and long continued debility. The use of three battles of these Bitters, at the eginning of the present year, was followed by vident relief, and restoration to a degree of bodly and mental rigor which I had not felt for six

for directing me to the use of them.
Philad'a., June, 23, 1861. J. NEWTON BROWN. PARTICULAR NOTICE.

There are many preparations sold under the nam or Bitters.put up in quart bottles, compounded of the cheapest whiskey or common rum, costing from 20 to 40 cents per gallon, the taste dis

onths before, and had almost despaired of re-

gaining. I therefore thank God and my friend

guised by Anise or Coriander Secd.

This class of Bitters has caused and, will continne to cause, as long as they can be sold, hundreds o die the death of the drunkard. By their uso the system is kept continually under the influence of Alcoholic Stimulants of the worst kind the desire for Liquor is created and kept up, and the result is all the horrors attendant upon a drunk-

ard's life and death. For those whe desire and well have a Liquor Ditters, we publish the following receipt. Get One Bottle Hoofkand's German Bitters and mix with Three Quarts of Good Brandy or Whiskey, and the result will be a preparation that will far cord in medicinal virtues and true excellence any of the numerous Liquor Bitters in the mark-et, and will cost much less. You will have all the virtues of Hoofland's Bitters in connection with a good article of Liquor at a much less price than these inferior preparations will cost you.

ATTENTION, SOLDIERS! AND THE FRIENDS OF SOLDIERS.

We call the attention of all having relations or one-half degree east 120 feet to a post, thence by | friends in the army to the fact that "Hobrish's German Bitters" will cure nine tenths of the diseases induced by exposures and privations incident to camp life. In the lists, published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large propertion are suffering from debility. Every case of that kind can be readily cured by Hoofland's German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that, if these Ritters vere freely used among our soldiers, hundreds of ives might be saved that otherwise will be lost, We call particular attention to the following re-markable and well authenticated cure of one the nation's heroes, whose life, to use his own language, "has been saved by the Bitters!"

PAULADELPHIA, August 23rd, 1862. Messrs. Jones & Evans .- Well, gentlemen.your Hoofland's German Bitters has saved my life. There is no mistake in this. It is vouched for by numbers of my comrades, some of whose names re appended, and who were fully cognizant of all the circumstances of my case. I am. and have been for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Capt, H. B. Ayres. Through the expo sure attendant upon my duties, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the This was followed by great debility, heightened by an attack of dysentery. I wasthen removed from the White House, and sent to this city on board the Steamer *State of Maine,"from which I landed on the 28th of June. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I did force a morsel down, it was

immediately thrown up again.
I could not even keep a glass of water on my stomath. Life could not last under these circumstances; and, accordingly, the physicians who had been working faithfully though unsucessfully, to rescue me from the grasp of the dread Archer frankly told me they could do no more for me, and advised me to see a clergyman, and to make such disposition of my limited funds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinborn, of Sixth below Arch Street, advised me, as a forlorn hope, to try your litters, and kindly procured a bottle. From the time I commenced taking them the gloomy shadow of death receded, and I am now thank God for it, getting better. Though I have just the power of the taken but two bottles, I have gained ten pounds. and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months; for gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken place of vague fears -to your Bitters will I owe the glorious privi-lege of again clasping tomy becom those who are

Very truly yours, ISAAC MALONE. We fully concur in the truth of the above statement, as we had despaired of seeing our comrade, Mr. Malone, restored to health. JOHN CUDDLEBACK, 1st New York Battery.
