

THE RAFTSMAN'S JOURNAL.

RAFTSMAN'S JOURNAL.

MARCH 30, 1864.

GODEY'S LADY'S BOOK—the inevitable Lady's magazine of the country—for April, has been received. It is replete with matters of interest to the ladies generally.

Our member of Congress, Hon. G. W. Scofield, of course, voted in favor of the bill which passed the House on the 16th inst., authorizing the Secretary of the Treasury to sell gold. The beneficial effects of the measure will, we have, soon be demonstrated in the reduced price of gold.

PHOTOGRAPHS.—We received two dozen of Mrs. Allen's photographs, last week. They are good specimens of the art. Mrs. A.'s collection embraces many of the most eminent civilians as well as military men of our country. She also furnishes albums. See advertisement in another column.

FIRE.—We regret to learn that the residence of Wilson Hoover of Lawrence township, was destroyed by fire on Friday morning, March 25th, together with all the clothing of the family and most of the household goods, and about 80 dollars in money. The loss is about \$200, and will be severely felt by Mr. Hoover.

CONTINENTAL MONTHLY.—This high-toned and eminently popular magazine, for April, has been duly received. It is the best work of the kind issued in the country—containing literature with sound National Policy. We commend it to our readers as a work worthy of their patronage. Price, \$3 a year. Address, John F. Trow, 50 Greene Street, New York.

THE STATE BOUNTY BILL.—The Bounty Bill, as it is called, has passed both branches of the Legislature, and only awaits the signature of the Governor to become a law, which will soon be done. The law as it passed appears to us to cover the whole ground, and counties, cities, wards, townships, boroughs or school districts, are authorized to borrow money, assess and collect taxes to pay "bounties, not exceeding \$300 a man.

THE WEATHER has been unusually changeable within a week past. On Friday afternoon and night some 6 or 7 inches of snow fell in this section, but the warm sun caused it to disappear so gradually that it is rather doubtful whether the streams will rise sufficiently to make a good rafting flood. The air has been quite mild for several days, but this (Wednesday) morning it is snowing, and as we go to press, has reached a depth of about six inches.

SUDDEN DEATH.—Just as we go to press, we learn the painful intelligence of the sudden death of JOHN W. BIGLER of this place. He had been from home, and returned in the night and went to bed as of old, and not answering on being called, gave rise to a suspicion that something was wrong. The door, which was locked, was forced open, and the fact disclosed that life had fled, from some Providential cause.

"LEROY"—your letter is crowded out this week, owing to the publication of the Treasurer's Advertisement of the Unseated Lands. We, however, make room for the following brief extracts:

The greatest snow storm of the season made its debut during the day and night of the 25th and morning of the 26th instant. The snow was 12 inches deep at Phillipsburg, 19 inches at Osceola, and 24 inches on the top of the mountain. That is more snow than we had this winter before, all put together. Lumbermen looked joyful and happy on Saturday, and were as busy as bees. The prospect of a flood was good, but yesterday, Hyperion came out in all his Oriental splendor and the white mantle, that "Dame Earth" had put on so suddenly disappeared so gently and slowly that by the time "old lady's" balmy and skeleton were visible in places, and some doubts as to the snow making a flood in the taps. "I see there is another tadpole wriggling in the columns of your contemporary over the signature of Truth and Reason." He is a full-fledged Copperhead. One more dip will establish him a Roy-4 Arch Cop.

Clippings and Scribbles.

Peace is the father of friendship. All men are related to one another. Recruiting in Illinois is going on at the present time very rapidly. In my own city my name, in a strange city my clothes, procure me respect. The wholesale grocers of Chicago have determined to sell their goods exclusively for cash. The first Delaware shad of the season were caught last Saturday, a week, and sold for \$6 a pair. The Union National Convention of New York has been called to meet at Syracuse on the 28th of May. An exchange remarks that "the plans of Gen. Grant are shrouded in mystery." That certainly is provoking! It is said that the rebel guerrillas have killed and carried off more than 50,000 hogs on the Kansas border. The man who gives his children a good education, provides for them better than by giving them a stock of money. One of Quantrell's gang named Vandevere, and one of the most desperate of them all, has been arrested at St. Paul. Those two Englishmen who discovered the source of the Nile, should come over here and discover "the last ditch." Every Copperhead and traitor in the country is an advocate for McClellan—Reason why—Because they know the man. A General Order, issued by the War Department, changes the name of the United Corps to the Veteran Reserve Corps. Isaac Fishel, who was recently sentenced to be shot at Carlisle, has been pardoned by the President, on the ground of insanity. President Lincoln was unanimously re-nominated by a rousing meeting of loyal Mississippians, held at Vicksburg, a few days ago. A vote on the Presidency, taken in the 7th Illinois Regt., at De Crow's Point, Texas, gave Lincoln 228, Grant 125, and Butler 1. The Richmond Whip, of the 9th inst., in an article on our republic in Florida, admits that the rebel force was twice as large as ours. Five thousand men are called for by advertisement in the Wisconsin papers, to work saw-mills and navigate lumber rafts the coming season. Mrs. White, of Alabama, sister of Mrs. Lincoln, has reached Selma, having smuggled through a rebel uniform, the buttons of which were of gold, worth \$40,000. One Illinois regiment (the 64th) which came home a few weeks ago with ranks reduced to 300 men, has just returned to the front with 950. The Mississippi Valley Sanitary Fair will open at St. Louis on the 17th of May. Great preparations are being made. One feature will be a department for freed men. A Chattanooga letter of the 7th says: "W. Roper, ambrotypist, fell from Point Lookout, one hundred feet, this afternoon, and was instantly killed. He leaves a wife and family of young children. His home was in Carrollville, Blair county, Pennsylvania. He almost dragged a woman down the awful precipice with him.

NOT ALCOHOLIC.

A Highly Concentrated VEGETABLE EXTRACT. A PURE TONIC. DOCTOR HOOFLAND'S GERMAN BITTERS, PREPARED BY Dr. C. M. JACKSON, Philad'a, Pa.

PARTICULAR NOTICE.

There are many preparations sold under the name of Bitters, put up in quart bottles, compounded of the cheapest whiskey or common rum, costing from 20 to 40 cents per gallon, the taste disguised by Antiseptic or Corrosive ingredients. This class of Bitters has caused and will continue to cause, as long as they can be sold, hundreds to die the death of the drunkard. By their use the system is gradually and insidiously undermined, and the individual, who has been seduced by the desire for liquor is situated and kept up, and the result is all the horrors attendant upon a drunkard's life and death.

ATTENTION, SOLDIERS!

We call the attention of all having relations or friends in the army to the fact that "HOOFLAND'S German Bitters" will cure nine tenths of the diseases induced by exposure and privations incident to camp life. In the lists published almost daily in the newspapers, on the arrival of the sick, it will be noticed that a very large proportion are suffering from dysentery, cholera, and other ailments that kind can be readily cured by HOOFLAND'S German Bitters. Diseases resulting from disorders of the digestive organs are speedily removed. We have no hesitation in stating that, if these Bitters were freely used among our privates, hundreds of lives might be saved that otherwise would be lost. We call particular attention to the following remarkable and well authenticated cure of one of our nation's heroes, whose life, to us his own language, "has been saved by the Bitters."

PAID FOR BY THE EDITOR.

There is no mistake in this. It is vouched for by numbers of my comrades, some of whose names are appended, and which are entirely consistent of all the circumstances of my case. I have been in the army for the last four years, a member of Sherman's celebrated battery, and under the immediate command of Capt. R. B. Ayres. Through the exposure and privations of the war, I was attacked in November last with inflammation of the lungs, and was for seventy-two days in the hospital. This was followed by great debility, heightened by an attack of dysentery. I was then removed from the White House, and sent to this city on board the Steamer "State of Maine," from which I landed on the 28th of June. Since that time I have been about as low as any one could be and still retain a spark of vitality. For a week or more I was scarcely able to swallow anything, and if I did force a morsel down, it was immediately thrown up again. I could not even keep a glass of water on my stomach. Life could not last under these circumstances; and, accordingly, the physicians who had been working faithfully, though unsuccessfully, to rescue me from the grasp of the dread Arch-Enemy, frankly told me they could do no more for me, and advised me to see a clergyman, and to make such disposition of my limited funds as best suited me. An acquaintance who visited me at the hospital, Mr. Frederick Steinbock, of the great Arch Street, advised me, as a forlorn hope, to try your Bitters, and kindly procured a bottle. From the time I commenced taking them, the Lord's mercy was manifest, and I am now able to thank God for it, getting better and better. I have taken but two bottles. I have gained ten pounds, and I feel sanguine of being permitted to rejoin my wife and daughter, from whom I have heard nothing for eighteen months. For gentlemen, I am a loyal Virginian, from the vicinity of Front Royal. To your invaluable Bitters I owe the certainty of life which has taken place of vague fears to your Bitters will I owe the glorious privilege of again clasping my loving wife and children in my arms.

ISAAC MALONE.
