CLEARFIELD, PA., JUNE 15, 1864.

Several frosts occurred in this region during the past week, doing but little damage, however, so far as we could learn.

FINGERS CUT OFF. - We regret to learn that Benj. Spackman, Esq., of this boro' had three fingers, of his right hand, cut off by a circular saw, on Tuesday the 14th inst.

RELIGIOUS. -God willing, the Rev. W. O. Wright will preach in the Presbyterian church in Curwensville on next Sabbath at 11 o'clock, A. M., and in Clearfield at 71 o'clock in the evening.

Quite a large number of persons were in town on Monday last, drawn hither by the Treasurer's sale of unseated lands. The bidding was spirited, and some of the tracts were knocked off at pretty high prices.

A number of our patrons availed themselves of the opportunity, when in town last Monday, to settle their accounts, and we hereby tender them our thanks for their "greenbacks." We hope that others "will

ACCIDENT AND DEATH. - W. Hegarty of tamber-city was so severely injured on Wednesday of last week, as to cause death within few hours afterward. Mr. H. and another person were engaged in felling a tree, and a falling limb struck the deceased on the head with such force as to cause death.

Demorest's New York Illustrated News is issued every week at \$4 per year. it contains sixteen pages, with large and handsome engravings, illustrating the war and its heroes, and all live subjects of the day. The last number has a likeness of Mafor General Butler, a picture of Grant's advance on Richmond of two pages, and a host of other things.

Store Robbed.—The store of A. K. Wright, in this place, was broken into durog Saturday night, and robbed of a number articles of goods. The thief gained admittance by boring a hole through the back door large enough to admit the hand and turn the key which was sticking in the lock. What the loss is cannot be ascertained, as the thief took no large quantity of any one kind of goods.

THE CROPS.—The growing crops in the eastern part of Pennsylvania present a fine appearance, and give promise of an abundant yield. The wheat is, perhaps, a little 100 rank in its growth, but rye, corn and ats look remarkably well. This is the condition of the crops in Lancaster, Lebanon. Backs, Montgomery, Northampton, Berks, azerne. Chester, and adjoining counties. a portions of Central Pennsylvania the winfor grains have been damaged some by freezing, but those who have given the matter attention are of opinion that the yield will not be much less than usual-perhaps onefourth-and this may yet be effected one say or the other by favorable or unfavora-

#### Letter from Mr. Scofield.

Our attention having been called, a few weeks since, to the fact that a rabid secession speech was being circulated in our county, under the frank of the member from this District, we addressed a note of inquiry to Mr. Scofield on the subject, and have received the following reply, which will doubtless prove a satisfactory explanation to those who received copies of the speech alluded to:

Washington, June 7, 1864. DEAR SIR: I was not aware, until I learned it from you and others at home, that I had been circulating the unpatriotic speech to which you refer. I purchased some coples of a speech made by Mr. Miller, a Umon member from New York, and directed them to be put in envelopes ready for mailame. occurred in the folding room.

The circulation of the speech, however, can do no harm. It will expose the disloyal purposes of the opposition leaders and thus trengthen rather than weaken the friends of the Government and Union. I only regret that it goes out apparently with my ap-Very truly yours, G. W. Scofield.

#### CORRESPONDENCE OF THE JOURNAL.

Letter from Philipsburg, Pa. PHILIPSBURG June 13th, 1864. DEAR JOURNAL :- Having been tossed to and fro on life's troubled sea fore some time past, I did not feel much like killing snaiks, I concluded to take a respite from the en for a short time, and let the lights of Copperheadism, Johny Boots and Detrick Exine, have full sway. They have improved the opportunity, and through the columns your cotemporary have set forth the betrine of copperheadism, in a style that can be comprehended by the most illiterate mak of the nest. No doubt these champithe of copperhead doctrine, have long since ome to the conclusion, that they had crushel your correspondent to atoms, and he was wise and infinite God, I am permitted to

stirring up snaiks. Since my last to you, there has been many aportant changes in the millitary and poheal world. The brave and gallant Old Army of the Potomac, have met their old inveterate enemy on several hard fought and Sanguinary battle-fields. But as usual vicwas perched upon their banners, and are now thundering, in their saltpetre, at the gates of Richmond. No braver or etter army, was ever marshalled beneath the blue vault of Heaven, than the veteran Amay of the Potomac. And I hope the day not far distant, when they may enter the the capital, and drive the last vestige of taitors from our land. God GRANT victory

paign. The race for the occupancy of the White House for the next four years, bids fair to be an exciting one. But the excitement will be like the handle of a jug, all on one side. Two conventions have put their nags on the course, and a third is looking about for a 'thorough bred' to run them out of existence. Abraham Lincoln and Andrew Johnson are the favorites, the odds being as a 1000 to the little end of indisinctability whittled down to the significant point of copperheadism, in their favor, and that odds will grow greater and greater until the first Tuesday of November next when in all human probability, they will come down the "home stretch" easy winners, and not a vestige of their rivals left to mark the turf.

Our town is still moving onward and upward. Our merchants, mechanics and lumbermen are driving a thriving business, and the future greatness of this Alpine village, is fast growing more and more beyond the ken of mortal man. Our streets were densely populated on Friday last. The largest crowd ever seen here, by that venerable citizen, the "oldest inhabitant," came 'to town' to see the circus, on that day. If Jeff Davis had seen the outporing of young men in our town on Friday last, and all from do likewise" during the approaching term the surrounding country within a distance of our courts. exhausting the North of material to fill up the Union army. Though a great many have gone to the army, from the country around us, yet the number is but as a drop in the bucket to what is yet at home liable to millitary duty.

The Huntingdon Presbytery meets here to-morrow. I have just heard that Sergt. G. W. Dary was severely wounded on the 3rd inst. at the seige of Richmond, George is a veteran and his contrads spoke of him in terms of highest praise. H. R. Radebach was also wounded, and Sergt. ### U.S. 10-40 BONDS.

These Bonds are issued under the act of Congress of March 8th, 1864, which provides that all bonds issued under this act shall be exempt from taxation by or under any State or municipal authority. Subscriptions to these bonds are received in United States notes or notes of National Banks. They are to BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than ten nor more than forty years from their date, and until their redemption Five PER CENT WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually and on all other Bonds semi annually. The interest is payable on the first days of March and September in each year.

Subscribers will receive either Registered or Coupon Bonds, as they may prefer. Registered Bonds are recorded on the books of the U.S. Treasurer, and can be transferred only on the owner's order. Coupon bonds are payable to bearer, and are more convenient for Commercial

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest is coin-(or in United States notes, or the notes of National Banks, adding fifty per cent. for premium.) or receive them drawing interest from the date of subscription and deposit. As these Bonds are

Exempt from Municipal or State Taxation, their value is increased from one to three per cent, per annum, according to the rate of tax

levies is various parts of the country. At the present rate of premium on gold they pay

in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducement to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or seperate communities only is pledged for payment, while for the debts of the nited States the whole property of the country is holden to secure the payment of both principal and interest in coin.

These bonds may be subscribed for in sums from \$50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

It may be useful to state in this connection that the total Funded Debt of the United States on which interest is payable in gold, on the 3d day of March, 1854, was \$768,985,000. The interest on this debt for the coming fiscal year will be \$45,-937.126, while the customs revenue in gold for the current fiscal year, ending June 30th, 1864 has been so far at the rate of over \$100,000,000

It will be seen that even the present gold revenues of the Government are largely in excess of the wants of the Treasurer for the payment of gold interest, while the recent increase of the tariff will doubtless raise the annual receipts from customs on the same amount of importations, to \$150,000,000 per annum.

Instructions to the National Banks acting as oan agents were not issued from the United States Treasury until March 29, but in the first three weeks of April the subscriptions averaged more than TEN MILLIONS A WEEK.

Subscriptions will be received by the First National Bank of Philadelphia, Pa. Second National Bank of Philadelphia, Pa. Third National Bank of Philadelphia, Pa.
