OUR RAILROAD .- We are informed that the owners of coal-lands in the vicinity of O-ceola, are about to make a rail-road eight miles west from that place, which would bring it within about twelve miles of our town. Would not this be a better route than by Philipsburg? The subject is worthy the immediate attention of our citizens.

Esq., delivered a highly interesting and ingreat cause of popular education. H. B. Swoope, Esq., being then introduced, delivgred a very appropriate and eloquent address on the origin and history of Public Schools -showing their condition in Europe; their introduction into this country, and the establishment, progress, and practical working of the Common School system of our own State. This address elicited universal commendation, and the smeere thanks of the Institute and citizens were most cordially tendered him. The County Superintendand delivered a lecture on the "Qualifications of the Teacher." During the exercias of the Institute, several delightful pieces of music were sung by the choir, accompa-nied on the melodian by Miss F. Alexander. at the call of the executive committee. C. B. The termination of Democratic rule in this country was the end of peaceful relations between the State and the people.
