BULKLEY'S PATENT-LUMBER DRIED BY SUPERHEATED STEAM — The under-signed respectfully informs the people of Clear-field and adjoining counties that he has the agency of the above patent-and will sell individual, county or township rights for its use. The lumber dried by this process is stronger, finishes better, is easier on tools, and requires less time in drying than any other process known, drying 1 inch lumber perfectly in 36 hours better than many months under the old system using the same amount of fuel per day that a common kiln consumer. The certificate of a number of resident mechanics well known in this community is its utility. Persons desirous of purchasing rights will address JOHN L. HOSTETTERS CELEBRATED STOMACH BITTERS.

A pure and powerful Tonic, Corrective and Alterative of wonderful efficacy in . disease of the

Stomach, Liver and Bowels.

Cures, Dyspepsia, Liver Complaint, Headache, General Debility, Nervousness, Depression of Spirits, Consulpation, Colie, Intermittent Fevers, Cramps and Spasme, and all

Complaints of either Sex, arising from Bodily Weakness whether inherent in the system or produced by special causes.

. Nothing that is not wholesome, genial and restorative in its nature enters into the composition of Hostetter's Stomach Bitteer. This popular preparation contains no mineral of any kind, no deadly botanical element; no flery excitant; but it is a combination of the extracts of rare balsam-

e herbs and plants with the purest and mildest of all diffusive stimulants. It is well to be foreavmed against disease, and, so far as the human system can be protected by human means against maladies engendered by an for I feel satisfied that I can suit your tasted as er external causes, Hostetter's Bilters may be refied on as a safeguard.

In districts infested with Fever and Ague, it has been found infallible as a preventive and irresistible as a remedy and thousands who resort to it under apprehension of on attack escape the scourge; and thousands who neglect to avail themselves of its protective qualities in advance, are cured by a vory brief course of this marvel-ous medicine. Fover and Ague patients, after beng plied with quinine for months in vain, until fairly satured with that dangerous alkaloid, are not unfrequently restored to health within a few days by the use of Hoststter's Bitters.

The weak stomach is rapidly invigorated and the appetite restored by this agreeable Tonic, and hence it works wonders in cases of Dispepsia and in loss confirmed forms of Indigestion Acting as Keep constantly on hand a large and well select-a gentle and painless apperient, as well as upon ed stock of a gentle and painless appearent, as well as upon the liver, it also invariably relieves the Constipation superinduced by irregular action of the digestive and secretive organs. Persons of feeble habit, liable to Nervous At-

The ageny of Billious Colic is immediately as-suaged by a single dose of the stimulant, and by occasionally resorting to it the return of the complaint may be provented

As a General Tonic, Hostetter's Betters produce effects which must be experienced or witnessed before they can be fully appreciated. In cases of Constitutional Weakness, Premature Decay and Debility and Decrepitude arising from Old Age. it exercises the electric influence. In the convalescent stages of all diseases it operates as a de-lightful invigorant. When the powers of nature are relaxed, it operates to re-enforce and re-estublish them.

Last, but not least, it is the only safe Stimulent, being manufactured from sound and innocuous instituals, and entirely free from the add ele-ments present more or loir in all the ordinary onics and stomachies of the day.

The immense increase in the sale of Hostetter's Bitters, both at home and abroad, during the past year proves that the world, while it obeys the scriptural injunction to "try all things Holds fast to that which is good." S Spurious preparations, like poisonous fungi, are continual y springing up, but their character is soon dis-overed, and they are "fung like worthless weeds" Poplins, shallies, detains, lawns, and a variety of proprietors claimed for it on its introduction, is | ment should call and examine my stock.
