GOVERNOR'S MESSAGE-CONCLUDED.

the report of the Surveyor General, herewith presented, and commend the suggestions made by that officer to your consid-

This message is accompanied by full reports of all the military departments -They exhibit the large amount of service performed during the past year, and contain a full history of all the military operations of the State. Many valuable recommendations are made in them to promote the efficiency of volunteers, and the comfort of the sick and wounded, which I commend to your carnest and immediate attention. It affords me great satisfaction to bear my testimony to the ability. diligence and fidelity of all the officers in these several departments.

Before closing this message I desire to advert to the delay which has sometimes occurred in the passage of the general appropriation bill. It is necessary that this bill should become a law, as otherwise the action of the Government would be stopped. To delay its presentation to the Executive as was done at the last regular session-till a late hour in the night before the morning fixed for the final adjournment, is to deprive the people of their right to have all bills submitted to the revision of the Legislature before becoming laws, in case the Executive should not approve them. If there had been time, I should probably have returned the appropriation bill of last year for such revision, as when I had the opportunity of deliberately examining it, I found provisions which I could not have approved-but that opportunity was denied me before the bill had become a law, and in fact as the Legislature was on the point of adjournment; the only question presented to me was whether that bill should become a law without amendment or the necessities of the Government remain unprovided for.

The gallantry of our soldiers in the field still sheds lustre on the commonwealth. and that their merit is ppreciated by a generous people is shown by a continued and cheerful liberality with which the men and women of the State contribute of their means for their comfort and welfare. May the blessing of God be on those brave men who have stood by the country thro' the dark hours of her trial.

THE TRIBUNE FOR 1865. PROSPECTUS.

The Military and Naval successes of 1864, with the auspicious result of our Presidential contest, have lifted a heavy weight from the breasts of the Loyal Millions of our countrymen. It is now felt, even by those who have been distrustful and faint-hearted, that the Union is to emerge triumphant from the deadly strife whereinto she was so wickedly precipitated by her assailants, and that Slavery her relantices foe, is to encounter the fate of Haman. The perils of foreign intervention and of Western insurrection are safely passed: Abraham Lincoln, no longer assailable choice of a minority, holds the helm of State for four years longer; the Rebellion, palpably weak-ened by its defeats and losses during the year now closing-with its credit so reduced that its purse-bearer officially declares that its Treasury Notes can only be exchanged for coin at the rate of twenty-five for one, while its bonds command but six cents on the dollar-but awaits the blow which shall soon strike the sword from its parricidal hand and remit its ma-ter-spirit, to the Jus-tice, or it may be to the elemency, of a sorely wronged and justly incensed but forbearing and magnanimous People. Such are the auspices which justify our year soon to open will see the Stars and Stripes float unchallenged from every battlement in the kepublic, and the perfect law of Liberty for All immovably imbedded in the

onstitution of our Union. The New York Tribune, founded in 1841, will enter upon its twenty-fourth year with quickened hopes and enlarged means of usefulness. Its principles need no re-statement: Its aims are the diffusion of Intelligence and the inculcation of a spirit of Freedom and Humanity. When this truth shall have generally been recognized and established as the basis of our institutions and poli ty, that injustice to the poorest, the weakest, the most despised, is a fearful mistake—that no community or State can afford to wrong even its hum blest member-then will our land bask once more

in the calm sunshine of peace and prosperity. The Tribune has for the last year been published without profit to its proprietors, solely because of the depreciation of our Currency below the the specie standard, compelling us to buy paper and other materials at a cost considerable above the full amount received from our subscribers On our Weekly edition, the net loss has amounted to many thousands of dollars; white our large cipts from Advertising have been wholly absorbed by the extraordinary expenses for Corres pondence, Telegraphing, &c. devolved upon us by the War. As we do not suppose our patrons desire that we should work at our own cost, and prefer not to be patronized by any who may desire it, we have somewhat advanced for the en suing year the prices of our Semi-Weekly and Weekly as we had already done with those of magazine We have also retained all our old and our Daily editions. This increase is purely nom-favorite contributors. farmers of our country could buy The Tribune for so little of their own products or labor as they can by the following TERRS:
