The lumber dried by this process is stronger, finishes bet-17 19 19 20 21 22 23 ter, is easier on tools, and requires less time in drying than any other process known, drying 1 inch lumber perfectly in 36 hours better than many months under the old system using the same amount of fuel per day that a common kiln consumes. THE TRIBUNE FOR 1865.

The Military and Naval successes of 1864, with the auspictous result of our Presidential contest, have lifted a heavy weight from the breasts of the Loyal Millions of our countrymen. It is now felt, even by those who have been distrustful and faint-hearted, that the Union is to emerge triumphant from the deadly strife whereinto she was so wickedly precipitated by her assailants; and that Slavery her relentle s foe, is to encounter the fate of Haman. The perils of foreign intervention and of Western insurrection are safely pass ed: Abraham Lincoln no longer assailable as the choice of a minority, holds the helm of State for four years longer; the Rebeliion, palpably weak ened by its defeats and losses during the year now closing-with its credit so reduced that its purse bearer officially declares that its Treasury Notes can only be exchanged for coin at the rate of twenty-five for one, while its bonds command out six cents on the dollar-but awaits the blow which shall soon strike the sword from its parri cidal hand and remit its master-spirits to the jus tice, or it may be to the elemency, of a sorely wronged and justly incensed but forbearing and magnanimous People. Such are the auspices which justify our year soon to open will see the stars and Stripes float unchallenged from every battlement in the Republic, and the perfect las

The New York Tribune, founded in 1841, will enter upon its twenty-fourth year with quickened hopes and enlarged means of uscfulness. Its principles need no re-statement: its aims are the diffusion of Intelligence and the inculcation of a spirit of Freedom and Humanity. When this truth shall have generally been recognized and established as the basis of our institutions and poli ty, that injustice to the poorest, the weakest, the ost despised, is a fearful mistake-that no community or State can afford to wrong even its humblest member-then will our land bask once more

in the calm sunshine of peace and prosperity. The Tribune has for the last year been published without profit to its proprietors, solely because of the depreciation of our Currency below the the specie standard, compelling us to buy paper and other materials at a cost considerable above On our Weekly edition, the net loss has amounted to many thousands or dollars; while our large receipts from Advertising have been wholly absorbed by the extraordinary expenses for Corres pondence. Telegraphing, &c . devolved upon us by the War. As we do not suppose our patrons desire that we should work at our own cost, and prefer not to be patronized by any who may desire it, we have somewhat advanced for the ensuing year the prices of our Semi-Weekly and Weekly, as we had already done with those of our Daily editions. This increase is purely nominal: there never before was a time when the farmers of our country could buy The Tribune for so little of their own products or labor as they
