UNION STATE CONVENTION.

A State Convention will be held at Harrislarg on WEDNESDAY, THE 19TH JULY. 1865, at 12 o'clock M., for the purpose of putting in nomination a State ticket, to be supported by the friends of the Union at the coming October election.

The earnest and zealous labors of loyal made the war, which our enemies denounced as a failure, a glorious success in 1865.

Our flag has been maintained-our enemies destroyed-our Government preseryures to be represented in that Convention. We must see to it that the fruits of our success are not lost to the Nation.

Business of vast importance will be presented for its consideration, and every district in the State should be represented. Simon Cameron, Chairman.

Court.-The June term of our courts commences on Monday next. We would remind our patrons, at least those who are several years in arrears, that this will be a favorable time to send the amounts due us.

HEAVY ROBBERY .- We learn that the store of William Albert & Bro's, in Bradford township, was broken into on Sunday night last, and robbed of goods to the value of about \$1,000. The goods stolen consisted principally of clothing, boots, shoes, etc. The Messrs, Albert had just received and opened a new stock of goods, and hence they are unable to estimate the room, by prying off the shutter with a rail. So far, the thieves have eluded detection.

DEATH OF A SOLDIER,-We regret to announce the death of John M. Ogden, a was afterwards taken to his residence in the halter? Lawrence, from whence it will be conveyed to its last resting place. His death will be deeply mourned by his young wife, and many relatives. Peace to his remains.

Oil at Last.

We have credible information that oil has been found on the head waters of Clearfield Creek, in Cambria county, in paying quantities, at a depth of four bundred and fifty feet. The well was bored by the Messrs. Collins. Several barrels of oil were brought up with the sand-pump, and the indications were that it would prove what is called a "thirty barrel well." This settles the questhe opinion of a number of Oil men who field county. visited this locality, and predicted that petreleum would be found in large quantities on that stream.

Silver and lead in Venango County. The Meadville Republican says: "Last week a telegram from Cooperstown conveyed the intelligence that Mr. Lamberton, while digging a cellar had discovered silver and lead in some of the broken rocks. No further particulars have been transmitted, Brue. Thomas but the report, if true, confirms an idea which has been entertained by many old citizens since the earliest settlement of the county. Many years ago, interresting articles were published on the subject of the existence of precious metals in the Sugarcreek region, and other parts of Venango county. Tradition says that the French worked a silver mine on the ground where Cooperstown now stands."

Something Worth Reccollecting.

It is very important to know how to act when the clothes of a person take fire, or when severe burns result from any cause. The Scientific American says: Three persons out of four would rush right up to the burning individual, and begin to paw with their hands without any definate aim. It is useless to tell the victim to do this or that, or call for water. In fact, it is generally best to say not a word, but sieze a blanket from a bed, or a cloak, any woolen fabricif none is at hand, take any woolen material -hold the corners as far apart as you can, stretch them out higher than your head, people secured the great victory in 1864, and and, running boldly to the person, make a motion of clasping in the arms, most about the shoulders. This instantly smothers the fire and saves the face. In an instant throw the unfortunate person on the floor. This ed and peace re-established. The next instant, immerse the burnt part in cold water, and all pain will cease with the rapidity of lightning. Next, put on some common flour, remove the water, and cover the burnt parts with an inch thickness of flour if possible; put the patient to bed, and do all that is possible to soothe until the physician arrives. Let the flour remain until it falls off itself, when beautiful new skin will be found. Unless the burns are deep, no other application is needed. The dry flour for burns is the most admirable remedy ever proposed, and the information should be imparted to all The principle of its action is that, like the water, it causes instant and perfect relief from pain by totally excluding the air from the injured parts. Notes of all the denominations named will be promptly furnished upon receipt of subscriptions. The Notes of this third series are precisely similar in form and privileges to the Seven-Thirties already sold, except that the Government reserves

to itself the option of paying interest in gold coin at 6 per cent., instead of 7 3-10ths in currency. Subscribers will deduct the interest in currency up to July 15th at the time they subscribe. The delivery of the notes of this third series of the Seven thirties will commence on the 1st of

June, and will be made promptly and continously after that date. The slight change made in the conditions of this Third Series affects only the matter of interest. The payment in gold, if made, will be equivalent to the currency interest of the | lishment of the kind in this part of the State.

The return to specie payments, in the event of which only will the option to pay interest in Gold be availed of; would so reduce and equalize prices that purchases made with six per cent, in gold would be fully equal to those made with seven and three-tenths per cent in currency. This is
