## Raftsman's Journal.

CLEARFIELD, PA., SEPT. 6, 1865.

CAUTION. -Our friends throughout the county are cautioned in reference to the 50 ent postage currency notes, as most of those in circulation are counterfeit. Bankers and business men, generally refuse to take all notes of that denomination.

Notice.-Directors and teachers are notified that owing to an unavoidable circumstance, the examination for Girard and Goshen districts is changed from September 25th to October 5th-Covington and Karthaus from September 26th to October 6th -and Lawrence from September 28th to October 9th.

CHERRYTREE OIL-WELL .- We are informed that the oil well at Cherrytree is progressing favorably-having already reached a depth of about 250 feet. In that distance they have passed through five veins of coal -one of which is five feet in thickness. A strong vein of gas has also been struck, and the company have great hopes of soon reaching the "ily fluid."

A RICH ONE -A few days since, a citizen of this place was accosted on the street with the question: "Why do you Republicans refuse to take your own money?" The reply was, "Because a certain class called shovers, and of the Copperhead species, had circulated so many counterfeits, as to bring them into dispute." The answer being to the point the querest left in a hurry.

INSURE AGAINST PERSONAL INJURY .-Every person who travels, be it more or less, should be insured against personal injury, from accidents of every description. A person injured can, by this means, procure a weekly compensation of \$15 for 26 weeks; and in case of death, secure to his family the sum of \$3,000, and that for a very small investment. Persons desirous of making such provision for themselves and families, will please call on S. J. Row, Clearfield, Pa., who is agent for one of best Traveller's Insurance Companies in the country.

THE SOLDIER'S CASKET.-The Ninth number of this highly interesting Soldier's magazine is received. The opening article "In Memory of Willie Sherman,"-a brief eketch of his life -is worthy of a careful perusal, as it contains an instructive lesson to both young and old. "The Soldier's Great Movement." or "Protective Union," is anshould feel a deep interest, as it is intended one hundred. to enable our wounded veterans to gain a livelihood for themselves. Price of "Casket," \$2 a year. Address, C. W. Alexander, 122 South 3d street, Phil'a.

ROBBERT AND ATTEMPTED SUICIDE. On Monday night, August 25th, the store of Whitcomb: & Co., at Philipsburg Centre county, was entered and goods to amount of about \$150 carried off. It seems that the thief went to the boarding house of the clerk, entered the bedroom and took 'the keys from his clothing, and by this means gained admittance to the store. The thief while rummaging about the store cut himself on a butcher knife, and bled freely, by which means he was tracked from the store to the boarding house of the clerk-the thief having returned the keys to the clerk's pocket. Next day suspicion rested upon Jacob lebo, from the fact that he had his hand tied up, and upon a warrant being issued he was arrested-when he confessed to the their, and told where the goods were secreted. Jusas the officer, who had the prisoner in custedy, was about to start for Bellefonte, he (the thief) asked permission to go into the back razor from his pocket, and cut across his throat, from ear to ear, but fortunately not deep enough to cause instant death. At forward, prove property, pay charges and take her away or she will be sold as the law directs.

RAILROAD ACCIDENT .- On Thursday of senger train from Tyrone was leaving Mitchells station, some coal or slate on the mil threw the truck of the rear car from the track and upset the car, precipitating it over Irvin, Esq., of Curwensville, had his shoulder blade fractured, and was otherwise injured. Like ninety-nine out every hungred this accident was the result of pure care ness. That the track, in the vicinity of a

Penn'a Railroad Company, we cannot but think that the manner in which they manage this branch road is anything but commendable. The locomotives and an ased on the road, are the old worn-out stor that cannot be any longer used on the main line. Moreover, there ought to be a line of telegraph put up, as no railroad can be sally or properly worked without it. The Penn's Company having got the road for timest in the districts in which they intend to teach. No private examinations will be held unless a matisfactory reason is given for non-attendance at much as they can do, certainly there. much as they can do, certainly they can afford to erect a telegraph, use good engines
and core and make the most present a written request from at least four
members of the Board of Directors who may desire
members of the Board of Directors who may desire
to employ them. Such examinations will be held
and core and members of the Board of Directors who may desire and cars, and run the road as it ought to be only on Saturdays.

RAILBOAD MURDERS.-The numerous railroad muriers that are occurring all over the country, should induce persons whose business requires them to travel, to call at the office of H. B. Swope, Esq., and get an insurance against accidents, by which, in the event of death they will secure to their families \$3,000, and of injury, to themselves the sum of \$15 per week for 2 weeks. Raftsmen ought to procure an Insuance before starting down the river. Fo a trifling cost, they can thus protect their families from some of the worst conse uences of Spt. 6-1t. death or injury.

The delegates to the Demeratic State Convention in Ohio last week ook the initiative in marshalling the upporters of their ticket at the coming election.
