THE KIDNEYS.

The kidneys are two in number, sitnated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz: the anterior, the interior, and the exterior.

The anterior absorbs; the interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior; the exterior is a conductor also, terminating in a single tute. and called the ureter; the ureters are connected with the bladder.

The bladder is composed of various coverings or tissues, divided into parts, viz: the upper, the lower, the nervous, and the mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability, others u-rinate without the ability to retain. This frequently occurs in children.

To cure these affections we must bring into action the muscles, which are engaged in their various functions. If they are neglected Gravel and Dropsy may ensue

The reader must also be made aware hat however slight may be the attack. it is sure to affect his bodily health and mental powers, as our flesh and blood are supported from these

Helmbold's highly concentrated Extract of Buchu is decidedly one of the est remedies for diseases of the bladder, kidneys gravel, dropsical swellings, rheumatism, and gou-ty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water: Scanty sceletion, or small and frequent discharges of water; Stranguary, or stopping of water; Hamaturia, or blondy urine; Gout and Rhematism of the kidneys, without any change in quantity, but increase of color or dark water. It was always highly recommended by the late Dr Physick in these affections.

This medicine increases the power of digestion, and excites the absorbents into heal-thy exercise, by which the watery or calcareous depositions and all unnatural enlargements, as well as pain and inflamation, are reduced, and is

Рипладелрита, Ра., Feb. 25, 1857. H. T. Helmbold, Druggist:

Dear Sir :- I have been a sufferer, for upwards of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparationS, and been under the treatment of the most eminent physicians, experiencing but

Having seen your preparations ex-tensively advertised. I consulted with my family physician in regard to using your Extract Buchu.

I did this because I used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies unless I knew of the ingredients. It was this that prompted me to use your remedy As you advertised that it was composed of BUCHU, CURERS, and JUNIPER RERRIES, it occurred to me and my physician as an excellent combination and, with his advice, after an examination of the article, and consulting again with the druggist. I conculuded to try it. I commen-ced its use about eight months ago, at which time I was confined to my room. From the first bottle I was astonished and gratified at the beneficial effect, and arter using it three weeks, was a-ble to walk out. I felt much like writing you a full statement of my case at the time, but thought my improvement might only be temporary and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you and more satisfactory to me

I am now able to report that a cure is effected after using the remedy for

five months. I have not used any now for three months, and feel as well in all respects est and best selected stock of goods ever brought to that part of the county of Clearfield.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system. I do not mean to be without it whenever occasion may require its use in such affections.
