sue we noticed the fact, that the Post-office in Clearfield had been designated as a Money Order Office by the Post-Master-General. Since then we have learned that the arrangement will not go into effect until the 5th. of February, 1866. Persons should remember this fact.

More New Music. -The following pieces of music, "Promenade Concert Polka," (50 cents,) and "My Jamie's on the Battle Field," (25 ceents,) by Mrs. Parkhurst, and "Santa Claus Song and Chorus," (25, cents.) by Rev. A. A. Graley, have just been published by Horace Waters, 481 Broad way, New York. They are all excellent pieces, and worthy the attention of all lovers of

A HINT.-The Dayton Journal very truthfully and pointedly remarks that there ought to be no such thing as doing a thing vice without paying for them. In a newspaper office not a line is set up that does not cost something for setting. Either the printer must pay the whole, or the advertiser must pay his share. The only question the days of the republic are numbered. to be asked by the publisher is, who is to pay for the labor? What ground has this party or individual to require me to pay for the promotion of its object?

ATLANTIC AND GREAT WESTERN RAIL-ROAD. - From the Brookville Republican of Dec. 13th, we learn that, on the 6th, the engineers of the Atlantic and Great Western Road commenced the grading, pered. near that place-thus taking formal posseson of their line. We are also informed that said company have about one thousand hands at work at several points now, and that the force is to be largely increased, and the grading and building of the road pushed to an early completion. This is a source of gratification to our citizens generally, as Clearfield is a point in their charter.

SERIOUS ACCIDENT.-We learn that, on Tuesday, December 19th, Philip Heisey, of Lawrenc: township, met with a very serious accident, whilst hauling wood. As he came down a hill, the wood, standing on end, pressed the front part out of the wagon bed, and slide down in tront of the wagoncarrying Mr. Heisey with it. In trying to get out of danger, Mr. Heisey happened to fall in such a position that the wagon wheels passed over his body-breaking several of his shorter ribs, and otherwise injuring him. He is lying in rather a critical condition, but hopes are entertained of his recovery.

IMPORTANT TO MUSICIANS. - The following testimony from a lady who purchased a Steinway's Piano from B. M. Greene, agent for this county, shows not only that she appreciates a good instrument, but is additional testimony to the superiority of their make of Pianos over all others. She says: - "For purity and succetness of tone, elasticity of touch, and beauty of instrument, together with all the modern improvements, I find it unequalled," "I cheerfully recommend Messrs Steinway & Sons pianos to any who wish to purchase." These celebrated instruments as well as Mason & Hamlin's Cabinet Organs, Mr. Greene keeps on hand constantly at his Music Store, Huntingdon, Pa. Send for a circular.

President Johnson's late Message, "to facilitate postal, commercial and military communication between the States." This bill provides—in substantial accordance with ized to transport mails, passengers and freight between any two States of our Union, ate a monoply of such transportation to the contrary notwithstanding. McPherson, Samuel B. Jordan, Som Cesson, Candle Candle City; John W. Crowley. Morris; Jaeob L. Gearhart, George R. Dillon, John Hoover. Penn; James McKeown, Abraham Hahn. The Camden and Amboy Company alone can afford to pay a Quarter of a Million Dollars to defeat it; and we consider that sum amply sufficient. Still, every passage of such a bill through the House tends to enlighten the public with regard to the injustice and evils of Railroad Monopoly, and to increase the difficulty and peril of buying another renewal of it from ever so venal and reckless a legislature. We trust, therefore, that the Senate will be pressed to vote on the House bill, that the country may note how it is defeated .- Tribune.

# THE KIDNEYS.

The kidneys are two in number, sitnated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz: the anterior, the interior, and the exterior.

The anterior absorbs; the interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior; the exterior is a conductor also, terminating in a single tute, and called the ureter; the ureters are connected

The bladder is composed of various coverings or tissues, divided into parts, viz: the upper, the lower, the nervous, and the mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability, others u-rinate without the ability to retain. This frequently occurs in children.

To cure these affections we must bring into action the muscles, which are engaged in their various functions. If they are neglected Gravel and Dropsy may ensue

The reader must also be made aware that however slight may be the attack, it is sure to affect his bodily health and mental powers, as our flesh and blood are supported from these

The Gravel ensues from neglect or the improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish and sediment forms. It is from this deposit that the stone is formed and Gravel

## TREATMENT.

Helmbold's highly concentrated Extract of Buchu is decidedly one of the best remedies for diseases of the bladder kidneys, gravel, dropsical swellings, rheumatism, and gouy affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water; Scanty secretion or small and frequent discharges of water; Stranguary, or stopping of water; Hæmaturia or bloody urine; Gout and Rhematism of the kidneys, without any change in quantity, but increase of color or dark water. It was always highly recommended by the late or Physick in these affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise by which the watery or calcareous depositions and all annatural enlargements, as well as pain and inflamation, are reduced, and is

Риналегрија, Ра., Feb. 25, 1857. H. T. HELMBOLD, Druggist:

Dear Sir :- I have been a sufferer, for upwards of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparationS, and been under the treatment of he most eminent physicians, experiencing but

Having seen your preparations extensively advertised of consulted with my family physician in regard using your Extract Buchu.

I did this because I used all kinds of advertised remedies, and had found them worthless and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies unless I knew of the ingredients. It was this that prompted me to use your remedy As you advertised that it was composed of BUCHU, CUBERS, and JUNIPER BERRIES, it occurred to me and my physician as an excellent combination, and, with his advice after an examination of the article, and consulting again with the druggist. I conculuded to try it. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was astonished and gratified at the beneficial effect, and arter using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at the time, but thought my improvement might only be temporary and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you und more satisfactory to me

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system. I do not mean to be without it whenever occasion may require its use in such affections.
