RAILROAD ACCIDENT.—On Saturday the 26th, engine 1074, run off the track of the Philadelphia and Erie Railroad, four miles above Ridgway, and was precipitated over an embankment twenty feet high. The engine was badly scalded, and the fireman severely bruised.

A GOOD PAPER.—We commend to the special attention of our readers, that very valuable journal for the Household, the Children, the Garden, the Orchard, and the Farm, viz: the American Agriculturist, published by Orange Judd & Co., 41 Park Row, New York City, at only \$1.50 a year. It is full of good things, useful to every person, no matter where his residence, or what his occupation. We learn that the present volume (25) opens with an increase of more than twenty thousand subscribers. The paper itself, good as it has hitherto been, is greatly increased in size, appearance, and intrinsic value. A dollar and a half can scarcely be better invested. Send us your subscriptions to the publishers, as above. The first number of this volume contains 40 pages, and can be obtained, as a specimen, on remitting 15 cents to the publishers.

THE NEW YORK WEEKLY MAGAZINE.—This new and popular magazine has taken a great start in popular favor. The number for January 13th contains the first chapters of a new popular tale, entitled "How I Made a Fortune in Wall Street, and How I Got Married," written by a gentleman of long experience in the ins and outs of that celebrated locality. The great charm of this story is that it is a collection of facts, with only a change of names, and it promises a great deal of information that will be of thrilling interest to the general reader, and of particular importance to every one who wishes to know how fortunes are made and lost in New York. This Magazine has forty-eight handsome pages, and contains a great variety of popular tales, domestic stories, pithy essays and sketches of travel, and is remarkably cheap.

We learn that the news dealers already take twenty thousand copies a week. For terms, see advertisement.

FROZE TO DEATH.—A man named Levi Haney, was froze to death, some ten days since, near Philipsburg, Centre county, under the following circumstances. On Saturday evening, January 20th, young Haney, some three or four others, rode out of Philipsburg on a sled, and stopped at a drinking saloon, at the old screw factory, a short distance from the town. After taking several drinks, and as the party were about to retire, Haney was missing, but his absence gave his companions but little concern, as they supposed he had slipped away and returned to Philipsburg. Nothing was seen of Haney, however, until the Tuesday following, when he was found standing in the Moshanon creek, a short distance from the drinking saloon, frozen to death. From the position in which he was found, it is evident he made a great effort to save himself from impending death—but failed to extricate himself before he perished from the cold. This is another warning to those who are in the habit of partaking freely of intoxicating drinks.

SPEAKS FOR ITSELF.—The following letter from Judge Rose of Altoona, to B. M. Greene, in regard to the Piano purchased of him speaks for itself:

ALTOONA, Jan. 20, 1866.—B. M. Greene, Esq.—Dear Sir: Allow me to express to you my entire satisfaction with the Steinyer & Son's Piano, purchased of you last March. As far as I am able to judge it combines all the necessary requisites of a perfect instrument. Quite a number of performers have tried it, and all pronounce Steinyer & Son's as unequalled. I have not the least hesitation in recommending their make as the best, and hope those of my friends who desire a good article may give you a call. Respectfully, B. F. Rose.

These splendid Pianos and also Mason & Hamlin's Cabinet Organs, can be seen at Mr. Greene's Music Store, Huntingdon, Pa. Mr. Greene is the sole agent for this country, and persons wishing a good instrument should not fail to give him a call, or send for a circular. Any information desired can be had upon application to Miss E. A. P. Rynder, Mr. Greene's Agt. at Clearfield.

GODEY'S LADY'S BOOK.—The February number of this truly interesting Lady's Magazine is in our hands. It is a splendid number. Every body should have it.

Facts vs. Theories. "Give me a place to rest my lever on," says Archimedes, "and I will move the world." "Give me pure and unadulterated drugs," says Medicine, of the olden time, "and I will cure disease."

In one sense, both of these learned pundits were the veriest charlatans. They knew there was no place to rest their lever on, either to move the world or to cure disease. Mechanism was in a backward state, and the medical profession was but another name for sorcery and all the adjuncts of magic filters and charms of the "evil eye" &c. But these latter days have borne unto us something more than even superstition and its crew ever dreamed of in their maddest philosophy. In these days of practical science, what was theory of yesterday is fact to-day, and all the old-time notions become as bubbles in the sun, and burst and break with every breath we draw.

Let Archimedes shoulder his lever and we will find a resting place for it to move the world! Let nine ancient Medicines pant and toil no more for the drugs he so sorely needs, for we have them at our hand, ever ready to serve them to his beck.

Refined in the laboratory of Dr. Maggiel, the finest materials known in the Medical profession are obtainable by any one. His Bilious, Dyspeptic, and Diarrhetic Pills stand unrivalled, and his Salve operates with magical effect upon burns, scalds, and all sores and ulcers of the skin.

In fact we think Maggiel's Pills and Salve are the wonder of the century, and we are happy in the thought that many others of our brethren of the craft agree with us. We would earnestly counsel that all families provide themselves with Dr. Maggiel's Preparations at once, and keep them ready at hand, so as to use them at the most opportune time and as occasion serves.—Valley Sentinel.
