THE KIDNEYS.

The kidneys are two in number, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz: the anterior, the interior, and the exterior.

The anterior absorbs; the interior consists of tissues or veins, which serve as a deposit for the arine. and convey it to the exterior ; the exterior is a conductor also, terminating in a single tate, and called the ureter; the ureters are connected with the bladder.

The bladder is composed of various coverings or tissues, divided into parts, vis: the upper, the lower, the nervous, and the mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability, others u-rinute without the ability to retain. This frequently occurs in children.

To cure these affections we must bring into action the muscles, which are engaged in their various functions. If they are neglected Gravel and Dropsy may ensue.

The reader must also be made aware that, however slight may be the attack, it is sure to affect his bodily health and mental powers, as our flesh and blood are supported from these

Pain occurring in the loins is indicative of the above diseases. They occur in per-sons disposed to woid stomach and chalky secretions.

The Gravel.

The Gravel ensues from neglect or the improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain ; it becomes feverish and sediment forms. It is from

this deposit that the stone is formed and Gravel chsues

TREATMENT.

Helmbold's highly concentrated Extract of Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gon ty affections. Under this head we have arrang-ed Dysuria, or difficulty and pain in passing wat-er; Scanty secretion, or small and frequent dis-charges of water; Stranguary, or stopping of water; Hæmaturia, or bloody urine; Gout and Rhematism of the kidneys, without any change in quantity, but increase of color or dark water. It was always highly recommended by the late Dr Physick in these affections.

This medicine increases the power of digestion, and excites the absorbents into heal thy exercise, by which the watery or calcareous depositions and all annatural enlargements, as well as pain and inflamation, are reduced, and is taken by

BONDS AND NOTES FOR SALE .- The D undersigned is prepared to furnish, to those seeking investments. Government and county bonds. Also five per cent Government notes. H B. SWOOPE, arteld Mar & 1864 AW'T at Law

Dear Sir :- I have been a sufferer, for upwards of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of

the most eminent physicians, experiencing but little relief. Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in fact, Isdespaired of ever getting well, and determin-ed to use no remedies unless I knew of the ingredients. It was this that prompted me to use your remedy As you advertised that it was compos-ed of BUCHU, CUBEBS, and JUNIPER BERRIES, it occurred to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the draggist. I conculuded to try it. I commen-ced its use about eight months ago, at which time I was confined to my room. From the first bot-tle I was astorished and gratified at the beneficial effect, and arter using it three weeks, was a-ble to walk out. I felt much like writing you a full statement of my case at the time, but thought my improvement might only be temporary and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you and more satisfactory to me

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system. I do not mean to be without it when ever occasion may require its use in such affection M. M'CORMICK
