Soldiers' Orphans.

The State of Pennsylvania has done nobly for the Union, and the same disposition inclines her toldo honorably by the soldiers of the Union and their families. Among those whose fathers have fallen on the bloody field; or pined away to death in hospitals or the prisons of the enemy. A leg islative appropriation has been made for two years past, for the education and support of such orphans, at the expense of the State. They have, to the number of 1,300. been receiving the benefit of this arrangement in day and boarding schools, in different parts of the Commonwealth. The expenditure for the past year has been a little over \$100,000. The report of the Superintendent of Soldiers' Orphans, Hon. Thomas H. Burrowes, represents the condition of the children to be favorable and promising. The average expense, embracing board, clothing and schooling, is \$130 for each scholar.

The charity is of course a temporary one, as the children will in a few years have arrived at an age for entering on some em-ployment for life. But while the necessity continues, we have no doubt the patriotic spirit of the people of Pennsylvania, will see that the needfull appropriation is annually made for defraying the expenses of the work. The pledge, as Governor Curtin says, with the earnestness that marks all his utterances on this and kindred subjects, has been given to the brave men who periled their lives for the country, and like him, we cannot for an instant suppose the Legislature will hesitate to continue the appropriation which is to bless these children with the means of support and education, during their helpless age.

The passage of the bill now before Congress to protect officers of the army from suits at law in the various States for acts done in compliance with military orders is imperatively demanded by the logic of events. In Kentucky and throughout the Southern States suits are daily entered against United States officers for performing their duty under orders issued by their superiors, the intention being to use the force of State laws to punish these officers for acts distasteful to the rebels. The Gov-ernment should certainly be able to protect it imposed upon them.

Uncovering A Masked Battery.

The Copperhead minority of the Senate, seeking for a pretence to cover up their trea; sonable record, and especially the record of Mr. Clymer, their candidate for Governor, during the war, have commenced the campaign by an attempted fraud-so weak that it is only an attempt. A pamphlet entitled negro suffrage in the State of Pennsylvania,' was prepared by the cunning Beardslee, and his loyalist colleagues have been busy for several days secretly circulating this document at the expense of the State. It is made up of glaring mistatements of the record and outside of it. On Thursday Senator Hall came across one of these pamphlets and called the attention of the Senate and the State to the fraud-when the cunning Beardslee got up and admitted that the pamphlet contained a deliberate false-hood as to Mr. Hall—but excused himself by stating that it could do no harm. Thus the Copperheads are caught in traud No. 1. We assure Mr. Heister Clymer and his Senatorial party, that it is not in their power to keep from the people their record. Clymer never cast a vote for the Government during the war. He was always against the Union soldier in the field and the party that sustained that Union soldier at home. He must face the music. Mr. Wallace says Clymer is to attack! We agree with him, and think the sooner he begins the attack on his own record the better. The man who voted against every measure introduced in the State Senate during the war, calcula-

tack, Mr. Clymer, please do?
This purported view of "Negro Suffrage in the State of Pennsylvania," gotten out thus early, and so replete with falsehoods, is thus early, and so replete with falsehoods, is a fair sample of the manner and mode in which the can paign for Governor is to be conducted by the copperheads. The people at large can form a proper estimate of the leaders of a party, when those leaders, while occupying seats in a body composed of respectable and honorable men, deliberately get to work to misrepresent the gravely expressed views of their colleagues. The history of Democratic political chicanery contains nothing to equal this last act of desperate, absolute falsification. And what is even worse, the people are compelled to pay for the circulation of this vile trash through the mails.

ted to sustain either State or National Gov-

ernment, is in a splendid condition to attack

the hero and patriot who followed his coun-

try's flag over every field of the war. At-

If all the attacks on the part of Mr. Clymer and his upholders are to be of a similar character with this pamphlet alluded to, we beg him and them not to desist from their work, for like the brutal treatment which their friends in the South visited upon Union soldiers, these vulgar faisehoods will recoil upon themselves by an overwhelming defeat in a fair fight. —Telegraph.

TENNESSEE.-Colonel W. B. STOKES, a member elect of Congress from Tennessee, made a speech in Nashvitle, on the 8th inst., in which he said: "I am again on my way to Washington, to help the Union men to restore law and order! I am regardless to who deviates to the right or the left. If some men choose to go estray, even if Monday morning about three inches of snow they be high in authority. I have taken no fell, which enabled our lumbermen to haul outh to follow them. Your friends in Wash-Sometimes they are termed radicals, I don't care what name you call them. I can be called a radical as easily as I was called a Lincolnite and Abolitionist in 1861. 'The radicals are your friends, I repeat. Some of them are a little extreme in some of their give several of the appointments of the views, but still you must remember that these Union men are the ones that saved our government in 1861, when it required all the energy and courage of man to meet foute District; Sinnemahoning and West-port, J. L. Chandler and J. F. Craig; whom you should trust now with the reins

CAUSE OF THE CANADA EXCITEMENT. -It is said to have been reliably ascertained that the military excitement now going on Monroe; Glen Hope, W. R. Whitney; N. in Canada is the result of direct special Washington, H. M. Ash. Rev. Thomas commands from the Crown of Great Brittain for the purpose of diverting the attention of the Feniaus from Ireland as the grand objective point, and to precipitate the union of the Provinces, with Prince Alfred on the American throne. The agents of England are now in New York, laden with gold to carry out this plan, but they have been foiled by the detective system of the Fenians, which ramifies all society in this country, even to the table of Sir Fred erick Bruce at Washington and the Governor General of Canada. Further particulars of these astounding developments will be given to the public soon. The bearer of the Queen's despatches is a Fenian, and is now in New York.

ACCIDENT TO EX-GOV. RINTER.-We learn from the Chambersburg Repository that the venerable Ex-Governor Ritner met with a severe accident, in that town, on Thursday evening last. The Repository says that as he was entering the house of Mrs. Ritner, his daughter-in-law, he fell on the pavement, lacerating the back part of his head, and was so severely stunned that he lay insensible for some time. The accident was a very painful one to a man of the Ex-Governor's years, for our venerable friend must be well-nigh eighty-five years of age, and though retaining his faculties in a remarkable degree, can ill withstand the shock of accident superadded to the shock of years.

Mr. Sherman introduced on the 13th in the Senate a resolution providing that the outstanding United States currency, excluding interest-bearing notes, shall not be reduced below \$420,000,000; and the balance in the Treasury shall not be allowed to exceed \$40,000,000 in coin and \$40,000,000 in currency, but that the surplus shall be applied to accruing indebtedness and paying up the interest debt; but that the interest-bearing legal tenders shall not be retired at a rate exceeding \$5,000,000 a month. The resolution was referred to the Committee on Finance.

### THE KIDNEYS.

The kidneys are two in number, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz: the anterior, the interior, and the exterior.

The anterior absorbs; the interior coasists of tissues or veins, which serve as a deposit for the urine, and convey it to the exterior; the exterior is a conductor also, terminating in a single tube, and called the ureter; the urefers are connected

The bladder is composed of various coverings or tissues, divided into parts, viz: the upper, the lower the nervous, and the mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability others u-rinate without the ability to retain. This frequently occurs in children

To cure these affections we must bring into action the muscles, which are engaged in their various functions. If they are neglected Gravel and Dropsy may ensue.

H. T. HELMBOLD, Druggist: Dear Sir :- I have been a sufferer, for upwards of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of he most eminent physicians, experiencing but

little relief. Having seen your preparations ex-tensively advertised, I consulted with my family physician in regard to using your Extract Buchu.

I did this because I used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies unless I knew of the ingredients. It was this that prompted me to use your remedy As you advertised that it was compos-ed of BUCHU, CUBEBS, and JUNIPER BERRIES, it occurred to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist. I conculuded to try it. I commenced its use about eight months ago, at which time I was confined to my room. From the first bot-tle I was astonished and gratified at the beneficial effect, and arter using it three weeks, was a-ble to walk out. I felt much like writing you a full statement of my case at the time, but thought my improvement might only be temporary and therefore concluded to defer and see if it would effect a perfect oure, knowing then it would be of greater value to you and more satisfactory to me

I am now able to report that a cure is effected after using the remedy for

five months. I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system. I do not mean to be without it when ever occasion may require its use in such affections M. M'CORMICK
