DIVINE SERVICES .- Rev. Archer will preach in the Presbyterian church, morning and evening, on Sunday, June 17th.

Rev. Monroe will preach in the M. E. Church, on Sunday evening, June 17th. Rev. Sembower will preach in the Bap-

tist church, on Sunday morning June 17th. Rev. Harrison will preach in the Luthe-

anchurch, on Sunday morning, June 17th, at which time the Lord's Supper will be celebrated. Members from neighboring congregations are invited to participate.

CONGRESSIONAL .- We understand that H. Souther, Esq., of Ridgway, is spoken of as a candidate for Congress in this, the 19th District.

SOMETHING NEW .- Ladies, dress your boys. Patterns of Garribaldi, Zouave and French suits, or any other style desired, will be furnished on short notice, at reasonable rates. Call on P. A. Gaulin, Graham's Row, over Naugles Jewelry Store. Clear-June 6,-3t. field, Pa.

To Boys.-A boy with a moderate Engish education, of sober and industrious habits, from fifteen to seventeen years of age, and who can come well recommended, can obtain a situation to learn the printing business by applying at the Journal office, soon. A bey from the country preferred.

ATTENTION, RECRUITS. - A few more nice young men are wanted to crowd around the doors of the several churches, in this place, after evening services. We observed, on Sunday evening last, that the ladies were permitted to pass out of one of our churches by stepping to one side and off the plank walk, thus avoiding the necessity of elbowing their way through this gentlemanly brigade. A lew recruits added to this selfsacrificing phalanx would prevent a similar recurrence. So look out ladies.

The Editor of the Canfield, Ohio, Hersld, says : "Wheaton's Itch Ointment.-It has been said that to "get the itch is no disgrace, but it is disgraceful to keep it." No one need have the itch forty-eight hours if they will use "Wheaton's Ointment," for it is a sure cure! We saw it tried on the persons of several children and adults a few weeks since, and the itching at once ceased, Merchant Tailor and General Clothier. defendants remaining interest in two hundred and in two days not an eruption was visible. It is effectual in removing pimples, blotches, and especially old sores. We used the Ointment on one of our own children, and the effect was magical. The itch, which has been so prevalent about here, has not vielded to the usual remedies for this complaint, and we are glad that a remedy has been discovered that is so effectual and yet so cheap." Read the advertisement. PARENTS !- Boys !- There is little doubt that many parents, in this place, are unawares of the doings of their sons on the Sabbath day-some of whom are quite small. For the information of such, we would state that, if they will cautiously approach either of the stage coaches standing in a certain alley on that day, they will find some of them engaged in playing cards and cursing and swearing : whilst others can be found in the forests adjoining the borough, engaged in the same practices, besides drinking lager and liquor and becoming intoxicated. The result that must follow such practices is apparent to every one. We know many of those who thus congregate together, but we refrain from indicating any of them; however, should they continue to thus violate the laws of God and man, we may be impelled to give their names hereafter. CUURNING MADE EASY. -It is a common saying among butter-makers, that churning is hard work, besides consuming much time. No doubt such was the fact, but these sayings have been proven fallacious by a recont improvement in churns, by which churning is done in a few minutes and with but little labor. We had the pleasure of witnessing a trial of one of these churns (West's atmospheric) on Saturday, June 9th, in this place, and we have no hesitency in saying that it performed its work in a manner superior to anything of the kind ever brought to our notice, and that it is just the churn for butter-makers everwhere. On the trial refered to, the cream was brought from the cellar, poured into the churn, and in five minutes transformed into rich. yellow, delicious butter. This is certainly a great triumph in churning, and will recommend itself to the attention of everybody who has use for a churn. We understand that John Thompson, at Ansonville, has purchased the right to make and sell these churns in Jordan, Guelich and Beccaria townships, in this county; and J. H. Kirk, in the townships of Brady, Bloom and Union. J. M. Moorhead, of the firm of Moorhead & Gibson of Indiana, is the gentleman who exhibited the churn in this place last week, of whom township rights can be had on application.

# THE KIDNEYS.

The kidneys are two in number, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz: the anterior, the interior, and the exterior.

The anterior absorbs; the interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior; the exterior is a conductor also, terminating in a single tube, and called the ureter; the ureters are connected with the bladder.

The bladder is composed of various coverings or tissues, divided into parts, viz : the upper, the lower, the nervous, and the mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability, others u-rinate without the ability to retain. This frequently occurs in children

To cure these affections we must bring into action the muscles, which are engaged in their various functions. If they are neglected Gravel and Dropsy may ensue.

The reader must also be made aware that, however slight may be the attack, it is sure to affect his bodily health and mental powers, as our flesh and blood are supported from these sources.

## Gout, or Rheumatism.

Pain occurring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky secre tions.

# The Gravel.

The Gravel ensues from neglect or the improper treatment of the kidneys. These organs being weak, the water is not expel-led from the bladder, but allowed to remain ; it becomes feverish and sediment forms. It is from this deposit that the stone is formed and Gravel

DROPSY

Is a collection of water in some parts of the body, and bears different names, according to the part affected, viz: when generally diffused over the body, it is called Anssarca; when of the abdomen, Ascites; when of the chest, Hydrothorax

### TREATMENT.

Helmbold's highly concentrated Ex tract of Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gouaffections. Under this head we have arranged Dysuria, or difficulty and pain in passing wat er; Scanty secretion. or small and frequent discharges of water; Stranguary, or stopping of water; Hæmaturia or bloody urine; Gout and Rhematism of the kidneys, without any change in quantity, but increase of color or dark water. It was always highly recommended by the late Dr Physick in these affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise, by which the watery or calcareous depositions and all unnatural enlargements, as well as pain and inflamation, are reduced, and is taken by

PHILADELPHIA, Pa., Feb. 25, 1857. H. T. HELMBOLD, Druggist:

Dear Sir :- I have been a suffer-

er, for upwards of twenty years, with gravel, bladder, and kidney affections. during which time I have used various medicinal preparationS, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations exensively advertised. I consulted with my family physician in regard to using your Extract Buchu.

I did this because I used all kinds of advertised remedies, and had found them worthless. and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies unless I knew of the ingredients. It was this that prompted me to use your remedy As you advertised that it was composed of BUCHU, CUBEBS, and JUNIPER BERRIES, it occurred to me and my physician as an excellent combination, and, with his advice. after an examination of the article, and consulting again with the druggist. I conculuded to try it. I commen-ced its use about eight months ago, at which time I was confined to my room. From the first bot-tle I was astonished and gratified at the beneficial effect, and arter using it three weeks, was a ble to walk out. I felt much like writing you a full statement of my case at the time, but thought my improvement might only be temporary and therefore concluded to defer and see if it would effect a perfect cure, knowing then it would be of greater value to you and more satisfactory to me

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system. I do not mean to be without it when ever occasion may require its use in such affections M. M'CORMICR
