Seven delegates were appointed to attend the Harrisburg Clymer Convention, but we were not fortunate enough to learn their names. As this meeting will probably be paraded all over the State as a grand outpouring of the Clymer soldiers of Clearfield county, we have taken some pains to gather all the particulars we could, so that the extent, character and importance of the demonstration might be fully understood a broad as well as at home. If we have omitted the name of any soldier in attendance, we shall take great pleasure in stating the

The anterior absorbs; the interior consists of tissues or veins, which serve as a deposit for the urine, and convey it to the exterior; the exterior is a conductor also, terminating in a single tube. and called the ureter; the ureters are connected with the bladder.

The bladder is composed of various coverings or tissues, divided into parts, vis : the upper, the lower, the nervous, and the mucous. The upper expels, the lower retains. Many have a desire to urinate without the ability, others u-rinate without the ability to retain. This frequently occurs in children.

To cure these affections we must bring into action the muscles, which are engaged in their various functions. If they are neglected iravel and Dropsy may ensue.

The reader must also be made aware that. however slight may be the attack, it is sure to affect his bodily health and mental powers. 28 our flesh and blood are supported from these sources.

SEBIOUS ACCIDENT. -On Friday evening. July 20th, Mrs. O. B. Merrell, of this Borough, and her mother, Mrs. Nichols, and Mrs. Gaulin, met with a very serious accident, by being thrown from a carriage. The circumstances, as near as we can learn, are as follows: The ladies above named, had gone on a visit to some relatives, a number of miles in the country, in a two-horse carriage, in the morning. On their way home, in the evening, as they were coming down a hill, about two and a half miles from this place, the horses took fright at a stump on the side of the road and ran away. Mrs. Gaulin threw her child out of the back part of the carriage and then jumped out herself, without sustaining any damage, but the child was bruised a little. After the horses ran a short distance they kicked the front part off the carriage, when Mrs. Nichols and a small boy fell down at the heels of the horses-Mrs. Nichols receiving several severe bruises on the arm and shoulder, from which she suffered much, while the boy was but slightly hurt. The horses continuing on a short distance further ran the carriage against a stump, breaking it to pieces, and becoming detached left at the top of their speed. Here Mrs Merrell was thrown out, (with her little child, which escaped unhurt,) and when discovered was lying some fifteen feet ahead of the carriage in an unconscious condition. She was taken to Mr. Antes', near by, and medical aid summoned. Upon investigation it was found that she had received a severe cut near the right ear, and that her scull was slightly fractured. She was afterwards conveyed to her home, on a stretcher, by a number of our citizens, where she has been lying in a very critical condition ever since. She is, however, improving, and hopes are entertained of her speedy recov-

ery. The entire community sympathizes with the unfortunate ladies.

II. T. HELMBOLD, Druggist: Dear Sir :- I have been a sufferer, for upwards of twenty years, with gravel, bladder, and kidney affections. during which time I have used various medicinal preparationS, and been under the treatment of I he most eminont physicians, experiencing but little relief:

Having seen your preparations exensively advertised. I consulted with my family physician in regard to using your Extract Buchu.

I did this because I used all kinds of advertised remedies, and had found them worthless and some quite injurious; in fact, I despaired of ever getting well, and determin-ed to use no remedies unless I knew of the ingredients. It was this that prompted me to use your remedy As you advertised that it was composed of BUCHE, CUBERS, and JUNIPER BERRIES, it oc. curred, to me and my physician as an excellent combination, and, with his advice. after an examination of the article, and consulting again with the druggist. I conculuded to try it. I commenced its use about eight months ago, at which time I was confined to my room. From the first bot-tle I was astonished and gratified at the beneficial effect, and arter using it three weeks, was a-ble to walk out. I felt much like writing you a full statement of my case at the time, but thought my improvement might only be temporary and therefore concluded to defer and see if it would effect a perfect cure. knowing then it would be o greater value to you und more satisfactory to me

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system. I do not mean to be without it whet ever ecasion may require its use in such affections M. M'CORMICH
