CLEARFIELD, PA., AUGUST 29, 1866.

The Work of Congress.

As the Democratic organs throughout the country are laboring to create the impression that some vast work of mischief was wrought by Congress at its late sessions, we wish to put on record in brief what it really did.

The Republican Congress reduced the Domestic taxes to the extent of seventy five millions of dollars per annum.

It provided for the gradual reduction of the great volume of paper currency, at a certain fixed rate, so that financiers and business men might know how to calculate the future and be relieved of all danger of a commercial crash, on account of the contraction of the currency.

It provided for the protection of the revenue from foreign imports, by more stringent enactments to guard against systematic undervaluation, through which the Treasury has been robbed of countless millions of dollars.

It secured equality before the law to all citizens of the United States, of every race and government, and made every native born adult a national citizen.

It furnished ample protection for the freedmen against their late masters and their associates in the enjoyment of all their rights.

It secured a homestead to all settlers on the public lands in the gulf States under the national laws, and so provided for the poor whites and blacks of the South a future home of their own, better than any they could have otherwise hoped for.

It reduced the number of Supreme Court Judges by gradual process.

It secured the election of United States Senators against the future action of factious minorities.

It admitted the reconstructed State of Tennessee under circumstances which point out the way in which other reconstructed States may return to their old places in Congress.

It restricted the standing armies to not more than fifty thousand men, against the urgent appeals of all who wanted a force of one hundred and seventy-five thousand.

It also passed a resolution amending the Constitution, in an important particular made necessary by the war, which if adopted by the States will go far to restore harmony, good will, and justice to all concerned.

THE KIDNEYS.

The kidneys are two in number, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz: the anterior, the interior, and the exterior.

The anterior absorbs; the interior consists of tissues or veins, which serve as a deposit for the urine, and convey it to the exterior; the exterior is a conductor also, terminating in a single, tube, and called the ureter; the ureters are connected with the bladder.

The bladder is composed of various coverings or tissues, divided into parts, viz: the upper, the lower, the nervous, and the mucous. The upper expels the lower retains. Many have a desire to urinate without the ability, others urinate without the ability to retain. This frequently occurs in children.

To cure these affections we must bring into action the muscles, which are engaged in their various functions. If they are neglected Gravel and Dropsy may ensue.

The reader must also be made aware that, however slight may be the attack, it is sure to affect his bodily health and mental powers, as our flesh and blood are supported from these sources.

Gout, or Rheumatism. Pain occurring in the loins is indicative of the above diseases. They occur in persons disposed to acid stomach and chalky secretions.

The Gravel. The Gravel ensues from neglect or the improper treatment of the kidneys. These organs being weak, the water is not expelled from the bladder, but allowed to remain; it becomes feverish and sediment forms. It is from this deposit that the stone is formed and Gravel ensues.

DROPSY Is a collection of water in some parts of the body, and bears different names, according to the part affected, viz: when generally diffused over the body, it is called Anasarca; when of the abdomen, Ascites; when of the chest, Hydrothorax.

TREATMENT. Helmbold's highly concentrated Extract of Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gonythia. Under this head we have arranged Dysuria, or difficulty and pain in passing water; Scanty secretion, or small and frequent discharge of water; Strangury, or stopping of water; Hæmaturia, or bloody urine; Gout and Rheumatism of the kidneys, without any change in quantity, but increase of color or dark water. It was always highly recommended by the late Dr. Physick in these affections.

This medicine increases the power of digestion, and excites the absorbents into healthy exercise, by which the watery or calcareous deposits, and all structural enlargements, as well as pain and inflammation, are reduced, and is taken by

Men, Women & Children. Directions for use and diet accompany.

PHILADELPHIA, Pa., Feb. 25, 1857. H. T. HELMBOLD, Druggist.

Dear Sir:—I have been a sufferer, for upwards of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal preparations, and been under the treatment of the most eminent physicians, experiencing but little relief.

Having seen your preparations extensively advertised, I consulted with my family physician in regard to using your Extract Buchu. I did this because I used all kinds of advertised remedies, and had found them worthless, and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies unless I knew of the ingredients. It was this that prompted me to use your remedy. As you advertised that it was composed of BUCHU, CUMINS, and JUNIPER BERRIES, it occurred to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist, I concluded to try it. I commenced its use about eight months ago, at which time I was confined to my room. From the first bottle I was astonished and gratified at the beneficial effect, and after using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at the time, but thought my improvement might only be temporary and therefore hesitated to do so, and see if it would effect a perfect cure, knowing then it would be of greater value to you and more satisfactory to me.

I am now able to report that a cure is effected after using the remedy for five months.

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system. I do not mean to be without it when ever occasion may require its use in such affections. M. M'ORMICK

Should any doubt Mr. M'ormick's statement, he refers to the following gentlemen:

Hon. Wm. Bigler, Ex-Gov. Penn'a. Hon. Thomas B. Florence, Phil'a. Hon. J. C. Knox, Judge, Phil'a. Hon. J. S. Black, Judge, Phil'a. Hon. D. R. Porter, Ex-Gov. Penn'a. Hon. Ellis Lewis, Judge, Phil'a.
