for Sale-a good new two-horse carrage. For particulars apply to J. Shaw & Son, Clearfield, Pa.

Every parent who has a son or a daughter to send to school, should write for a circular of the State Normal School, at Edinboro.

Nowis the Time. -C. Kratzer & Son are just receiving a splendid stock of Fall and Winter Goods at the "Old store," above the Academy. Call and see.

READY FOR DELIVERY. -We would state for the information of the subscribers for he map of Clearfield county, that it will be ready for delivery from the 1st to the 10th of November next.

BEAR SHOT .- We are indebted to our friend, Nathan B. Trude, for a piece of a young bear, which he shot near his residence in Pike township, on Friday evening, Oct. 19th. Bruin was very fat, and weighed about 125 pounds.

TEACHERS' EXAMINATIONS, for irregular applicants, will be held in the school house near Judge Foley's, in Lawrence township, one fourth mile south of Clearfield, on the Mand 10th, of Nov. next.

G. W. SNYDER, Co. Supt.

BADLY CUT. -We learn that M. G. Antes, of Lawrence township, cut his knee with a broad-axe, on Monday morning, Oct. 15th, whilst engaged in hewing timber. The wound is a severe one, and will keep Mr. A., from his work for some time.

Horse Stolen .- On Saturday night a valuable horse was stolen from A.& J. I. M'-Bride, in Lawrence township. He was recovered on Sunday, near the Blue Ballthe thief having abandoned him, no doubt, upon discovering that he was branded.

SEVERELY INJURED. - We are informed that on Monday evening, October 15th, Wm. Hoover of Lawrence township, accidentally fell down a stair way, and broke several of his ribs, besides sustaining some severe bruises. He is getting along as well as could be expected from the nature of his

EPISCOPAL CHURCH.—Services will be held in the Episcopal Church. in Clearfield, on Sunday the 4th day of November next, nt 11 o'clock, A. M., and at 7 o'clock, P. M.; and at the same hours every Sunday thereafter until further notice. Rev. J. Taylor Chambers, of Baltimore, who has accepted a call to the church, will preach.

BEARS ABOUT. - Bears seem to be quite plenty this fall, in this county. We understand that four were seen in the neighborhood of Woodland, on Saturday, October 20th-one of which, after knocking over a dog, picked up a chunk of a hog belonging to one of the Wisers, and made good his retreat. Several bears were also seen in like township within a few days.

NEW POSTMASTER.-We observe that Capt. Peter A. Gaulin, has assumed the position of Postmaster in this borough-his appointment having been announced several weeks since. Mr. Gaulin is a sound Republican, and voted the whole Republican ticket at the late election; and hence, his appointment as postmaster is hailed with satisfaction by his party friends generally.

CHILD DROWNED .- A little boy about two-and-a-half years old, son of Mr. E. Farley, was drowned on Thursday, October 18th, at the Antis' saw-mill, in Lawrence township. It seems that Mr. F. lives in a shanty at the mill, and as the child was playing about the building it accidently fell into the forebay, and was carried by the current into the water-wheel before it could be rescued. The body was afterwards recovered in a mangled condition.

Protecting the toes of children shoes from wear by Metal Tips, has proved a most important and useful invention. But until lately a great mistake has been made in applying them chiefly to the coarser grades of shoes. For the higher the cost of the shoe the more there is saved by protecting the toe from wear, which can only be done by a metal tip. Genteel metal-tipped shoes are now being made and are worn by the best tions accompany each, so that any one can take tamilies in the city. Manufacturers could not have conferred a greater public favor free, but for a thorough examination with his now being made and are worn by the best than by supplying this great want. - Boston

THE CATHOLICS AND THE BLACKS.—Cardinal Barnabo, Prefect of the Propaganda at Rome, sends letters to the Catholic Couneil at Baltimore. The eighth clause of his

principal letter is as follows: Finally, it is the wish of the Sacred Congregation that the Bishops of the United tates, in fulfillment of the charge which has been intrusted to them of feeding the Lord's flock, should consult together respecting some uniform method of providing for the salvation and Christain education of the emancipated blacks. This question has been brought up, and it is one, indeed, of the first necessity; and unless they speedily take action on it, and gather this great harvest into the Lord's granary, this people will suffer irreparable injury from the wiles

and cupidity of the enemy. The Council will undoubtedly act upon the suggestions of the Cardinal.

DR. SCHENCK'S PULMONIC SYR-

This great medicine cured Dr. J. H. Schenck. the preprietor, of Pulmonary Consumption, when it had assumed its most formidable aspect, and when speedy death appeared to be inevitable. His physicians pronounced his case incurable. when he commenced the use of this simple but powerful remedy. His health was restored in a very short time, and no return of the disease has been apprehended, for all the symptoms quick'y disappeared, and his present weight is more than two hundred pounds.

Since his recovery,he has devoted his attention exclusively to the cure of consumption, and the diseases which are usually complicated with it, and the cures effected by his medicines have been very numerous and truly wonderful. Dr. Schenck makes professional visits to several of the larger cities weekly, where he has a large concourse of patients, and it is truly astonishing to see poor consumptives that have to be lifted out of their carriages, and in a few months healthy, robust persons. Dr Schenck's Pulmonic Syrup, Sea-Weed Tonic, and Mandrake Pills are generally all required in curing consumption Full directions of the carrier of the consumption of the carrier of the c

free, but for a thorough examination with his Respirometer his fee is three dollars.

Please observe, when purchasing, that the two likenesses of the Doctor—one when in the last stage of consumption, and the other as he now is, in perfect health—are on the Gouernment stamp.

Sold by all druggists and dealers. Price \$1 50 per bottle, or \$7 50 the half dozen. Letters for advice should always be directed to Dr. Schenck's principal office, No. 15 North 6th Street, Philadelphia, Pa.

THE KIDNEYS.

The kidneys are two in number, situated at the upper part of the loin, surrounded by fat, and consisting of three parts, viz: the anterior, the interior, and the exterior.

The anterior absorbs; the interior consists of tissues or veins, which serve as a deposit for the urine and convey it to the exterior; the exterior is a conductor also, terminating in a single tube, and called the ureter; the ureters are connected with the bladder.

The bladder is composed of various coverings or tissues, divided into parts, viz: the upper, the lower, the nervous, and the nucous. The upper expels, the lower retains. Many have a desire to urinate without the ability, others urinate without the ability to retain. This frequently covers in ability. uently occurs in children

To cure these affections we must bring into action the muscles, which are engaged in their various functions. If they are neglected Fravel and Dropsy may ensue.

Helmbold's highly concentrated Extract of Buchu is decidedly one of the best remedies for diseases of the bladder, kidneys, gravel, dropsical swellings, rheumatism, and gou-ty affections. Under this head we have arranged Dysuria, or difficulty and pain in passing water; Scanty secretion or small and frequent dis-charges of water; Stranguary, or stopping of water; Hæmaturia or bloody urine; Gout and Rhematism of the kidneys, without any change in quantity, but increase of color or dark water It was always highly recommended by the late Dr Physick in these affections.

This medicine increases the power of digestion, and excites the absorbents into heal-thy exercise, by which the watery or calcareous depositions and all unnatural enlargements, as well as pain and inflamation, are reduced, and is taken by

H. T. HELMBOLD, Druggist: Dear Sir :- I have been a sufferor, for upwards of twenty years, with gravel, bladder, and kidney affections, during which time I have used various medicinal the most eminent physicians, experiencing but

Having seen your preparations extensively advertised. I consulted with my family physician in regard to using your Extract Buchu. I did this because I used all kinds

of advertised remedies, and had found them worthless and some quite injurious; in fact, I despaired of ever getting well, and determined to use no remedies unless I knew of the ingredients. It was this that prompted me to use your remedy As you advertised that it was composed of BUCHU, CUBERS, and JUNIPER BERRIES, it occurred to me and my physician as an excellent combination, and, with his advice, after an examination of the article, and consulting again with the druggist. I conculuded to try it. I commen-ced its use about eight months ago, at which time I was confined to my room. From the first bottle I was astonished and gratified at the beneficial effect, and arter using it three weeks, was able to walk out. I felt much like writing you a full statement of my case at the time, but thought my improvement might only be temporary and therefore concluded to defer and see if it would effect a perfect cure. knowing then it would be of

greater value to you and more satisfactory to me I am now able to report that a cure is effected after using the remedy for

I have not used any now for three months, and feel as well in all respects as I ever did.

Your Buchu being devoid of any unpleasant taste and odor, a nice tonic and invigorator of the system. I do not mean to be without it whet ever occasion may require its use in such affections
