A. I. T.-The article you sent was pub-

ished in the Journal, on January 22d, 1862.

FOR SALE, a farm in Bloom township, late the property of Hon. James Bloom, dec'd. See advertisement.

To BOND HOLDERS.-Holders of County Bounty Bonds, are directed to read the advertisement of the County Commissioners, published to-day.

RENTS.-The landlords of Chicago have almost unanimously agreed to reduce the rents of their tenants during the coming year, from 15 to 20 per cent. This is in striking contrast with the course taken by many property holders in this community, who, instead of reducing rents, are demanding higher rates.

"THE COON."-The Danville American mis: "The philosophic coon, according to ancient tradition, emerged from his winter quarters, on Saturday last, (Feb. 2d,) in order to fix the weather guage." Humph ! Wasn't it the ground-hog that "haccording to hancient tradition hemerged from 'is winter quarters," and not the coon ?

A GOOD POULTICE .- Where there is the necessity to use the poultice, no person who has once experienced the comfort of a potato poultice will again use bread. It is light, keeps hot a long time, can be reheated, and, more than all, does not moisten the garments or bed-clothes which it comes in contact with. Pare and boil the potatoes, strain, and then mash them with a fork over the fire. Put them into a bag, and apply the poultice as hot as the patient can bear it.

HOW TO MAKE MOLASSES CANDY .- These cold winter days and evenings, the young folks have a great deal of sport with molasses candy, which should be good to be relishable, and the following recipe, which we find in an exchange, will be appreciated by those who know of no better : Take of molasses two tea-cup fulls, and two tablespoonfulls of from a neighbor.

Olippings and Scribblings. New discoveries of gold have been made in Canada within a few days. Mar A tree cut down in Indiana recently, contained two coons and six rattlesnakes. The Tennessee Legislature has passed a resolution requesting Senator Patterson to resign.

Gen. Butler pronounces the report of his having prosecuted "Brick Pomroy" for libel, as false.

authorized to raise a battalion of Pawnee Indians for service on the plains.

An Iowa paper is printed entirely in red ink. An exchange says that the editor is determined to have his articles read.

A salt vein recently struck near Lawrence, Kansas, yields one hundred bushels of salt daily, with one, small cistern pump. 10 On Feb. 7th, some thieves blew open the iron safe at Wistar's iron works, at Duncannon, and stole therefrom fifteen thousand dollars.

10. A flying machine is in the course of construction, and is made "on the model of a wild goose." Query-which is the big-gest "goose," the inventor or the machine? E.Lindsley, the miserable, bigoted wretch, who whipped his little son to death because he would or could not say his prayers, has been found guilty of murder in the second degree.

Gov. Geary's pardon of Jonathan Bieber, convicted in Berks County because he refused to take a deserter's vote, meets with the approval of all the Republican papers in the State.

to being a man is that I should then have to marry a woman.'

The stock of Culver's in the Nationd Bank of Crawford county, amounting to 1,989 shares, was sold in Meadville last week, by the Sheriff, at one cent per share. Valuable bank stock, that, eh?

for Two women were burned to death at Rousville last week by the explosion of a can of crude oil from which one of them was pouring into a stove. Another waruing to persons who are in the habit of kindling fires with oil.

that Norval Hawk and the three Burkholders, sentenced to the penitentiary for lar ceny of goods from cars of the Penn'a R. R. Co., were pardoned by Governor Curtin just previous to his retirement from office. 18-A neighboring cotemporary says :-Marriage and death notices are published free, though it is usually the custom to accompany the former with a dollar, either gold or greenback, or with a pound-cake, or

at least to allow the printer-man to kiss the bride.

MUSICAL ENTERTAINMENT. - Our citizens were regaled with a grand musical entertainment, on Thursday evening, February 7th, by the "Mountain Orchestra," assisted by the "Philipsburg Cornet Band" under the leadership of Prof. E. W. Thomas. Although the Orchestra and Band are both of but recent organization, yet they discourse music with the precision and harmony of veteran musicians-a fact which speaks well for the capabilities of Prof. Thomas as a teacher, and the aptness of the members to become proficients in the science of music, and the use of musical instruments. We commend the services of the Orchestra and Cornet Band to an appreciating public, and bespeak for them a liberal encouragement and patronage.

CONSUMPTION CURABLE BY DR. SCHENCK'S MEDICINES.

To cure consumption, the system must be pre-pared so that the lungs will heal. To accomplish this, the liver and stomach must first be cleansed and an appetite created for good wholesome food, which, by these medicines will be digested prop-erly, and good healthy blood made; thus build-ing up the constitution. Schenck's Mandrake Piils cleanse the stomach of all billious or mucuous accumulations; and by using the Sea Weed Tonic in connection, the appetite is restored. Schenck's Pulmonic Syrup is nutricious as well

as medicinal, and, by using the three remedies, all impurities are expelled from she system, and good, wholesome blood made, which will repel all disease. If patients will take these medicines according to directions, consumption very fre-quently in its last stage yields readily to their ac-tion. Take the Pills frequently, to cleanse the liver and stomach. It does not follow that because the bowels are not costive they are not required, for sometimes in diarrhea they are not required, The stomach must be kept healthy, and an appe-tite created to allow the Pulmonie Syrup to act on the respiratory organs properly and allay an irritation. Then all that is required to perform a permanent cure is, to prevent taking cold. Ex-ercise about the rooms as much as possible, eatall Goods Goods the richest food-fat ment, game, and, in fact, anything the appetite craves; but be particular and masticate well. Oct 17, 1866 [2]
