CLEARFIELD, PA., MAY 29, 1867. Republican State Convention. The "Republican State Convention" will

meet at the "Herdic House," in Williamsport, on Wednesday, the 26th of June next, at 10 o'clock, A. M., to nominate a candidate for Judge of the Supreme Court, and to initiate proper measures for the ensuing State canvass. As heretofore, the Convention will be composed of Representative and Senatorial Delegates, chosen in the usual way, and equal in number to the whole of the Senators and Representatives in the General Assembly. By order of the State Central Committee. F. JORDAN, Chairman.

Is it a Finality?

The Philadelphia North American, speaking of the present cry of "a finality," says there is no difficulty in receiving members from the reconstructed States on the basis of the reconstruction act, but objects to the prospect of their being brought in, or acting in Congress, as a bar to future legislation, and says :

"We do not intend to surrender our right to pass the Wilson suffrage bill, that will enfranchise the colored men of such States as Kentücky, Delaware and Maryland, and Mr. Frelinghuysen's own State, New Jersey. We do not mean to give up, without a struggle, the great principle that the nation should guarantee an education to all its citizens. And if the landed aristocracy shall still come out of the furnace of reconstruction as strong as ever, we wish it to be understood now that some remedy for the land monopoly is indispensable.'

One Congress cannot bind another on any public question. Each Congress has full power to act for itself, so long as it confines its action within the limits of the constitution "as it is," when they assemble. Hence, whatever legislation the next Congress may deem essential to the peace and prosperity of the country, it can enact, if in conformity to the organic law of the land. Then, should the incoming Congress see fit to pass other laws, aside from the recent reconstruction act, in relation to the late rebellious States, we presume they have the power to do so. But, will Congress exercise this right?

An Appeal to Republicans. The national Republican Executive Com-

mittee, having determined to thoroughly canvass the Southern States, during the ensuing summer, has issued an address to the Mr. Davis yesterday was one of the most members of the party throughout the Union, taken-the contributions to be sent to Gov. Marcus L. Ward, Chairman and Treasurer, Marcus L. Ward, Chairman and Treasurer, Newark, N. J. The Committee contem- stances of courtesy and cordial generosity from Northern and Republican gentlemen plates sending a large number of speakers of distinction and influence, which will go thither, as well as to circulate documents, to aid the Southern masses to correctly understand their relation to the government, to fully comprehend their present social duties, and to extend the Republican organization throughout all the Southern States. In referring to this subject, the Pittsburg

Guzette remarks as follows: "The determination of the Republican Executive Committee to extend the organization of their party throughout the Southern States, is not received with favor by Democrats, either thère or here. We did not expect it would be. They want still to be able to allege that the Republican party is sectional; and to monopolize the votes of the blacks. The conception is adapted to their purposes; but it cannot be realized. In prosecuting the work upon which it has entered the National Committee ought, and doubtless will, exercise a sound judgment in selecting men to represent the party before Southern audiences. It is desirable that in respect to principles and purpose nothing should be concealed. Perfect frankness should be displayed. On the part of the blacks, groundless expectations should not be excited. On the part of the whites needless prejudices and antipathiess hould not be engendered. The people of the two sections have common interests, a common country, and are to share a com-mon destiny. The sooner they can be made to understand each other, the better all round. A very few years will work great changes in sentiment and opinion among all classes. The Republican party will take root in the South, and flourish abundantly. It will not be confined mainly to the blacks. Its principles will commend it to the whites; and as present exasperations die out-as die out they will everywhere-ambitious young men, leaving the traditions of their fathers,

will identify themselves with the new movement, which embodies and represents the best aspirations of the nineteenth century. Will it be Done?

The idea that the cession of Canada to the United States is not only easily attainable but that it is in some way or other going, sooner or later, to be brought about, prevails quite extensively in well informed English circles. Says a London letter:

"Certain English statesmen, also, profess to regret that Russian America has anticipated them in the real estate business. They say that it would have been possible by a transfer of Canada to the United States, or by simply acquiescing in a peacewere severed from the body. able annexation, to have settled the Alabama claims without paying a single penny. Is it too late for such a proposition? Those who discuss the matter hope not; but, on the contrary, they expect, after waiting a reasonable time, to obtain for Canada as good a price as Russia got for her icebergs. Canada is of no use to great Britain, and An act passed by the last Legislature, is, in fact, an expensive burden, and if it can be got rid of in this way by settling the Alabama claims and giving John Bull a litthe hard cash into the bargain, everbody here will be pleased. According to this London letter-writer, Mr. Seward would have little difficulty in purchasing another "slice" of real estate, on the North of us. Will he do it? We will wait and see.

How it is Received.

It is worth while to note how the bailing THE PITTSBURG GAZETTE; Penniman, Reed of Jeff. Davis is received at the South. The Richmond Whig says :

"The generous course pursued toward effective reconstruction steps yet taken. It asking for contributions to aid them in the was indeed a stride in that direction. But now equal to any other paper published in the prosecution of the work they have under- the legal action taken was not all that we State, thus enabling its publi-hers to give a much feel called upon to notice. That action was accompanied and embellished by circumfar to commend them to the grateful consideration of the South. They joined our own Virginiaus in both bail-bonds and congratulations. In so doing, they illustrated their magnanimity, and in one moment leveled barriers that might have remained for years.

The Lynchburg Virginian says:

"An obstacle in the way of reconstruction has been broken down; and the Federal Court at Richmond did more yesterday towards healing the wounds of the nation and restoring good will and harmony than has over been done before. We hail the event as an auspicious one, fraught with good, and recognize the present as a fortunate time for both sections of the Union to set out with a new purpose to bury their animosities and meet together on a common ground of justice, peace and traternity."

If the people of the South shall generally accept the release of Mr. Davis in that spirit, who shall say that Mercy and Magnanimity may not win a victory equal to that gained by Courage and Endurance on the battle-field?

RATHER POINTED.-Stevens, of the Tid ioute Journal, is a brick. He thus pitches into one of the fair sex in his locality: "The lady (?) who yesterday called the attention of another to our patched breeches, whereat they both laughed so heartily, is informed that a new pair will be purchased when her husband's 'little bill' is settled; it has been due us nearly a year. Note-1. When you speak disparagingly of a passer-by, and do not wish to be overheard, talk low. 2. Do not criticise the printer's dress too closely while you are wearing silks purchased with money due him. 3. Tell your husband to send us \$23 70 at once, and save the cost of an entire suit."

INDIANA COUNTY .- A most distressing and terrible accident occurred at the steam saw mill of Spears & Co., in the village of Homer, on Friday morning, May 17th. A young man named Alexander Shoupe, aged 18 years, who had just commenced work at the mill that morning, in attempting to take a plank off the saw frame, was caught by the large circular saw, and in an instant was literally cut to pieces. Both legs, both arms and the whole upper part of the head

Jury Commissioners to be Elected.

which became a law by the Governor's signature on April 15th, 1867, having for its object the better and more impartial selection of jurors in each of the counties of of this State. The first section of the law is as follows :

"That at the general election to be held on the second Tuesday of October, Anno Domini one thousand eight hundred and sixty-seven, and tri-ennially thereafter, at such election, the qualified electors of the several counties of this Commonwealth shall elect, in the manner now provided by law, for the election of other county officers, two sober, intelligent and judicious persons, to serve as jury commissioners in each of said counties for the period of three years ensuing their election ; but the same person or persons, shall not be eligible for re-election more than once in any period of six years : Provided, That each of said qualified elecors, shall vote for one person only as jury commissioner; and the two persons having the greatest number of votes for jury commissioner shall be only elected jury commisioner for such county.

The pay of jury commissioner is fixed at two dollars and fifty cents per day, and four cents per mile circular from residence to Court House. The penalty for neglecting or refusing to attend to the duties of the office is a fine of one hundred dollars.

What They Think.

The London correspondent of the New York Herald says the cession of Russian America to the United States is a topic far more talked about in Europe than it is here, sia, and the advantages of the loan of an American fleet to Russia in case of a general European war, which seems probable sometimes make the patient more instantly 11.11

IMPORTANT FROM MEXICO.-The following despatch has been received from President Juarez : "Quaretaro has fallen by the force of arms, this morning, (May 15th.) Maximilian, Mejia, Castilla and Miramon are prisoners."

A woman named Whitmyer, who was watching an alley, axe in hand, to strike a mad dog, at Philadelphia, on Friday morning, April 26th, was shot and instantly killed by a man who shot at the dog and hit the woman.

Who is Responsible ?

The N. Y. Times-though not vauching for the truth of the statement-understands from what ought to be good authority, as oming directly from Chief Justice Chase himself, that he was not in any way a party to the release of Jefferson Davis on bail. He knew nothing whatever of Judge Underwood's intention, was not consulted by him on that subject, but fully expected that the trial would take place, and that he himself would preside at it. Nor is he now aware of the reasons which led to a different result. Judge Underwood acted in the matter wholly on his own responsibility-so far at least as any persons officially connected with the government were concerned." It begins to look as though nobody had anything to do with the proceeding-that is, nobody who is willing to confess it to the full extent.

THE CROPS .- There is a strong concurrence of testimony, as to the unprecedented breadth and promise of the wheat crop. The weather has been and is favorable for and to European nations it appears to mean it; but not so well for corn. Still, there is far more than we seem to think in the Uni- abundant time yet for that unless, indeed, ted States. The former reject the consider- the coming autumn shall be cold and unation of furs and fish, "and discuss the propitious, as the last was. In some places probability of an alliance offensive and de. the fruit has suffered some. Nevertheless, fensive between the United States and Rus. the indications are pretty general for a bountitul yield.

The bankrupt law will go into operation on the first day of June. Under it, imprisat no distant day; for peace conferences onment for debt ceases throughout all the usually lead directly to war, as medicines States and Territories. By it all stay laws, preferences, voluntary agreements, and secret attachments are set aside. Five hundred dollars' worth of household furniture, the wearing apparel of each family, and in the different States, can be held by the debtors.

PUBLISH THEM. - The State Superintendent of Common Schools states that the section of the law requiring shool directors to publish an annual statement of the receipts and expenditures of their respective districts, is as obligatory upon the boards as the section requiring them to keep open schools, and a neglect to perform this duty according to law, will subject directors to removal by the courts, the same as the neglect of any other duty required by law.

ATTENTION !- Mossop, as usual, is receiv ing a very large and well selected lot of seasonable goods, which he is offering for sale at the very lowest prices for eash. Buyers are requested to call and examine his stock, as he hopes to be able to please all who may favor him with their custom. Mossop has the reputation of selling as cheap, if not a little cheaper, than any body else in the county-a fact which should, at least, induce an examination of his goods.

JEFFERSON COUNTY. - Charles Chase, alias Charles Winton, was tried at Brookville, week before last, for the murder of Mrs. Elizabeth McDonald, on the 19th of last February. On Saturday afternoon, May 18th, the case was submitted to the jury, who, after a deliberation of 27 hours, returned a verdict of "guilty of murder in the first degree." On Monday morning the Court sentenced the prisoner to be hanged.

MARBLE YARD .- By reference to our advertising columns it will be seen that John and Henry Guelich have established an extensive Marble Yard in this place, and are now prepared to execute all work in their line of business. A marble yard is something that has long been needed in this county, and it is to be hoped that our citizens will give the enterprise the encouragement that it deserves.
