**RELIGIOUS.**—Divine services will be held next Sabbath, in Clearfield, as follows:  
By Rev. Sembover in the Baptist church in the morning.  
By Rev. Chambers in the Episcopal church, morning and evening.  
By Rev. Harrison in the Lutheran church, in the morning.  
By Rev. Guyer in the Methodist church, in the afternoon.

**PERSONAL.**—We, this week, send bills to such of our patrons as have not, as yet, paid for the 13th, or several previous volumes. We anticipate a punctual response to these bills during the coming court week. Those who are not required to attend court, can send the amount of bill by a neighbor, or by mail.

**THE SUPREME JUDGSHIP.**—The prospects for Judge Linn's nomination, as a candidate for the Supreme Bench, at the Williamsport Convention, are very encouraging, and with a united and earnest effort on the part of his friends we think the desired result will be consummated.

**SHAD.**—Several of our down-river exchanges notice the fact of large numbers of shad having been caught in the Susquehanna, during the last few weeks. We congratulate our contemporaries on having the pleasing opportunity of feasting on shad, while we must be content with the shad-ow.

**THE "LANICH HOUSE."**—We direct the attention of our readers to the card of J. A. Stine, who has taken charge of this well-known Hotel. Travellers will find this house a very pleasant and desirable stopping place, as it is located in the business part of the town, and near the public buildings. Persons coming here on business, or pleasure, should give Mr. Stine a call, as he is prepared to accommodate all in a manner that will give entire satisfaction.

**BODY RECOVERED AND BURIED.**—Several weeks ago we announced the drowning of Mr. Cortes Bloom, of Pike township, at Shamokin dam, on the 11th of May. On the 27th, the body was recovered at Liverpool, some 25 miles below where the accident occurred—having been discovered in an eddy by a little orphan girl, to whom was donated fifty dollars by a brother of the deceased. On June 2d, the remains were brought to Curwensville, and interred in the cemetery at that place.

**GOOD ADVICE.**—A timid gentleman once met a doctor, whom he addressed thus: "Doctor, what shall I take for the cholera?" "The cholera! have you the cholera?" "No!" "Well, take the cholera first." Our advice to all is: Stop at Ed. W. Graham's store and examine his cheap goods, which he is just opening—take a good look at them, and then, with his consent, take a large lot home with you—not forgetting, however, to leave the cash in payment, as a preventive of being collared by a law officer.

**HORSE THIEVES ABOUT.**—We understand that on Sunday night, June 9th, one of Hon. W. A. Wallace's ponies was taken from an out-lot, near this place, by some unknown person. Mr. John McClellan, hearing the other pony making a great noise, and suspecting something wrong, went to the lot and finding one pony gone, mounted the other, without saddle or bridle, and started in pursuit—the pony selecting the course taken by the thief. About a mile from town he found the stolen pony running loose—the thief evidently having abandoned it, on finding that some one was in close pursuit.

**MAN DROWNED.**—Mr. Samuel Williams, of Burnside township, was drowned in Chest Creek, on Monday, May 3d. It seems that Mr. W. and a neighbor were fishing, and as evening approached the neighbor went to his house to order supper—leaving the deceased at the creek. When supper was ready the neighbor stepped to the door and called, but receiving no answer, went to the creek and to his surprise found Mr. W. lying in the water, close to the bank, dead. It is supposed that Mr. W. took a fit and fell into the stream and drowned—he being somewhat subject to spasms. He was about sixty years of age.

**BROKE JAIL.**—Stevens, one of the horse thieves lodged in our county jail two weeks ago, made his escape at dark on Friday evening, June 7th. Stevens, or some one of the other prisoners confined in the same room, got hold of a large shoe knife, which was made into a saw and used in cutting off three of the heavy iron bars of the window grating—the bars being 2 inches wide, and 4 inch thick. Through the opening thus made the prisoners effected their exit into the jail-yard, and by means of a hook and some bed-clothing Stevens scaled the wall, jumped into the alley and ran for life. Kauffman had also by this time reached the top of the wall, but being discovered by some persons passing at the moment, they ordered him to return to the yard, which he did—two or three others being in waiting inside to take their turn in scaling the wall. But for the discovery, the whole batch would have been off in a few minutes. The prisoners who failed to make their escape are now confined in a cell.

In our advertising columns will be found a call for a Temperance Convention, in this place, on June 25th.

**FRANKLIN COUNTY.**—The Chambersburg papers announce a great revival of religion in that town. Rev. John Hunter, pastor of the Bethel, has preached every night for twenty-two weeks, to immense audiences, and his meeting is still progressing with unabated interest.

**CAMBRIA COUNTY.**—A boy went to shoot a bird in the neighborhood of Carrolltown, on Saturday, June 1st, but missed his aim, and shot instead a Catholic priest named McGovern. Six shots were imbedded in the reverend gentleman's leg, and a painful though not serious wound was inflicted.

**AUCTION.**—Joseph Kunz will sell at auction, on Tuesday, May 18th, (Court week,) a large stock of ready-made clothing and general furnishing goods, recently opened in this place, in the room on Market street, lately occupied by Wm. Hoffman. Hours of auction—from 12 till 2 o'clock in the afternoon, and at 6 o'clock in the evening. The auction will be continued from day to day, at same hours, if desirable.

**NEWSPAPER ENLARGEMENT.**—The Kittaning Free Press has been enlarged to an eight column paper, and otherwise much improved in appearance. The Free Press is one of the best papers in the Western part of the State, and its present enlargement, indicates its popularity and influence in Armstrong county—having a circulation nearly equal to that of the two other papers published in Kittaning, combined. We wish its proprietors abundant success.

**FAYETTE COUNTY.**—Two sons of Mr. James Henshaw, who resides near Uniontown, were out hunting on Saturday, June 1st, and while running after a squirrel which had been wounded, the gun of one of the boys went off, the ball passing through the body of the other boy, just below the lungs. The young man, although wounded so fatally, walked home, and at first some hopes were entertained of his recovery, but he expired on Sunday evening.

**SERIOUS ACCIDENT.**—It is with regret we announce that Mr. Nicholas K. McMullin, formerly of this vicinity, met with a serious accident at Forrest City, Nebraska, near which place he now resides, on the 11th of May. He had gone to Forrest City for the purpose of purchasing a span of mules, and whilst there visited a saw mill, and accidentally came in contact with the saw and received a severe cut on the back part of the right leg, and lower portion of the knee-joint—all the muscles and tendons being cut off, and the joint laid open. At last accounts he was doing as well as could be expected under the circumstances. It is to be hoped he will speedily recover.

**DIED.** at the residence of his mother, near Alexandria, Huntingdon county, Pa., on Sunday morning, June 9th, Capt. GRANVILLE P. SWOOP, in the 32d year of his age. Capt. Swoop was well known to a number of our citizens who belonged to the 5th Regiment, Penn'a. Reserves. At the beginning of the war he enlisted in that Regiment as a private soldier, and served in it faithfully for more than three years, having been promoted from the ranks, through successive grades, until at the close of his service he received a Captain's commission. He died of a chronic disease of the liver, the result of exposure while in the service. He was a brother of H. B. Swoop, Esq., of this place.

**STREET IMPROVEMENTS.**—We noticed, several days since, that the Borough Fathers had caused planks to be laid in the streets at the various crossings, during the past week—a much needed convenience, for which they will receive the thanks of pedestrians generally. But they should not stop here. All the streets, within the borough limits, need macadamizing to make them passable at all seasons of the year. Then, why not adopt measures for their permanent improvement? To accomplish this, the first object that should engage the attention of our municipal officers, is the proper grading of the streets. This will have to be done sooner or later, and the longer it is put off the more difficult will be the job, and the more likely it will create dissatisfaction, in that it may interfere with buildings that may be erected hereafter. In the next place, the grading should be done east and west from Second street, as far as possible, as the only practicable and efficient mode of draining our streets perfectly—causing the water on the one side to flow into the river, and on the other into the swamp. These two points—the permanent improvement of the streets, and the course whence the water shall flow—having been decided upon, the next thing in order is, to have a survey made of all the streets, to ascertain the amount of filling and cutting that is needed on each. And, lastly, raise the funds, either by loan or taxation, commence the work and push it to a speedy completion, and then, and not till then, will our borough assume the appearance of a first-class town—a town worthy of its citizens, and a credit to the county. We throw out these hints for the contemplation of all interested, not knowing whether they will meet with any considerable degree of approbation, or not.

**Ex-Gov. Wells** protests to the President against his removal, and in a letter to Gen. Sherman declares that it is untrue that he has impeded the execution of the laws.

**NOTICE.**—We have been requested, by our County Superintendent, to state to our readers, that Professor J. P. Wickersham, State Superintendent, will be present and deliver a lecture at the Directors' Association, to be held in Clearfield, on Thursday evening, June 20th. There will also be subscriptions solicited towards establishing a State Normal School in this county.

The people of Hayti are hailing Salnere as the colored Garibaldi. The Senate offered him the Presidency, but he refuses to take that place from any power less than the people, who will probably elect him. He is everywhere received with acclamation, and shows commendable moderation.

According to a statement of the U. S. Treasurer, there is more money in Treasury subject to actual draft, just now, than at any other time in the history of the government. The amount of gold on hand, on the 10th, was one hundred and four millions of dollars.

The following are among the signs over the shops of negro traders at Fort Smith, Arkansas: "Campbell and burnin' flow", "Ches Nuts billed and Roar", "Cain seed cheers Re seated Hear", "Woshin, ironin' & going out doin dais works dun here."

Gov. Brownlow laughs heartily at Ethridge's canvass. He does not look upon him as a candidate for Governor, but merely as a "taking exercises for healthful purposes."

Brigham Young only took a couple of dozen of wives with him on a recent tour of his dominions. He seems to be retrenching his luxuries.

The Louisiana levees are 1,600 miles long, cost \$60,000,000, and protect 10,000,000 acres of land.

**CONVERSION OF 7 3-10s.**—In reply to numerous inquiries in regard to the manner of converting the August 7 3-10s into the new 7 3-10s Coupon Bonds we make the following statement for the benefit of the holders of 7 3-10s, who may not be informed. The Government computes the interest on both bonds in currency from the date of the maturity of the last coupon, allowing seven and three-tenths on the Government, as the present buying and selling rates enable us to allow the holder of the 7 3-10s a better figure than has yet been offered by any one as a commission.

2 Parties exchanging through us, in addition to getting much better terms than they can from the Government, will have their bonds delivered immediately, thus saving delay. We also register any bonds sent to us without charge. On Bonds sent by express we pay charges both ways.  
JAMES T. BRADY & CO.,

May 1, 1867-91

It will be seen by this that the Gold interest is given as currency, which is of itself a profit to the party converting the 7 3-10s of nearly eight dollars per \$1,000, aside from the fact that at the present rate of Gold, say 40, the 5-20s pay over 8 per cent per annum. At present we are converting the 7 3-10s on much better terms than the Government, as the present buying and selling rates enable us to allow the holder of the 7 3-10s a better figure than has yet been offered by any one as a commission.
