

RAFTSMAN'S JOURNAL.

CLEARFIELD, PA., JULY 10, 1867.

IF YOU WANT A KISS TAKE IT.

There's a jolly Saxon proverb That's pretty much like this, That a man is half in heaven, When he has a woman to kiss; But there's a danger in delaying— And the sweetest may forsake it; So I tell you, bashful lover, If you want a kiss why take it. Never let another fellow Steal a march on you in this; Never let a laughing maiden See you spoiling for a kiss, There's a royal way to kissing, And the jolly ones who make it Have a motto that is winning— If you want a kiss why take it. Any foe may wear a cannon, Any body wear a crown, But a man must win a woman If he'd have her for his own; Would you have the golden apple, You must find the tree and shake it, If the thing is worth having, If you want a kiss why take it. Who would burn upon a desert, With a forest smiling by? Who would give his sunny summer For a bleak and wintry sky? Oh! I tell you there is magic, And you cannot, cannot break it, For the sweetest part of loving Is to want a kiss and take it.

The sherry wine merchants of Cadiz told our Consul that "the stuff sent to the United States was not sherry at all, but slops used to wash out the tubs and for other dirty work about the stills."

Mr. J. Wesley Buckbee, of Peekskill, New York, has a calf one year old that weighs one thousand two hundred and forty pounds, for which he has refused five hundred dollars.

Why is a kiss like a rumor? Because it goes from mouth to mouth.

Our barber friend across the way complains that he has to shave a great many double-faced men in political times. This is a barberous pun.

"Greek Fire" has become the polite name for whisky.

One good turn deserves another—in waiting.

The young lady's request—make me an offer.

A young lady says the reason why tall men but succeed in matrimony is because all sensible women favor Hy-men.

CONVERSION OF 7 3-10s.

In reply to numerous inquiries in regard to the manner of converting the August 7 3-10s into the new 5-20 Gold Coupon Bonds we make the following statement for the benefit of the holders of 7 3-10s, who may not be informed. The Government computes the interest on both bonds in currency from the date of the maturity of the last coupon, allowing seven and three-fourths on the 7 3-10s, and charging six per cent on the 5-20s. For example: You send to Washington \$1,000 7 3-10 Bond which reaches there on May 1st, 74 days interest, \$1,000 14 50 5-20s. 119 days interest, 51,000 19 50 (This counted at 355 d's pr a) 1,019 50 Allowed for 7 3-10s, 1,014 50 You pay Government 4 75 It will be seen by this that the Gold interest is given as currency, which is of itself a profit on the party converting the 7 3-10s of nearly eight dollars per \$1,000, aside from the fact that at the present rate of Gold, say 40, the 5-20s pay over 8 per cent per annum. At present we are converting the 7 3-10s on much better terms than the Government, as the present buying and selling rates enables us to allow the holder of the 7 3-10s a better figure than has yet been offered by any one as a commission. Parties exchanging through us, in addition to getting much better terms than they can find elsewhere, will have their bonds delivered immediately, thus saving delay. We also register any bonds sent to us without charge. On Bonds sent by express we pay charges both ways. Dealers in Government securities, corner Fourth and Wood Streets, Pittsburgh, Pa. May 1, 1867-94.
