GARDEN SEEDS.—Messrs Hartwick & Irwin, have on hand a lot of Dreer's (Phil'a) garden seeds, to which they invite the attention of the public.

FARMING AND GARDENING.—We observe that, owing to the mild and pleasant weather during the past few days, farmers and gardeners are busily engaged in preparing their grounds for the spring crops.

THE FIRST.—It is proverbial that Mosser always is in advance of competitors in the way of new and cheap goods. He has just received a large assortment of all kinds of Spring goods, which he is offering for sale at reasonable prices. Call and examine his stock.

THE RIVER.—The water continues very low in the river and lesser streams. As stated last week, copious rains alone will raise the river to a rafting stage, and hence, the prospect for getting any considerable portion of the lumber to market, at an early day, is rather problematical.

A YOUNG lady writing to her mother from Europe says: "Send me a dozen bottles of 'Barrett's Hair Restorer.' What I took with me is all gone, and I cannot think of spoiling my hair by using any other." The judgment of all who have used Barrett's will confirm this lady's experience.—Boston Transcript.

THE SPIRIT OF IMPROVEMENT.—The preparations, necessary to the erection of a number of buildings in this place, are already going forward rapidly. What number of buildings will be put up the coming summer, we have no data from which to make an estimate, but we anticipate, will exceed that of any former period, in the history of our borough.

SPRING.—For some days past, the sun shone bright and warm, and its enlivening effect is already perceptible on vegetation. The growing grain looks green and thrifty, the grass gives visibility of growth, and in a few more days the trees will be budding, preparatory to shooting forth their leaves. In fact, all nature seems already to be responding to Old Sol's genial rays, and soon the earth will again be covered with its accustomed carpet of green, and the shrubs and plants adorned with their mantles of bright and beautiful flowers. So note it be.

NEW ADVERTISEMENTS.—John M. Meloy, of Philadelphia, advertises tinware for sale.

A. M. Smith gives notice that he is prepared to furnish policies and tickets in accident Insurance Companies.

G. H. Lytle, publishes a caution in reference to a bay horse.

Treasurer Wrigley advertises the list of seated lands upon which the taxes remain unpaid.

DON'T BUY AN ORGAN Until you have heard that wonderful musical triumph, the Burdett Organ. The performance of even a child on that perfect instrument is more touching and musically entrancing than the flourishings of practiced players upon most other organs. The effects of the vox humana (human voice), and celestial stops—a late invention, and found in perfection only in the Burdett Organ—are touching and sympathetic in the extreme, and comparable only to the heart-searching and tremulous tones drawn from their violins by an Ole Bull or a Vieux Temps. The Messrs Kleber & Bro., 122 Wood street, Pittsburgh, Pa., have the sole agency, and will be glad, no doubt, to show these organ gems to all who may desire it. [Mar. 11-6t.]

A CHOICE LIBRARY OF MUSIC.—The United States Musical review, published by J. L. Peters, 200 Broadway, New-York, is before us, and merits the attention of all lovers of music. It is a mammoth monthly magazine, sheet-music size, containing over seventeen pages of musical news, reviews, and choice art items, every line of which is readable, and we should say, invaluable to all musicians. This alone is well worth a year's subscription, which is only \$2. The publishers, however, do not stop here, for in addition to the above, each number contains four pieces of choice new music by the best writers in America, thus giving a select library of new music at such a low rate that even the poorest may indulge in what has hitherto been considered a luxury. The U. S. Musical Review is published at \$2 per year; single copies, 25 cents. No musical family should be without it.

An Organ "Galloping" into Favor.

A most remarkable piece of musical mechanism, in the shape of an organ, representing the vox humana, (human voice), is creeping or rather galloping into public favor. It is known as the "Burdett Organ," whose tones, no not tones merely or abstractly considered as such, but whose utterances are made to excite almost any emotions of the human heart, whether of joy or of sorrow, at the will of the performer, and cause the listener to wonder how it lives without eating and drinking, like human beings. Those enterprising gentlemen, H. Kleber & Bro., 122 Wood street, Pittsburgh, have it for sale, and would be pleased to exhibit to those who desire to witness its powers, the wonderful capacity it possesses to inspire our minds, stir our hearts, and mingle its tender and touching sympathies with those of the human breast. It is said that one gentleman, on visiting this amazing specimen of human invention, for the second time, so far forgot himself that he actually addressed it—"Good morning Madam!"—Eastern exchange paper. [a1-6t.]

It is said the average size of 1,800 farms in California is 666 acres. Massachusetts has 38,000 farms, averaging 94 acres; Ohio has 196,000, averaging 116 acres; New York 1,000, averaging 114 acres. Rhode Island has over 5,000 farms, averaging 96 acres.

It will be noticed that, while Senator Wade scrupulously refrains from voting, Senator Patterson, the son-in-law of the accused, votes every time. The virtuous indignation designed for the interested parties who take part in the trial can find a proper object on which to vent itself.

A big Democratic jollification is offered for sale in Washington. It is one which the President and his party had left over after having heard the result of the New Hampshire election.

Gov. Swan has appointed John Bankhead Magruder, late rebel General, an inspector of tobacco in Maryland, which appointment was promptly confirmed by the State Senate.

A man in one of the Hartford cotton mills opened a bale of cotton the other day and found a wallet containing \$5,000 in Confederate bills. But he was no richer than before.

Having failed to do much in New Hampshire the Democrats propose to do little in Connecticut.
