

S. J. ROW. RDITOR AND PROPRIETOR.

CLEARFIELD, PA., MAY 6, 1868.

Thaddeus Stevens.

Old as Thaddeus Stevens is, and feeble as he has become physically, he has lost none of his great mental vigor. His speech on the Impeachment trial, is not only the shortest but the ablest made on either side. It is a calm, thoughtful, and earnest discussion of the great questions involved, coming directly to the main point-the distinct violation of the law-and urging it upon the Senate with extraordinary ability and force. His argument is so plain as to be readily understood by the humblest intellect, and so convincing as to leave the Senate without a choice in the execution of a true patriot, and a sound statesman.

He shows that two-thirds of the Senators voted in favor of the Tenure of Office act three times; that they voted to sustain it the fourth'time, when they passed the resolution maintaining Mr. Stanton in the War Department, and the fifth time when they condemned, as unlawful, the attempt to remove him and to appoint Gen. Thomas. In the face of these five separate decisions of the Senate, it would be, indeed, difficult to discover how it could possibly fail to convict Mr. Johnson upon the first article of impeachment. The Senate has not only aided in making the law, but it has already interpreted it, and there can be nothing left to it, even as a judicial body, but the recognition of the fact of its violation.

STATE CENTRAL COMMITTEE. -Gen. Lemuel Todd. Chairman of the late State Convention has announced the State Central Committee. Hon. Galusha A. Grow, is chairman. This County is represented by H. B. Swoope, Esq.

Mr. Grow has the qualifications necessary to constitute an efficient Chairman. We have no doubt he will be more than a match for our distinguished townsman, Senator Wallace, and will keep him so busy that he will scarcely find time to consummate such little side arrangements as he had last fall at Philipsburg. He will bear considerable watching.

A meeting of the Committee has been called in Philadelphia, on the 12th inst, to organize the campaign. Let it be earnest and active.

PETTICOATS AND DEMOCRACY. - The Revolution newspaper, started as the special advocate of "womans rights," edited by Susan B. Anthony, Cady Stanton and Parker Pillsbury, which lauds Wendell Phillips and Anna Dickinson, and abuses Gen. Grant and the Republican Party, is being distributed throughout the country under the frank of James Brooks the Copperhead Congressman from New York. We suppose the platform of the New York Convention will contain a "womans' rights" plank. Wallace will have to apologize to the "petticoats," then, for what he said about those employed in the Treasury Department. Anything to get a share of the spoils!

DEMOCRATIC NIGGERS.—It is noticed as a singular fact that during the elections now going forward in the South a great many of the negroes have voted the Democratic and Conservative ticket, in defiance of the Radical influence brought to bear upon them. The greatest objection to Negro suffrage we ever had, was that they would all be swallowed up by the Democratic party. If they are half as ignorant as the Copperhead organs would have us believe, they are exactly the material out of which to make Democratic voters.

GIDEON FOREVER!-On the day of the Connecticut election Grandmother Welles sent a man-of-war to cruise along the coast, and vote the crew at the several towns for the Copper-Johnson ticket. This was a great deal better than Wallace's railroad arrangement. It was cheaper, more convenient, and more effective. Billy had better go down to Washington and take a lesson from the old lady, and do it quick, for as soon as Ben Wade gets in he will turn her out bag and baggage.

STATE TREASURER. -Gen. W. W. Irwin, the recently elected State Treasurer, assumed the duties of that office on Monday. Fortunately for the State and for the Republican party, which he has disgraced, the notorious Bill Kemble no longer controls the funds of the Commonwealth. Hereafter people who write to the department on business, will at least receive a genteel answer.

PREPARING TO LEAVE. - Andy Johnson is having his private residence at Greenville, Tennessee, put in repair, and is also building a small addition to it. He evidently regards his fate as fixed

A Committee on Trial. We have as yet, says the North American, seen no effort on the part of the Democratic State Central Committee of Pennsylvania to clear its reputation of the foul disgrace cast upon it by the revelations made in the Centre county contested election case.

There need be no idea that this committee can shirk the responsibility for these the facts will not be allowed to slumber. Thousands-not hundreds-of fraudulent rotes were polled all over the State by means of the forged naturalization papers sent out by the Demogratic State Central Committee from its headquarters in Philadelphia. A Judge of the Supreme Court now holds his seat for fifteen years by means of those votes. A man was enabled to hold a seat in the Senate for nearly an entire session of the Legislature by means of that fraud. The public look for an explanation, but both the committee and its Senatorial chief are as dumb as oysters. They have nothing to say.

A registry law, most stringent in its provisions, has been enacted to guard against the repetition of these frauds, and while it was pending, it was vehemently attacked as assailing the rights of naturalized citizens, because it prevented this short process of naturalizing aliens by forged naturalization papers. A hue and cry has been attempted against the Republican party as opposits high and responsible duty. It is the ed to the rights of adopted citizens because splendid effort of an accomplished lawyer, of the stress it now lays upon this naturalization fraud. But these artful tricks will not succeed in covering up the gigantic outrages upon the elective franchise perpetrated at the last election under the auspices of the Democratic State Committee.

> If the honorable men in this latter body do not wish to be responsible for these things, let them have the spirit to demand an explanation from their chairman. Unless they do something of this kind, they ought to be regarded as a body dangerous to replied Esquire Reynolds, we want more the liberties of the commonwealth. As men like you to vote for Clymer; here's most of the atrocious frauds upon the ballot-box in our own local election last fall were under their direction, the committee could be fairly subjected to an indictment by the Grand Jury of the Court of Quarter Sessions as a public nuisance that ought to be abated. In case this should not be done. the title of the committee ought to be ignored by all honorable citizens, and the body called by its proper appellation: "Agency for the manufacture and distribution of forged naturalization papers, and for carrying elections by spurious votes."

"In Peace Prepare for War."

The Democrats in the Ohio Legislature are evidently preparing for military operations. They have determined in caucus to pass bills taking from the Governor the control of the State arms, and placing the arsenal in charge of certain Democratic members of the Senate and House, who happen to be Chairmen of the Military Committees; also repealing the law for the organization of the militia of the State. They are determined when they commence their next rebellion, that no loyal Governor shall have po wer to call the militia of the State into the service of the National Government. The whole military force of the commonwealth is to be made subsurvient to the interests of the Ku Klux Klan.

Democratic Negrophobia.

We have been expecting neighbor Goodlander to congratulate his Democratic friends in Ohio on the brilliant victory they have achieved over the nigger! It is thus summed up by the State Journal:

"There is no longer a ghost of a chance for the 2,500 colored people in this State to control the 500,000 or more white voters. The gallant Democratic members of the Legislature have got the colored person down, and they mean to keep him there. The Democratic maiden who is in the habit of imploring mass conventions for 'white husbins or nun' may resusecure. Her virgin affections will no longer stand in danger from designing colored creatures. The heroic Democratic members naturally feel elated. They have found a foeman worthy of their steel.

THE RUMP. - The Democrats are continually denoucing Congress as a "Rump Congress," because the Southern States lately in rebellion are not represented in that body, and hence all acts passed are void and unconstitutional. The Rump charge was brought to a test a few days ago in the Senate by Garret Davis, the garrulous Senator from Kentucky, and the Democrats completely backed down from their former position as to the status of Congress. Mr. Davis offered a resolution declaring that each State is entitled to two Senators, and until all the States are represented the Senate is not properly constituted, and is therefore incompetent to sit as a Court of Impeachment. The proposition was negatived by an almost unanimous vote-only Mr. Davis and M'Creery, Senators from Kentucky, voting for it. Let us have done with this

SENATOR CAMERON. -We are glad to see that throughout the entire proceedings of the Impeachment trial Senator Cameron has stood up manfully for the rights of the people, and against the miserable usurper who has disgraced the nation. The loyal people of Pennsylvania expected this from Simon Cameron, and they have not been disappointed. There need be no speculation as to where he will stand on the final

Elections.

The citizens of the old Borough of Lancaster gave a curious illustration on Friday of that "reaction" against Republicaism which Democrats say so much about. Our friends gained 187 votes on the Mayoralty. and eight of the Councilmen, showing, for the first time in many years, a majority in one branch and tieing both in joint ballot,

There is a Republican majority in each branch of the Georgia Legislature, and four frauds. They were traced very directly, and of the seven Congressmen are Republicans. Over 44,000 white men voted the Republican ticket. Over 15,000 black men were forced and swindled into voting the disunion ticket.

Returns from all the parishes in Louisiana show the majority for the Constitution to be 17,803. The Republicans have twentytwo Senators and the Democrats fourteen. In the House the Republicans have sixty members and the Democrats forty-one. of Centre county south of Nittany mountain, is Warmouth's majority for Governor is larger than the majority for the Constitution. Gen. Canby telegraphs to Gen. Grant as

follows: "The returns from South Carolina are all in. The majority for the Constitution is 43,470. The majority for the Con-stitution in North Carolina has increased to 13,440. Forty-four counties send complete at half fare returns, nine are incomplete, and thirty-six have not been heard from. The vote polled,

as far as heard from, is 105,870. WISCONSIN .- The judicial election in isconsin has resulted in the success of the Republican ticket by 6,777 majority, or 21: more than Gov. Fairchild's majority last fall.

Our compliments to neighbor Goodlander, and would like to know if he has heard anything "drap?"

Citizenship Made Easy.

The following extract from Mr. Swoope's argument in the Robison-Shugart case, (a full report of which we furnished to our subscribers last week in an extra), shows the facility with which Democratic voters are manufactured to order :

"You remember the Welchman who was examined, and testified that he went to Esquire Reynolds, in Hyde park, Scranton, and said to him, 'I want to vote for Cly mer: I want my papers; I've only been eleven months in the country.' 'All right,' your papers; give us one dollar and ninety cents,' and he walked forth fully armed and equipped, duly constituted an American citizen, ready to march up to the ballot-box and vote the Democratic ticket! When voters can be made thus easily, is it any wonder that the men who manufacture them succeed in carrying elections? There is at least one man sitting to-day in Congress, and another on the Supreme Bench Pennsylvania, who were elected by means the two thousand two hundred forged naturalization papers manufactured and distributed in Luzerne county.'

THE MORTGAGE LAW.-An important law was placed on the statute books of this State, at the last session, which relieves all mortgages, judgments and monies owing on articles of agreement on the sale of real estate from taxation. We print the act as it now appears on the files of the Secretary of the Commonwealth:

Be it enacted, &c., That all mortgages, judgments and recognizances owing upon articles of agreement for the sale of real estate, made and executed after the passage of this act, shall be exempted from all taxation, and that from and after the first day of December next, no taxes of any description shall be assessed or collected on or from mortgages, judgments, recognizances or moneys owing upon articles of agreement for the sale of real estate, whether made and executed before or after the passage of this act: Provided, That nothing in this act shall be construed to apply to mortgages. judgments or articles of agreement given by corporations.

This is another black Republican act, at which the democracy can hammer away.

Impeachment. Mr. Evarts closed his four days speech

for the President on Friday. It was, of course, a very brilliant effort, though made in a bad cause. Mr. Evarts is one of the first Republican lawvers in the country. He was followed by Mr. Stanberry for the

President, who concluded on Saturday. He made a close argument and an able speech. Judge Bingham for the people, commenced the concluding argument on Monday. It was expected he would close on yesterday. That part of his speech delivered on Monday indicates that the great expectations of the people will be fully realized, and that he will demonstrate the guilt of Andrew Johnson beyond all question or cavil.

William Tracy, one of the grand sachems of the Ku Klux Klan, evidently thinks "Peace has her victories no less renowned than those of war." During "the late un pleasantness" he succeeded in capturing no less than six bounties for as many different enlistments. And now since the "kruel war is over' he has turned his attention to running the Ku Klux Klan and marrying, in which latter business he has met with eminent success. Two of his latest wives arranged a little reception for William before a justice at Galesburg, Michigan, the other day, and a third was somewhere in the neighborhood. The magistrate locked up the profusely married William for trial.

EXPELLED FOR BRIBERY.-Three Democratic members of the Baltimore City Councils were expelled for bribery last week. They were Thomas Charles, Jacob Oster been bribed to vote for an ordinance to endorse the bonds of the Western Maryland Railroad. Each one got one thousand dollars for his vote.
