an enterprising and active firm. They have Who trade.

nand Clearfield Academy and its excellent the who have children to educate. The tion respecting them can be obtained. instruction given at this institution is the try best in all is departments. The disciplace is mild and yet firm, without being either hard or severe. This is the school

A New Bran - A large bell arrived last week for the new Methodist, Church. It wight 1249 pounds, or 320 pounds more that the Court House bell. It has a fine are included and when mounted in the belby one be heard for miles around the town. It was ionelar by the ladies of the Congregrown, and of the proceeds of their Aid So-1 to sel cost \$570, including fixtures and bright. The billes deserve great credit for their and liberality.

Fast Renaued .- On Saturday last the inconthe Pennsylvania Railroad was reduced shout one half cent per mile. The ilizenglerate between Philadelphia and Pittsburg is ten dellars; the rate for intermedi-We distance is three cents per mile, and for dillien between five and twelve years of half rate. This change applies only to Posters who purchase tickets at the ticket of ever all who pay in the cars will be reand to pay the old rates. Travelers will see the importance of purchasing tickets before they start.

PENN TOWNSHIP AHEAD. - The first Grant & Cofax Club.in this county was organized in Penntownship on Friday evening last. Elisha Fentou, was elected President, Jno. Russel Secretary, and Abraham Spencer Treasurer. D. S. Moore, Esq., Samuel Widemire, Audrew Spencer, Elijah Wall, and A. P. Wall were selected as vigilance committee—one of them residing in each sub-school district. Our Penn township friends are always active and in earnest. We trust this good example will be followed immediately in every township in the county. Let us go to work if once.

## EUREKA!

STAR LIGHTNING ROD!

The Best and the Cheapest!

The STAR GALVANIZED LEGHTNING Rob is superior to any in use, and will last for generations It is made from Magnetic Iron the square grooved, spiral twisted and galvanized, and con-nected with pure copper couplings, rendering it equal to a copper rod the whole surmounted with a Gold plated cluster point of pure copper, thus forming a continuous rod from the point to the ground—the combination of metals forming a galvanie battery in the rod. It is wannaxren always to remain bright and clean, and will never correde or rust, thus pre-

senting a nest ornamental appearance on the building, worth more than its cost as a matter of ornament to say nothing about its sure protection against lightning.
To show the popularity of the Galvanized Star Rod, it is only necessary to say that the propri-ctors have pulled off more than one bundred tons of old rusty from, within fwelve months, from lleges, academies, public buildings, barns, etc., and put up the Star Red in their place.
As the "Stan" is better and sold at a less price
then any other red, is more durable and more or-

then any other rod, is more durable and more or-namental persons should consult their own inter-ests and safety to life and property, before they have a rod creeted on their buildings.

All that is necessary to convince the public of the superiority of the Star Lightning Rod, is a thorough examination into its construction and scientific combination.

The undersigned, being the Agents for Clear-field county, will put up rods for all who may defield county will put up rods for all who may de-sire them, on short notice and reasonable terms.
