EUREKA!

STAR LIGHTNING ROD;

The Best and the Cheapest!

The STAR GALVANIZED LIGHTWING ROD is Superior to any in use, and will last for generations. It is made from Magnetic fron-jths square-It is made from Magnetic Iron—jths square-grooved, spiral-twisted and galvan red, and con-nected with pure copper couplings rendering it equal to a copper rod the whole surmounted with a tield plated cluster point of pure copper, thus forming a continuous rod from the point to the ground—the combination of metals forming a galvanie battery in the rod.

It is wannayrun always to remain bright and clean, and will never corrode or rust thus pre-

clean, and will never corrode or rust, thus presenting a neat ornamental appearance on the building, worth more than its cost as a matter of ornament to say nathing about its sure protection

against lightning.
To show the popularity of the Galvanized Star Fo show the popularity of the Galvanized Star Rod, it is only necessary to say that the proprietors have pulled off more than one hundred tons of old rusty irons, within twelve months, from colleges, academies, public buildings, barns, etc., and put up the Star Rod in their place.

As the "Star is better and sold at a less price than any other rod, is more durable and more ornamental persons should consult their own interests and safety to life and property, before they have a rod erected on their buildings.

All that is necessary to convince the public of the superiority of the Star Lightning Rod. is a thorough examinat on into its construction and

ecientific combination.

The undersigued, being the Agents for Clearfield county will put up rods for all who may de-sire them, on short notice and reasonable terms. Call and examine them at their store in Clearfield. June 10, 1868. MERRILL & BIGLER.
